

National Guard of Colorado Detained by Strikes from Offering Their Services.

COLORADO'S CIVIL WAR YIELDS GRIST OF DEAD.

Entire Enlistment of the State Militia Is Called Out for Duty in Mine Region.

Strikers Hurl Dynamite Bombs Into Stope in Which They Have Cornered Manager of the Southwestern Fuel Company, Two Women, a Baby, and Two Men. List of the Day's Fatalities Is Six.

[BY A. P. NIGHT WIRE.]

DENVER, April 22.—Every branch of service in the Colorado National Guard, the entire enlistment, tonight at 10:05 was ordered to entrain for Trinidad at once. Lieut. Gov. Stephen R. Fitzgerald issued a call for a special session of the State Legislature to finance the maintenance of the militia in the strike zone, to meet in Denver on or before May 4.

TRINIDAD (Colo.) April 22.—About thirty men, women and children, besieged in the Empire mine near Aguilar with the mouth of the stope caved in by dynamite explosions, faced death by suffocation tonight, according to H. D. King, one of the owners of the mine. King, himself practically a prisoner in his house not far from the mine, gave his story by long-distance telephone.

Not a house or stick of overhead workings was left standing in the camp, according to King. The mine tipples had been burned, but the interior of the mine had not been reached. If the fan has been put out of commission, as reported, King believed that the danger of suffocation was imminent. All firing had ceased before 11 o'clock.

In command of the besieged party was J. W. Siple, Denver, manager of the mines of the Southwestern Fuel Company. Mrs. William Waddell and her baby were in the mine, one report stating that Mrs. Waddell had been wounded. Waddell, superintendent of the Empire mine, generally was believed to have been killed. King, however, said he still had hopes that Waddell was with the party in the mine. He thought also that there was a chance that John Church was safe.

FINAL OUTBREAK.—The final outbreak of the day was reported from Rouse, in Huertano county, where it was stated an attack had been made upon the Rouse and Primrose mines at Rouse station. A message was received at the local office of the Colorado Fuel and Iron Company stating that a bomb was exploded at the Rouse mine early tonight. The story was told by a party of six miners and four women that arrived on foot from the Black Diamond mine, a short distance across the hill. Heavy firing was reported at that time.

In anticipation of an attack at Rouse all of the women and children in the camp were hastily removed to Lester, where they were placed in cement houses.

Later word was received at Rouse that the attacking party had turned back toward Green Canyon.

Heavy firing broke out early today at Ludlow and lasted for about half an hour.

A man who left Aguilar at 7 o'clock tonight and who requested that his name be suppressed said that four or five strikers had been killed by the defending mine at Empire mine and their bodies taken to a morgue at Aguilar. Supt. Waddell was reported to have been killed. It was considered probable that he might be among the refugees besieged in the mine.

This informant declared that at 6 o'clock the party, which had taken refuge in the mine, still was keeping up a brisk fire from the mouth of the stope at the attacking strikers. This statement, if accurate, was taken as disproving the earlier report that the mouth of the stope had been sealed and the mine fired.

The bodies of fourteen of the victims of Monday's battle and fire at the Ludlow camp were recovered this afternoon and brought to Trinidad tonight. Huddled in a small cave were found the bodies of two women and eleven children. The known death list now totals twenty-one.

THE DEAD.—The fourteen bodies were identified tonight as follows:

Sixteen Thousand, Five Hundred and Seven Separate "Liner" Advertisements Were Printed in "The Times" for the Seven Days from Monday, April 13, to Sunday, April 19, Inclusive.

The prize of \$5.00 in gold has been awarded to Mr. August Classen, No. 1561 East Fifty-first street, city, whose estimate of 14,444 "liners" was the first nearest correct answer received in last week's contest.

During the week mentioned, The Times printed 5181 more separate "liners" than its nearest local contemporary.

On Monday, April 27, and on each Monday thereafter, The Times will award \$5 in gold to the person making the nearest correct estimate of the total number of classified, or "liner," advertisements printed in The Times during the preceding seven days.

This contest does not involve luck, chance, guessing or the solving of problems. Accuracy in counting the total number of "liner" advertisements that appear from day to day in The Times, including those printed in the classified Business Directory in the Sunday issue, is all that is necessary to win the award.

Answers should not be submitted until after the publication of The Times for Sunday of the week for which the contest is held, and they must be delivered at The Times office, Broadway at First street, before 10 a.m. the following Tuesday.

Estimates will be numbered in the order of their receipt at The Times office, and the prize will be awarded each week to the person sending in the first correct, or nearest correct, answer.

The name of the prize winner for the preceding week will be published every Wednesday.

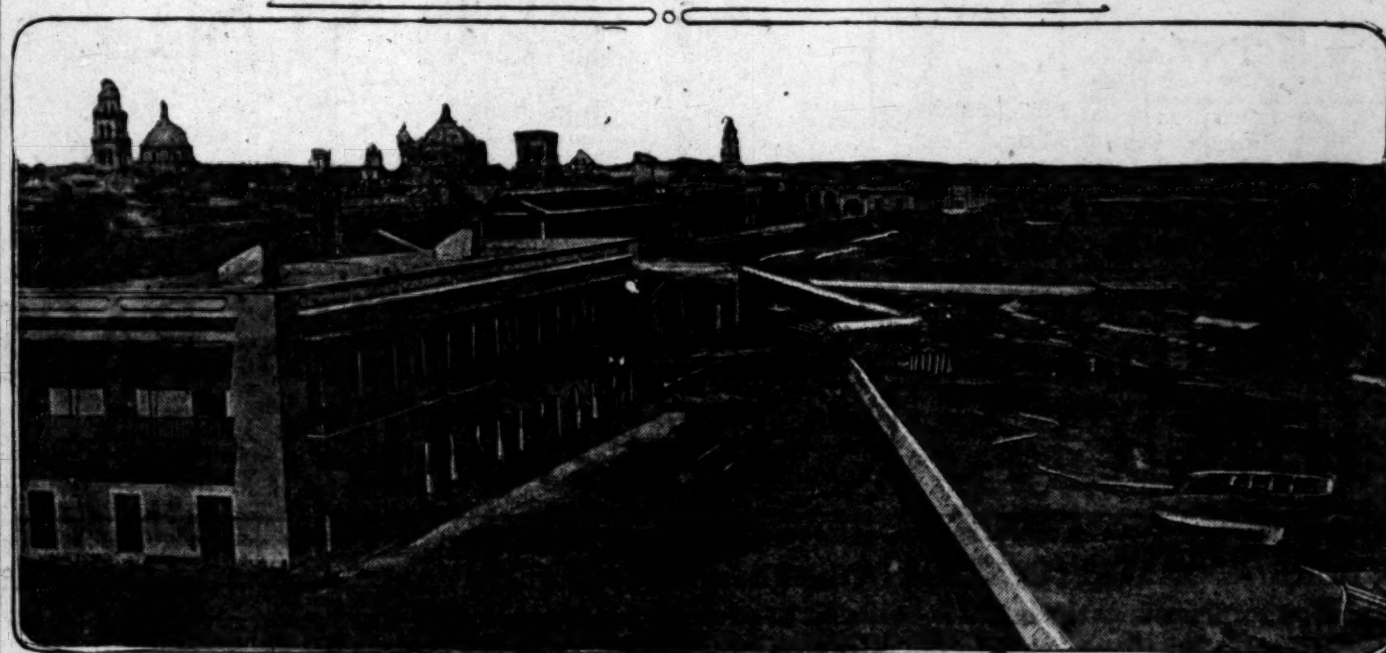

This contest is not open to employees of The Times-Mirror Company, and this company's advertisements should not be counted.

Address letters to "Contest Editor," New Times Building, Los Angeles, Cal.

Month after month, year in and year out, The Times regularly prints more advertising than any other newspaper in America, and more "liners" than the two other Los Angeles morning papers combined.

TIMES "LINERS" PAY BIG.

Mexico's Strongest Fortress Taken by Americans.

Foiled Plot of I.W.W.'s.

(Continued From First Page.)

The meeting would be permitted in the section north of the Plaza set aside by the City Council unless some event in the meantime would make it inadvisable. However, an adequate force of police will be detailed to the Plaza Sunday and at the first word of incendiary character the crowd will be dispersed and the leaders arrested. Sonotown was abuzz with excitement yesterday. About the Plaza and other streets of the section groups listened to the latest reports from the suspect. He had read to them from extracts. In the saloons, restaurants and other congregating places the action about Vera Cruz was the only absorbing topic.

According to restaurant keepers and policemen in the district who understand Spanish there was an undercurrent of resentment against the Americans.

CHANGES HIS TUNE.—At the Plaza, Porfirio Cervantes was overheard by Patrolman Robert Pauts to be upbraiding an American-born Mexican.

"Down with the gringos," he cried and because the other endeavored to calm him, Cervantes struck at him just as Pauts came along. The Mexican had been drinking but was sober enough to voice several lusty yells of "viva la America" when he realized that he was under arrest.

The projected meeting of "protest" scheduled to be held at 1 o'clock last night at the Plaza failed to take place. The ardor of the malcontent Mexicans to spout against the action of the United States in taking Vera Cruz melted away before the gentle rain that effectively wet-blanketed their rumored warlike oratorical intentions.

H. C. Alvarez, an agitator, who is believed to have been one of the principals in planning the meeting, was arrested by Sgt. Moyer and Patrolman Gardner for showing indications of over-indulgence in liquor. Their arrest was part of the plan to prevent any further action.

At Santa Monica two Mexicans, Andrew Ramirez and Alpha Theuphris, were arrested after having brandished revolvers and shouting defiance to all "gringos." They were charged with drunkenness and the Santa Monica police immediately ordered all liquor establishments to forbid liquor to Mexicans.

The police in the Mexican sections have been ordered to search all Mexicans suspected of having firearms upon their persons.

CHIEF'S STATEMENT.—Following is a formal statement of the Chief issued yesterday:

"Because of the concern expressed by many residents of Los Angeles who anticipate or fear that the Mexican colonists in our city may organize and act in a concerted movement against the established authorities, I desire to allay this fear in stating that it is my sincere belief that the great majority of Mexicans now residing in Los Angeles are peace-loving and law-abiding people who sympathize with the mother country in its present troubled conditions, are loyal to this country because of family ties and employment interests and will not by utterance or act countenance anything that will invite or produce friction with Federal, city, county or State officials.

The only source from which trouble is anticipated is through the recent acquisition to the Mexican colony—refugees from the Federal and rebel armies in Mexico, and the I.W.W. element among the Mexicans. I am prepared to state to the public that the police department is entirely capable of handling this element should the occasion arise, and to this end we shall co-operate with the United States authorities in arresting and prosecuting these agitators.

"To prevent trouble in this section I have issued instructions that no speeches of an inflammatory character will be permitted, especially in the vicinity of the Plaza wherein the Mexicans in Los Angeles congregated to visit, exchange opinions and to speak for and against the policies of this country and Mexico. To many this order may seem unnecessary, but I deem it expedient and I intend to enforce it to the letter to the end that Los Angeles may continue to enjoy peace and freedom from local or internecine trouble in which armed men are engaged."

SEND DESTROYERS TO MAZATLAN.

(BY A. P. NIGHT WIRE.)—SAN DIEGO, April 22.—Five United States torpedo boat destroyers, the Whipple, Paul Jones, Stewart, Perry and Truxtun, will leave San Diego at 9 o'clock tomorrow morning for Mazatlan, orders to this effect being received by wireless by Lieut. E. H. Dodd, in command of the fleet today.

Two hundred tons of provisions are to be rushed aboard early in the morning. The repair ship Iris will follow the destroyers.

San Juan De Ulua.

In the footsteps of Gen. Scott.

In the upper panel is shown the place where the United States marines landed in Vera Cruz, and in the lower panel is a picture of San Juan De Ulua, the ancient pile which fell to the American army in the first war with Mexico after six days' bombardment and which has been captured by Admiral Fletcher.

Heroes.

LIST OF THE AMERICANS KILLED AND WOUNDED.

(BY A. P. DAY WIRE.)

WASHINGTON, April 22.—A complete list of the Americans killed and wounded in the first fighting at Vera Cruz yesterday was cabled by Admiral Fletcher. The list differs in important respects from the first press reports. It follows:

DEAD.—Private Daniel Aloysius Haggerty, Eighth Company, Second Advance Base Regiment, U. S. Marines, enlisted at Boston. Next of kin, father, Michael Haggerty, No. 16 Had-ding street, Cambridge, Mass.

Private Samuel Marten, Sixteenth Company, Second Advance Base Regiment, enlisted at Chicago. Next of kin, father, Mayer, Martin, No. 1817 Taylor street, Chicago, Ill.

George Poinsett, seaman, U. S. S. Florida, address No. 5321 N. Twelfth street, Philadelphia, Pa. Next of kin, William Poinsett, father, same address, enlisted at Philadelphia.

John F. Schumacher, coxswain, U. S. S. Florida, address No. 161 Harmon street, Brooklyn, N. Y. Next of kin, Mrs. Schumacher, same address, same address, enlisted at New York.

SERIOUSLY WOUNDED MARINES.—Private George Draine, Seventeenth Company, Second Regiment, enlisted at Chicago. Next of kin, mother, Estelle Draine, St. Joseph, Mo. Private Edward P. Peterson, Sixteenth Company, Second Regiment, enlisted at Cleveland O. Next of kin, father, Walter Peterson, Mal-lene, N. Y. Next of kin, John

Frederick Nana, ordinary seaman, U. S. S. Utah, home, Brooklyn. Next of kin, Marie Nana, mother, Brooklyn, N. Y. Enlisted at New York.

Nathan Schwartz, ordinary seaman, U. S. S. Florida, home, New York. Next of kin, Harry Schwartz, brother, New York. Enlisted at New York.

James Horace Copeland, seaman, U. S. S. Utah, home, Monterey, Tenn. Next of kin, father, Monterey, Tenn. Enlisted at Chattanooga.

The department has communicated with the next of kin in each case. In the cases of men seriously wounded and wounded, the next of kin has been informed that they will be advised of any new developments.

THE UNEXPECTED.

CARRANZA EXPECTED TO JOIN HUERTA.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 22.—News that Gen. Venustiano Carranza, Constitutional chief, had regarded the seizure of Vera Cruz by the American naval forces as an act of hostility to the Mexican nation, fell like a bombshell in official circles tonight.

President Wilson had especially de-claimed any act of hostility to Mexico people, particularly Gen. Huerta as the object of the American operations to procure reprisal for offenses at Tampico and elsewhere against the American flag. Consequently the Washington government had hoped the Constitutionalists would remain silent and not interfere themselves into the imbroglio. The Carranza letter, however, confirmed the fears of many officials that the Constitutionalists might side with Huerta. This was the one possibility which had been discussed in administration circles as the most serious phase in the situation.

Should hostility on the part of the Constitutionalists crystallize, plans of the army will be changed. There were reports during the day that the joint army and navy board already had recommended the restoration of the embargo on arms.

Action by Congress approving the President's course in using the army and navy in view of the situation he had presented in his message, and the receipt of details of fighting at Vera Cruz, were the chief developments of the day. Officials expressed themselves as greatly pleased with the promptness of Rear-Admiral Daniels in taking possession of Vera Cruz and restoring order there.

Future steps are uncertain. The President has determined that his course shall be gradual. No orders have been issued to seize the customhouse at Tampico. It is the purpose of the administration to keep order in Vera Cruz and await the full effect on Huerta of the first act of reprisal by the American government.

There is every reason to believe that the railroad running inland from Vera Cruz for twenty miles, together with a valuable treasure, will be guarded by American marines and bluejackets. This section of the railroad is of supreme importance should future developments require a movement on Mexico City.

Beyond the holding of Vera Cruz and this railroad, the Washington government does not want to act at present, but persons in the confidence of the administration admit that action by Huerta or Carranza at any time may alter all plans.

Fears for Americans in Mexico

City and other parts of the troubled republic are expressed in many quarters. The House today promptly passed a bill appropriating \$500,000 to care for foreigners in the event of nothing had been heard from Charge O'Shaughnessy for nearly forty-eight hours made President Wilson and Secretary Bryan uneasy. Early tonight unofficial communication with Mr. O'Shaughnessy was established, but apprehension has not been allayed as there is little information about the temper of the Huerta government or the people of Mexico City since the capture of Vera Cruz.

PLAN OF HUERTA.—In this connection a high government official made public a letter from a friend whom he regarded as trustworthy, which read as follows:

"I have it on reliable authority from a man arriving from Mexico City that President Huerta personally with the Mexican Foreign Minister planned the Tampico incident with a view of bringing on armed intervention and uniting the Mexican factions with him."

The same official expressed the view that Huerta had delayed his answer to the United States for a salute to the flag pending the arrival of the big shipment of ammunition on the German vessel.

RELATIONS ARE BROKEN.—Secretary Bryan said today that the status of Charge O'Shaughnessy and Charge Algras was unchanged so far as he knew. Charge Algras has had, however, notification from his government that he may leave when he deems it advisable. This is regarded as a refusal of the United States to give passports to O'Shaughnessy.

Although international lawyers and many in Congress are not sure what the diplomatic relations of the United States toward Mexico are whether a "state of war" exists with-out a declaration to that effect, or whether the present situation is merely an act of reprisal "short of war," there is no doubt that relations between the United States and Mexico are broken.

The United States will not withdraw Charge O'Shaughnessy unless he himself reports it advisable to do so, for the Washington government desires to maintain as long as possible a representative in Mexico City to care for American interests there.

Private Richard Shaker, Seventeenth Company, Second Regiment, enlisted at New York. Next of kin, mother, Frederica Shaker, Fough-keepsie, N. Y.

Private Harry J. Reed, Sixteenth Company, Second Regiment, enlisted at Chicago. Next of kin, mother, Irene Reed, Chicago, Ill.

WOUNDED BLUEJACKETS.—William H. Mangels, seaman, U. S. S. Utah; home, Tonkers, N. Y. Next of kin, John Tonkers, guardian, Tonkers, N. Y. Enlisted at New York.

Frederick Nana, ordinary seaman, U. S. S. Utah, home, Brooklyn. Next of kin, Marie Nana, mother, Brooklyn, N. Y. Enlisted at New York.

Nathan Schwartz, ordinary seaman, U. S. S. Florida, home, New York. Next of kin, Harry Schwartz, brother, New York. Enlisted at New York.

James Horace Copeland, seaman, U. S. S. Utah, home, Monterey, Tenn. Next of kin, father, Monterey, Tenn. Enlisted at Chattanooga.

The department has communicated with the next of kin in each case. In the cases of men seriously wounded and wounded, the next of kin has been informed that they will be advised of any new developments.

MOVEMENTS.—Movements of the navy were continued today. The Navy Department feels that a sufficient force of marines is on the way, not only to take care of the situation at Vera Cruz, but of Tampico, too, if the order is given for the seizure of the customhouse there.

"Until we receive a complete report from Rear-Admiral Badger about the situation at Vera Cruz," Secretary Daniels said, "we will have nothing to say about Tampico or other steps."

Senator Shively, acting chairman of the Foreign Relations Committee, who conferred with Secretary Tumulty, spoke after the Washington government's intention to proceed slowly, hoping that its successive acts of reprisal might force Huerta to yield from his stubborn position and avert war.

BELIEVE JAPAN WILL INTERFERE.

Berlin Diplomats Think She Sees Her Opportunity.

Intervention in Mexico Would Furnish Excuse.

Seizure of Philippines Considered Likely.

(BY ATLANTIC CABLE AND DIRECT WIRE.)

BERLIN, April 22.—The situation generally expressed in the German press over the American intervention in Mexico can be easily traced to governmental circles. The German government is not inclined to let it be known through inspired dispatches that the action was thoroughly approved.

There is considerable speculation in diplomatic circles over the attitude of Japan. It is thought here that Japan will interfere to assist Huerta in his revolution, and that the Japanese will then attempt to take the Mexican situation.

It is considered certain here that England, France and Germany will unite to prevent Japan from being admitted to the Japanese situation.

(BY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.)

BERLIN, April 22.—The satisfaction generally expressed in the German press over the American intervention in Mexico can be easily traced to governmental circles, which immediately let it be known through inspired dispatches that the action was thoroughly approved.

There is considerable speculation in diplomatic circles over the attitude of Japan. It is thought here that Japan will interfere to assist Huerta if he can bring the revolutionary forces to one army to oppose the United States. There are some persons here who say they are informed as to Japan's plans, assert that Japan is ready to land troops in Mexico; others expect to see Japan seize the Philippines, which the United States, they think, is unable to defend at present.

It is further stated that Japan will find little sympathy in Europe, unless it is in Russia. The German court is known to have no love for the Japanese and it is said that Emperor William sent a telegram to the United States several years ago promising Germany's help in case of a war with Japan.

It is considered certain here that England, France and Germany will unite to prevent Japan from seizing the Philippines. This much is admitted by the Japanese themselves.

CALIFORNIAN IS TORTURED

FEDERALS BURY OFFICER OF VILLA, THEN SHOOT HIM.

William M. McDonald, said to have been from Berkeley, Victim of Barbarous Practices of Ancient Aztecs When He Was Captured After the Battle of San Pedro.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.)

EL PASO (Tex.), April 22.—American refugees fleeing from San Pedro de las Colinas and Torreon brought the details of a terrible torture inflicted upon William M. McDonald, a Berkeley (Cal.) man, who was a major on Gen. Eugenio Aguirre's staff of the revolutionary army at the first battle of San Pedro.

The Americans declared that McDonald was captured after being off while operating a machine gun in an irrigation ditch, and was taken to the Federal garrison, where the most barbarous tortures and the most atrocious were inflicted upon him before he was put out of his misery. First his feet were cut until they were a mass of bleeding wounds on the bottom, the Americans from San Pedro marched through the main streets and then the suffering man was taken to the patio of the castral, tied to a post and a fire built around him. He was slowly burning to death when the same commander shot him through the head to end his misery.

The story could not be verified by Juarez or Chihuahua, and no photograph is not yet working in San Pedro. The American soldiers who brought the story to the border are reputable American merchants in Mexican and agree on the general fact of the Aztec's torture.

A man named McDonald was of the Zaragoza brigade, of which Benavides was commander, and fought in the Gomez Palacio and Torreon engagements. Benavides said the relief was then ordered to the relief of the Gomez Palacio and Torreon.

McDonald is believed to have accompanied the command. He was joined Villa's army in Juarez and investigation has been ordered to learn the exact details of the present them to the State Department.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 22.—The Navy Department today issued a statement giving the location of American ships in Mexican waters at 6 p. m., as follows:

Tampico—Cruiser Des Moines, hospital ship Solace, Dolphin, collier Cyclops.

Vera Cruz—Battleships Arkansas, Florida, Utah, Vermont, New Hampshire, South Carolina, Minnesota; transports Hancock and Prairie; scout cruiser Chester; mine layer San Francisco; gunboat Collier.

Manzanillo—Armored cruiser California, cruiser Raleigh.

Yupolobampo—Collier Glacier, gunboat Yorktown.

Salina Cruz—Gunboat Annapolis en route from Acapulco; cruiser Denver en route from Corinto.

The department also announced that with the allowance of 2500 tons, the following vessels now on the Atlantic Coast could be commandeered for service in Mexican waters:

North Carolina, Washington, Tennessee, Brooklyn, Salem, Sacramento, California.

The complement of the following torpedo destroyers can be raised to full strength for use in a Mexican campaign:

Flusser, Reid, Preston, Monaghan, Sterett, Walke.

In addition to these, the department stated that the gunboats Albatross, Newport, Dubuque, Machias and Isla de Luzon, which have been loaned to State militia organizations, can be used if necessary.

WILL PROTECT ALL AMERICANS.

Statement of the Jefe de Armas at Mexicali.

Ordered to Fight He Will Give Due Warning.

Forces at Sharp's Heading and Flame Strengthened.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.)

CALEXICO, April 22.—Col. Juan Lopez, jefe de armas of Mexicali and vicinity, and subprefecto of the district, today issued a statement in which he said that he would protect the lives and property of all Americans in his district, that he would not invade American soil without orders from Mexico City, and that in case he was ordered to make an invasion he would not do so until all Americans could reach safety.

This statement was made through J. Hoffman, a justice of the peace, a conference held in Mexicali, and a conference held in First Instance Court, occurred in the state.

Col. Lopez said that because of strained relations between the two governments, he had ordered his forces at Sharp's heading and flame strengthened, through sharp most of Imperial Valley's supply.

"I did this," he said, "so that no one can blow up the dikes and then blame the authorities here. I have ordered no invasion of foreign territory, and unless I get orders from Mexico City, I will not invade."

Col. Lopez said that he was not a soldier, but a man of peace, and that he was not a soldier, but a man of peace, and that he was not a soldier, but a man of peace.

POPE PLEADS WITH HUERTA.

Exhorts Mexican President to Yield and Prevent Further Bloodshed.

ROME, April 22.—The Pope has cabled to the apostolic delegate in Mexico instructing him to ask President Huerta to yield to the United States in order to avert further bloodshed. Similar exhortations have been cabled to Huerta by several foreign rulers, including a King, who offered his service as mediator. In the meantime, though war has not been declared, it is understood that the European powers will observe the strictest neutrality. The Foreign Office here has exchanged views on this subject with the representatives of Austria-Hungary, Germany and England. Italy's attitude does not differ from other powers.

GOLD-BRICKED BY CARRANZA.

AMERICAN CATTLEMAN DUPED BY DOGUS CONCESSIONS.

In the Rush to Get Animals Across the Border It Was Found Permits Sold by Rebel Leader Were Worthless, as Authorities Refused to Recognize Them.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.)

JUAREZ, April 22.—American cattlemen engaged in the Chihuahua export trade discovered today that more than twenty of their number had been duped through the purchase of so-called exclusive concessions which are said to have been signed by Gen. Carranza in person.

In the rush to get the cattle across the line in expectation of possible disorder, it was found that the permits sold by the rebel leader were worthless, inasmuch as the authorities refused to recognize the licenses or to allow any cattle to be taken from the State.

John Noonan of Nogales, formerly chief of the secret service at that point, arrived today to investigate why a permit bought from Gen. Carranza by an Arizona firm had been held up.

It was learned that the Arizona concern had paid \$3000 gold for the exclusive privilege of bringing out cattle from the Madero district, but neither Noonan nor the legal representatives of the company were able to obtain satisfaction. Later it was brought out that Carranza or some one acting for him had sold the "good will" of the first chief to all applicants, and in each case the operators believed they were the only ones so favored.

The amounts said to have been paid and the disposition made of the money can only be conjectured, but the cattlemen make no secret of the fact that they have been "stung."

Despite outward manifestations of friendliness, it is known that both Carranza and Villa have disapproved of the occupation of Vera Cruz by Americans and Americans living on the Mexican side were quietly advised to leave the country at the earliest possible moment.

As far as can be ascertained, all families here took advantage of the tip and by midnight will be out of the city. A trainload of refugees from the south will arrive at 5 a. m. and no trouble is anticipated in getting them across the line. The feeling against the Americans is growing in intensity but so far the Mexicans have made no open threats.

(BY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.)

ORDERS CAVALRY TO IMPERIAL.

WASHINGTON BUREAU OF THE TIMES, April 22.—On request of Senator Works the War Department has ordered Maj. Gen. Murray to dispatch cavalry and coast artillery to El Centro and Calexico, on the California border, for protection of residents of the Imperial Valley and the irrigation works of the Colorado River, from possible molestation by hostile Mexicans across the international line.

(BY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.)

DESTROY RAILWAY AS THEY RETREAT.

GALVESTON (Tex.), April 22.—Mexicans at Salina Cruz, on the Pacific coast of Mexico, have announced they will retreat about fifteen miles into the interior, tearing up railroad tracks behind them, if Americans seize the port, according to cable messages received here tonight. No resistance is planned.

(BY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.)

LOCATIONS OF OUR WARSHIPS ALONG MEXICAN COAST LINE.

WASHINGTON, April 22.—The Navy Department today issued a statement giving the location of American ships in Mexican waters at 6 p. m., as follows:

Tampico—Cruiser Des Moines, hospital ship Solace, Dolphin, collier Cyclops.

LOCATIONS OF OUR WARSHIPS ALONG MEXICAN COAST LINE.

WASHINGTON, April 22.—The Navy Department today issued a statement giving the location of American ships in Mexican waters at 6 p. m., as follows:

Tampico—Cruiser Des Moines, hospital ship Solace, Dolphin, collier Cyclops.

Vera Cruz—Battleships Arkansas, Florida, Utah, Vermont, New Hampshire, South Carolina, Minnesota; transports Hancock and Prairie; scout cruiser Chester; mine layer San Francisco; gunboat Collier.

Manzanillo—Armored cruiser California, cruiser Raleigh.

Yupolobampo—Collier Glacier, gunboat Yorktown.

Salina Cruz—Gunboat Annapolis en route from Acapulco; cruiser Denver en route from Corinto.

The department also announced that with the allowance of 2500 tons, the following vessels now on the Atlantic Coast could be commandeered for service in Mexican waters:

North Carolina, Washington, Tennessee, Brooklyn, Salem, Sacramento, California.

The complement of the following torpedo destroyers can be raised to full strength for use in a Mexican campaign:

Flusser, Reid, Preston, Monaghan, Sterett, Walke.

In addition to these, the department stated that the gunboats Albatross, Newport, Dubuque, Machias and Isla de Luzon, which have been loaned to State militia organizations, can be used if necessary.

GREEK HEROES OFFER SERVICES.

Ten Thousand Veterans Are Anxious to Enlist.

Ex-Balkan Soldiers Would Go Into Mexico.

Wave of Patriotism Is Now Sweeping Country.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.)

BOSTON, April 22.—The wave of patriotism sweeping through the country as the result of the Mexican situation was strongly evidenced today when T. T. Timayenis, editor of the Eastern and Western Review of Boston, and Greek Consul in Boston, forwarded a message to President Wilson on behalf of 10,000 Greek-American citizens to enlist in a body for the defense of Old Glory in Mexico. The telegram read:

"President Wilson of the United States, Washington, D. C.: Can raise regiments at once of Greek-American citizens, veterans of Balkan war, to fight for Stars and Stripes, Greek-American citizens loyal to their adopted country and know how to fight, wait your command. (Signed) 'T. T. TIMAYENIS, Boston.'"

Mr. Timayenis said to newspapermen:

"If President Wilson sees fit to accept the offer, I will pledge him 10,000 seasoned men skilled in the art of modern warfare and trained to the minute for immediate service. These men now live in Lowell, Lawrence, Peabody, Lynn, Manchester, N. H., and many other nearby places. They are loyal and true to this country and are vying with each other to demonstrate their devotion to the Stars and Stripes. Incidentally they are heroes of Kirk Killish."

IN ABHORRENCE OF WAR.

Sympathy for the Mexican People Disclosed by Resolutions of the Churches of Christ in America.

(BY A. P. NIGHT WIRE.)

NEW YORK, April 22.—Sympathy for the Mexican people and a hope that they might find "a way out of their distresses" were expressed in resolutions adopted by the Federal Council of the Churches of Christ in America, representing 17,000,000 Christian people of the United States, through the council's commission of peace and arbitration here last night. The resolutions, which at the earliest possible moment, will be telegraphed to President Wilson, declare that the thought of war between Mexico and the United States is "abhorrent to the vast majority of our people" and that the press gratification "that in our President and our Secretary of State we have men who are lovers of peace whose purposes, it is hoped and expected, will be carried out."

(BY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.)

WILSON DENIES EMPHATICALLY THAT ANY MEMBER OF HIS CABINET IS TO RESIGN.

WASHINGTON, April 22.—The White House today requested the publication of this statement:

"Secretary Taft has denied emphatically today as wholly unfounded, reports that any member of the Cabinet contemplates resigning. He said that this subject had not been considered by the President or by any member of the Cabinet and had never been discussed."

The statement was issued in connection with a report that Secretary Bryan was about to resign.

PROTECT LEVEES WITH CAVALRY.

PHOENIX (Ariz.), April 22.—A troop of cavalry has been ordered sent from Ft. Huachuca for the protection of the irrigation and levee systems south of Yuma in Arizona, yesterday considered in such danger that Gov. Hunt ordered the two Yuma National Guard companies for patrol duty. Gen. Bliss telegraphed the Governor from San Antonio, Tex., that protection for the southern boundary of California must come from San Francisco. A Mexican officer and two soldiers were held up north of the border below Yuma by an Indian policeman, who disarmed them, but permitted them to escape. Offers of troops are pouring into the Governor and War Department from Arizona points, mainly from persons who want to duplicate the rough-riders of the Spanish War.

Mayor Timmerhoff of Prescott has telegraphed such an offer and a troop of Texans is being organized in Phoenix.

Two companies of riflemen are offered at Miami and one such in nearly all other Arizona towns. The only trouble with Mexicans is reported from Tucson, but this was over a wage strike of 150 Mexicans laborers on street work.

(BY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.)

TITANIC SURVIVOR AS NURSE.

Wealthy Woman of Denver Desires to Go to the Front to Care for the Wounded.

NEWPORT, April 22.—Mrs. James J. Brown of Denver, who is at her cottage in Bellevue avenue, has been deeply stirred over the Mexican situation and has offered her services to the Red Cross in Washington as nurse. Further, Mrs. Brown is willing to purchase medicines and medical supplies to take with her should her services be needed.

Mrs. Brown is a survivor of the Titanic disaster and has had considerable experience in nursing miners and children in mining districts. Her husband is in Colorado.

CITY LOWERS ELECTRIC RATES

Power Bonds Proven Unnecessary

People Get Cheap Electricity

The city has cut the new electric rate to 5½c per kilowatt hour. This is a saving to the people in their electric bills of more than \$250,000 a year.

In the past eight years the electric rates have been reduced from 11c per kilowatt hour to 5½c now. This is a cut of exactly one-half.

In the past seven years the bonded indebtedness of the city has increased from \$7,010,000 to \$38,992,000 now. Taxes have of course kept pace with this increase.

These facts show that the power bonds are not needed in order to reduce lighting rates and that additional bonds will mean additional taxes.

Vote "NO" at the power bond election May 8th. Next, get an assured income from the city's power under the protection of wholesale rates fixed by the State Railroad Commission, either by the lease of this power or by co-operation with the companies.

Then use this money to reduce your taxes.

Remember that you face a bond election of \$4,600,000 for schools May 14th.

Vote "No" on Power Bonds and Reduce Taxes

You are now paying for interest and sinking fund on all outstanding bonds	\$ 9,534.26 per business day
If power bonds are voted, this will be increased to	11,035.91 per business day
An income of \$1,000,000 per year from the sale of power (instead of power bonds) would reduce this to	6,894.00 per business day

(Allowance has been made for the cost of finishing power plants and operating expense of same)

THEREFORE:

The voting of power bonds will increase taxes	\$ 1,501.65 per business day
Acceptance of companies offer will reduce taxes	2,640.26 per business day
SAVING by VOTING "NO" on Power Bonds	\$ 4,141.91 per business day

This is one of the advertisements refused by Edwin T. Earl's Express and Tribune; evidently in an attempt to keep the information contained from their readers.

POWER BOND COMMITTEE.

COLORADO RIVER ON A RAMPAGE.

Imperial Seeks Aid from the Reclamation Service.

Wilson Disposed to Grant Emergency Relief.

Secretary Lane Has Taken a Hand in Situation.

(BY DIRECT WIRE—EXCLUSIVE REPORT.) WASHINGTON, April 22.—The Colorado River is again on a rampage and for several days the wires to Washington have been hot with appeals from the Imperial Board of Supervisors and others for help from the Reclamation Service.

Senator Works has taken up the question of emergency relief with President Wilson and with Secretary of the Interior Lane. The latter has assured Senator Works that the President is interested and feels disposed to do anything he can.

Senator Works made a very strong appeal and submitted a letter from Walter R. Hamilton, president of the Imperial Irrigation District, explaining the big stake at issue and the urgent of the situation.

LANE'S TELEGRAM. Secretary Lane wrote Works that he had corresponded with the Imperial Valley people and had sent the following telegram:

"Arthur Shepard, president of the Imperial Irrigation District, California, five thousand dollars remain in the fund of 1910. This can be used under the authority of the President in the repairs of the present break. This is sufficient with what you can raise from the Southern Pacific and other sources? President approves your emergency."

The Southern Pacific is unwilling to do anything, because Congress has steadily refused to reimburse it for the \$1,000,000 it claims it expended in the same kind of work at the request of President Roosevelt.

The local interests tell Senator Works that \$100,000 would repair the damage now, but by June it will take \$1,000,000 to do it. Washington has yet informed how much the California interests may be able to raise toward meeting the expenses of controlling the river.

FOR FLOOD PROTECTION.

Army Board Declares No General Rule Can Be Given, as Conditions Vary So Much.

(BY A. F. DAY WIRE.) WASHINGTON, April 22.—Measures to protect against heavy flood damages must vary with local conditions, so that no general rule can be given, according to the army engineering board, whose report was before Congress today. It was submitted by the War Department. The board's investigation was made as a result of the disastrous Ohio Valley flood last year.

Forestation and special methods of plowing are not usually productive of practical, profitable results; levees, both storage and impeding, may be used advantageously in certain localities, the report stated. Many structures and bulky material in the flood area will afford prompt and certain relief.

The Mississippi River Commission and the chief of engineers held the only practicable flood protection in the lower Mississippi Valley is by construction of an adequate levee system supplemented by bank protection, it is stated.

Extensive use of auxiliary channels is contemplated in the Sacramento Valley.

FARM LAND LOANS.

Treasury Allows National Bank to New Federal System to Loan on Real Estate Security.

(BY A. F. NIGHT WIRE.) WASHINGTON, April 22.—Official announcement was made at the Treasury Department today that national banks, members of the new financial system, legally may make loans secured by real estate, provided such real estate security is in the form of farm land, unincumbered by a lien.

The loan must not exceed 50 per cent of the actual value of the property and for a period not longer than five years. Comptroller Williams today said each national bank a letter setting forth restrictions under which real estate loans may be made and directing that to each note secured by farm land a certificate be attached stating the facts of the transaction by the officers making the loan.

WOTHERSPOON IN CHARGE.

Becomes Chief of Staff of the Army in Succession of Maj.-Gen. Leonard Wood.

(BY A. F. DAY WIRE.) WASHINGTON, April 22.—Maj. Gen. William W. Wotherspoon assumed today his duties as chief of staff of the army, succeeding Maj. Gen. Leonard Wood. Gen. Wood has been selected to be commander in chief of the army in the event he is sent into Mexico.

Gen. Hugh L. Scott, until now in command of a cavalry brigade at Ft. Bliss, Tex., today became assistant chief of staff of the army, succeeding Gen. Wotherspoon.

TO MINIMIZE DELAYS.

If Tehuantepec Route Is Chosen, Uncle Sam May Pay Panama Canal.

(BY DIRECT WIRE—EXCLUSIVE REPORT.) WASHINGTON BUREAU OF THE TIMES, April 22.—Through the efforts of William R. Wheeler, secretary of the San Francisco Chamber of Commerce, the Secretary of the Interior has granted an interview to the American Hawaiian Company, tomorrow morning.

The view of the possibility of the Tehuantepec route will be considered a plan to give the Panama Railroad, so that the company and consignees of merchandise suffer loss and inconvenience.

CORRECT EXAMPLE OF REAL FIGHTING. Marines and Bluejackets Give a Fine Display of American Gunnery.

Sharp Engagements in the Streets of Vera Cruz Described—Din of the Musketry and Rapid-Fire Guns
Camea Window Glass to Shatter—Toughest Work of the First Battle Falls on Men from Battleship Florida.

[BY MEXICAN CABLE AND DIRECT WIRE.]

VERA CRUZ, via Galveston, Tex., Wednesday, April 22.—Officers of the United States navy, marines and bluejackets have shown Mexicans American bravery and gunnery.

Today everything is in position to take the positions of Mexican sharpshooters by charge. The navy and marines, however, are now taking every strategic point of the Plaza Constitucional, the central portion of the city south of the harbor. The cluster of buildings surrounding the plaza is in possession of the Mexican sharpshooters, who will be dislodged.

American, like chained bulldogs, are waiting to get into the fight. The battle where it was taking place in the late hours of the night, and the charge was ordered.

On the flag of the United States came ashore Tuesday night. The flag was hoisted in the narrow streets of the city, and the old walls that were built in years gone by, the sound of musketry, the cries of the wounded, the howling of the dogs, again came into battle. It was almost forgotten.

The Southern Pacific of Vera Cruz, however, rifles put their noses through the small openings in the walls, and the big bells hanging in the streets, took wing and flew in the night. Rifle balls from the gun of the American marines again came into battle, and the leaden pellets struck the leaden pellets struck.

Tell.

TWELVE MARINES SLAIN IN "PEACEFUL" OCCUPATION

[BY ATLANTIC CABLE AND A. P.]

VERA CRUZ, April 22.—Twelve Americans killed and about thirty wounded marked the completion of the occupation of Vera Cruz at noon today by the United States forces.

Rear-Admiral Frank F. Fletcher, who took up his headquarters at the Hotel Bolivar. The entire city is in his hands, and quiet prevails. Rear-Admiral Fletcher, who took up his headquarters at the Hotel Bolivar, is in command of the land operations. Rear-Admiral Fletcher, commander-in-chief of the Atlantic fleet, has brought his flag into the harbor.

After the general advance began, the Mexican "snipers" on the roof of the building, which was a stubborn resistance, were put to a stubborn resistance.

the Ward Line pier a detail of marines proceeded to the hotel terminal and terminal station, both of which they seized along with the rolling stock and equipment of the railroad entering the city. Another group of marines dashed off toward the cable office in Calle Independencia. The street extends from Hidalgo Park to the railway yard, and was to take the heart of the city, and was to take a prominent part in the city's fighting.

CHARGE OF THE MARINES.
Meanwhile the marines from the battleship Florida, who had landed at the hotel pier, opposite the customhouse and sanitary department, charged across the vacant lots in the direction of the American Consulate, taking the postoffice and government telegraph offices. Ensign Wilkins and Ensign Davis of the Florida commanded and led them in their gallant charge, and they swept everything before them.

Then the ensigns deployed their little squads and commanded the streets from the east and west in the immediate vicinity of the Consulate.

Another deploying column, commanded by Lieut.-Col. Neville, occupied the lot between the Consulate and the old Mexican Railway Station stood at the foot of Calle Independencia.

A squad of Mexican Federals were then seen occupying a position four blocks up Calle Independencia from the Consulate, and two of the Maxim rapid-fire guns were ordered into action. All hopes of peaceful occupation of Vera Cruz had disappeared in the twinkling of an eye.

THE SPECTACLE.
Soon after 9 o'clock Tuesday morning men standing on the water front saw twelve boats, cutters, barges and launches, move in slow procession from port and starboard sides of the Pacific. Khaki-clad men were crowded into them, and every man was equipped with arms and ammunition. The marine battalion, occupying the boats, included 525 men, 300 from the Pacific, 150 from the battleship Utah, and 150 from the battleship Florida.

The battalion was under command of Lieut.-Col. Neville, with Maj. Reid, Maj. Berkeley, Capt. Dyer, Capt. Hughes, Capt. Hill and Capt. Horton, marine quartermaster.

Quietly the dun-colored boats and men moved away from the transport and headed directly for the landing. Some went straight toward the fiscal pier, some toward the Ward Line pier, and some toward the hotel terminal.

There was no quivering or fear on the part of the Americans. Each man aimed his rifle and his aim was accurate. Men who had never before seen service fought like veterans and showed what American manhood can do.

All along Calle Independencia and Calle de Montesinos the sound of fighting was in the air. The streets were filled with the sound of the Maxim rapid-fire guns, and the sound of the Maxim rapid-fire guns, and the sound of the Maxim rapid-fire guns.

Orders were issued to dislodge them. The Mexican sharpshooters were ordered to dislodge them. The Mexican sharpshooters were ordered to dislodge them.

Col. Dyer, with two Colt automatic rapid-fire guns, was sent to do it. The guns were served by men from the Philippine, and when they had finished there was no more volley firing from those Mexican positions and only an occasional "sniping" by sharpshooters.

Bluejackets from the battleship Florida had been sent to occupy a position on the roof of the Consulate, and when they had finished there was no more volley firing from those Mexican positions and only an occasional "sniping" by sharpshooters.

with the main body of his troops and leaving behind only the sharpshooters and sufficient forces to retard the advance of the Americans.

Five hundred men from the battleships Arkansas, New Jersey, New Hampshire, Vermont and South Carolina were landed at daylight Wednesday and are taking part in the forward movement.

ORDERS TO THE MAYOR.
Orders to Roberto Diaz, Mayor of Vera Cruz, were sent by Rear-Admiral Fletcher early this morning to enjoin all inhabitants and soldiers from firing on Americans.

"It is not the intention of the United States naval forces to interfere with the administration of civil affairs at Vera Cruz more than is necessary to maintain a condition of law and order and to enforce such sanitary conditions as are necessary for the health of the city. It is desired that the civil officials of Vera Cruz shall continue in the peaceful pursuit of their occupations under the condition that full protection will be given to the property of the United States naval forces.

"It is enjoined upon all inhabitants of Vera Cruz to refrain from firing on the United States naval forces, and to prevent individuals from firing from the shelter of their houses upon the forces of the United States or upon any one. Such firing is contrary to the laws of war and if permitted to continue, the act will call for severe measures."

A squad of Mexican Federals were then seen occupying a position four blocks up Calle Independencia from the Consulate, and two of the Maxim rapid-fire guns were ordered into action. All hopes of peaceful occupation of Vera Cruz had disappeared in the twinkling of an eye.

THE SPECTACLE.
Soon after 9 o'clock Tuesday morning men standing on the water front saw twelve boats, cutters, barges and launches, move in slow procession from port and starboard sides of the Pacific. Khaki-clad men were crowded into them, and every man was equipped with arms and ammunition. The marine battalion, occupying the boats, included 525 men, 300 from the Pacific, 150 from the battleship Utah, and 150 from the battleship Florida.

The battalion was under command of Lieut.-Col. Neville, with Maj. Reid, Maj. Berkeley, Capt. Dyer, Capt. Hughes, Capt. Hill and Capt. Horton, marine quartermaster.

Quietly the dun-colored boats and men moved away from the transport and headed directly for the landing. Some went straight toward the fiscal pier, some toward the Ward Line pier, and some toward the hotel terminal.

AMNESTY LAW TO UNITE MEXICO.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
MEXICO CITY, April 22.—A broad amnesty law will be issued affording all Mexicans an opportunity to bury the domestic hatchet and unite in a common defense of the country, according to the general belief.

A procession visited the Foreign Relations Department last evening and called for Minister Lopez, who, who briefly addressed the crowd. He commended their patriotism, but counseled self-restraint and respect for all foreign residents.

An extra of El Imparcial late yesterday published news of the landing of the American fleet at Vera Cruz. The same issue contained an announcement from Gen. Huerta in which he said:

"We are sustaining the national honor at the port of Vera Cruz. The outrage which the Yankee government is perpetrating is against a free people, and a people of this republic have been, and are, and shall be. History will accord to Mexico and to the United States government the place which each deserves. V. Huerta."

"What shall we do?" asked Secretary Daniels.

"The Fletcher to seize the customhouse," replied the President, without hesitation.

"Good night," said the Secretary. The telephone conference ended and in a few minutes wireless dispatches were on their way to Rear-Admiral Fletcher. He received the message at 10 a. m., and an hour later American marines had landed and taken possession of the customhouse.

munition will go back to its shippers in Germany.

Revenue Cutter Ready.
(BY A. P. NIGHT WIRE.)
WASHINGTON, April 22.—Nine vessels of the Revenue Cutter Service on the East Coast are being held in readiness to proceed to Mexican waters to participate in the blockade which already practically has been established.

WAS BEDRIDDEN WITH RHEUMATISM; POLICEMAN MADE WELL WITH AKOZ.

THOS. J. KAVANAUGH, VETERAN OF DEPARTMENT, PRAISES NEW MINERAL.

Policeman Thomas J. Kavanaugh, for fifteen years a member of the San Francisco Police Department, one of its most popular and efficient officers attached to the Central Station, is the happiest man on the force, all because Akoz, the wonderful medicinal mineral, has restored him to health after four months of suffering with articular rheumatism.

His remarkable recovery enabled him to resume his duties at the end of a month of the Akoz treatment. Officer Kavanaugh tells his case as follows:

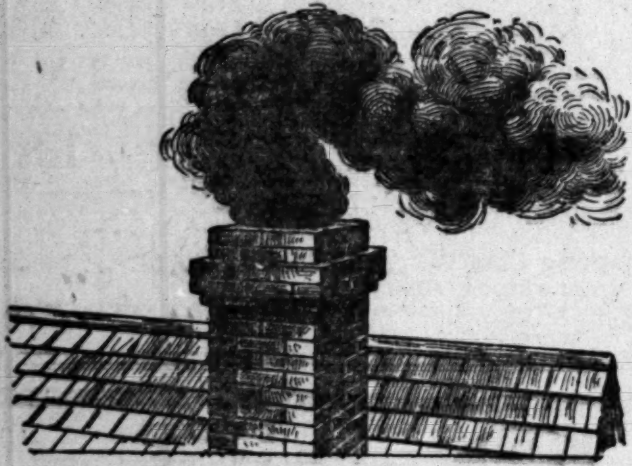

"Last October I had an attack of rheumatism. I tried to stop it, but could not, and finally I was forced to lay off from my duties. The doctors said it was articular rheumatism. It would affect my joints and skip from one place to another. I could get no relief from the killing pains. After standing it for two months I had to go to bed, and remained helpless in bed for two months. I was sure that I was not going to get well. One day I read in some paper a story of a man who had been cured of rheumatism by the use of Akoz. I was left me. In a week I was up. In a month I was back at work. It was the most wonderful thing I ever saw. While sick I lost sixty pounds. Now I am back to my old weight, and after less than three months, during

which time I have continued the drinking of the mineral water, I have regained forty pounds of the lost weight."

Akoz will be found effective in treating rheumatism, stomach trouble, diabetes, Bright's disease, eczema, piles, polio, catarrh and other ailments. Akoz is sold at all Owl Drug Stores, where additional information may be had regarding this advertisement.

Why Catarrh Bothers Your Nose and Throat

Living, Vital Facts For All Who Suffer With Any Form of Catarrhal Infection and Chronic Colds

World's Salve in the Chimney Stop the Smoke? Where's the Fire?

Everywhere people marvel at the results of S. S. S. in overcoming catarrh. To the mind not versed in the wonders of the human body it will be interesting to understand why this most famous of all blood purifiers, S. S. S., has such a remarkable influence in clearing the nose, throat and air passages of catarrh.

Your nose, as are all the important cavities of the body, is lined with mucous membrane. So is your throat and even your skin covering is a modified form of mucous tissue. Now, all toxins or blood impurities are eliminated by way of this membrane. Stomach distress, intestinal bleeding, liver enlargement, kidney weakness, sore lungs and bronchial tubes that produce cough, as irritated bladder, diarrhoea and other bowel troubles all may be and often are inflamed and involved in a general state of disturbance which is recognized as catarrh. And it is through their mucous membranes that the impurities or hypersecretions of mucus must be eliminated. In such an event it is often necessary that these secretions be prepared by some internal medicinal influence or action before they can be effectively gotten rid of. And it is so prepared for elimination that they are usually deposited in some vital parts and remain as points of concentration for various forms of chronic inflammation.

Now, the action of S. S. S. is to prepare the various blood impurities for elimination that they are readily ejected upon the mucous membranes for expulsion. And if S. S. S. were more generally used as a mucous membrane cathartic, there would be no catarrh.

But along comes Laxatives and "Bad Colds," all the mucous membranes are involved and the nose, throat, bronchial tubes and lungs being closely allied in the process of burning up impurities, become clogged with catarrh, bronchitis, chronic sore throat, pneumonia, cough, and then the general involvement.

of the stomach, kidneys, bladder and all other organs of the body.

"Coughs, colds, nose, throat and throat catarrh, gargles, sprays and so on are merely salves on a smoking chimney. The fire may be down in the stomach or in the liver or in the kidneys. The very fact that the nose is constantly pouring out or is plugged up with mucus must convince anyone that the supply is coming from many deeper sources.

This explains why local treatment for catarrh is and always has been a total failure. The action must be internal and there ingredients in S. S. S., which not only eliminate catarrhal impurities by way of the mucous membrane, but they put a stop to their seeking the point of concentration in the nose and other parts of the breathing apparatus.

These facts have been demonstrated for many years and are known to thousands in every community where catarrh abounds. But people cannot seem to shake off the notion that the nose is the seat of trouble. The nose is merely an outlet, the same as the bladder, bowels, skin and the excretory process of the lungs.

Give yourself to get a bottle of S. S. S. today. Get your mucous linings in order and not only will catarrh disappear, but away goes a myriad of other symptoms that usually distress nine people out of ten. S. S. S. is guaranteed absolutely vegetable, no acids, no minerals, no poisonous substances of any kind—just a remarkable blending of the most potent, most searching, most powerful blood purifiers known to man.

Do not permit anyone to substitute anything else for S. S. S.

Send for an interesting book on catarrh. There are many people so discouraged over blood impurities that they will read a few lines of life by committing truly our Medical Department. Write to The Swift Specific Co., 605 Swift Bldg., Atlanta, Ga.

JOHNSON ORDERS MILITIA TO PROTECT IMPERIAL.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 22.—The following statement was given out by Gov. Hiram W. Johnson late tonight:

"For some time past the citizens upon the border of San Diego county and those in Imperial county have been requesting protection. Of course, the matter being international, the requests of our people have been by me immediately transmitted to the Federal authorities. I have been in constant communication with Gen. Murray, the commanding officer at San Francisco, to whom I was referred by the War Department. Gen. Murray has been exceedingly courteous, and finally acceded to our requests for aid, by sending to Calexico, in Imperial county, one troop of United States soldiers, numbering seventy-four. The great irrigation works of Imperial county, upon which the prosperity of the Imperial Valley depends, are situated upon the border, and near them is stationed a considerable force of Mexican Federalists. The people of the Imperial Valley, one troop of our soldiers utterly inadequate for the protection of their lives and their property. Our national government is apparently un-

able at the present time to furnish greater protection and accordingly, therefore, solely within our border, to protect our people and their property, I have ordered a supplementary force of State militia to Calexico.

"San Diego county presents the same condition. Its officials have called upon me for aid. Today I have received the following telegram:

"San Diego, April 22, 1914.

"Hon. Hiram Johnson, Governor of California, Sacramento: The Otay reservoir, and the San Diego and Coronado pipe lines, which constitute the key to the fresh water supply of this and surrounding cities, and to the army and navy bases here located, are situated immediately adjacent to the national boundary line and not to exceed three to three and one-half miles from the city of Tijuana, where there is now stationed a force of 400 Mexican Federal soldiers. This morning Maj. William C. Davis, commanding officer at Ft. Rosecrans, and who is now in command of the troops patrolling the border, has notified the Common Council of the city of San Diego that he should be taken to protect this water supply, and has said that, in his opinion the State troops should be immediately called upon for this purpose. Maj. Davis informs us that he deems his force inadequate to cope with the emergency which are very likely to arise. As Mayor J. P. O'Neill, the city of San Diego, in the absence of Mayor Charles P. O'Neill, I am accordingly ordering the three companies of local militia, the Fifth and Eighth companies, Coast Artillery reserves, and Third Division Naval Reserve, National Guard, California, to afford protection to the water systems of the cities of this community, and the army and navy bases here located. (Signed)

"D. K. ADAMS, Mayor pro tem."

"From this it will be observed that the United States officer in command practically joins in the request for aid from the State of California. The telegram of the acting Mayor of San Diego, as well as others of like import, were immediately transmitted to Gen. Murray. I am advised by Maj. White, assistant to Gen. Murray, that the general approval placing a supplementary force of State troops in the field. I have therefore, accordingly, ordered the resumption of the San Diego into service upon the border there, within our State."

Adit-Gen. Forbes ordered out companies in order to the Coast Artillery Corps, and three naval divisions of the naval militia in San Diego, comprising about 160 officers and men. Four companies of infantry to be selected by Col. William G. Schreiber as most available, and a machine-gun platoon will be sent from Los Angeles to guard the Imperial county line. The San Diego company will patrol the border along that county line.

TO GUARD OTAY DAM.

SAN DIEGO, April 22.—Fearing that trouble with Mexico might precipitate an attack upon San Diego's water supply, thirty men were ordered to guard the Otay dam, which is situated on the border between Lower Otay dam. All are war department employees, commanded by James Muirhead and assisted by a detachment of the Coast Artillery Corps. A telegram was sent to Gov. Johnson asking that three local militia companies be ordered out to guard the system.

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his regular, for which nothing is better than A-K Tablets. Such patients should always be instructed to carry a few A-K Tablets, so as to have them ready for instant use. These tablets are prompt in action, and can be dissolved in a glass of water in a few minutes. Ask for A-K Tablets.

Anti-kamnia Tablets can be obtained at drug stores and at A-K Salve, well known for Eczema and skin diseases.

Don't Put Off

seeking relief from the illnesses caused by defective action of the organs of digestion. Most serious diseases get their start in troubles of the stomach, liver, bowels—troubles quickly, safely, surely relieved by

BEECHAM'S PILLS

Sold everywhere. In boxes, 10c, 25c.

FLOWER SEEDS FREE TO TIMES SUBSCRIBERS

Every reader of today's Times (excepting those subscribers who are now enjoying the benefit of The Times' Rose and any other premiums) may secure six generously filled packages of seasonal flower seeds, which if planted now will flower in early summer. Or, they may be planted in the Fall, or held until next Spring.

In 1915 the Great Flower Festival in Los Angeles will exhibit some of the choicest flowers and plants ever seen in the world. In this city, beautiful flowers should be superabundant, as the soil and climate give magnificent returns for the time devoted to raising plants. All nature beckons the amateur and professional gardener to plant, beautify and decorate, so to further encourage the interest, and the growth and culture of flowers, The Times is offering for a short time only a fine selection of first, fresh stock seeds.

To secure a collection of 6 packages of flower seeds absolutely free, all that is required of you is to subscribe for The Times (daily and Sunday) for 3 months at the usual subscription price, 75c a month, and an order will be given to you for a choice of any of the following collections:

TAKE YOUR CHOICE

COLLECTION "A"
CENTAUREA IMPERIALIS (Giant flowering Sweet William).
Aquilegia-Columbiana. A most desirable border plant.

CRUISER ALBANY LEAVES FOR SOUTH.

(BY A. P. NIGHT WIRE.)
SEATTLE (Wash.) April 22.—The cruiser Albany sailed from the Puget Sound navy yard at 5 o'clock this afternoon for the Mexican west coast via San Diego.

The armored cruiser West Virginia, which has been ordered to join Rear-Admiral Howard's fleet on the Pacific coast, will be sent from Los Angeles and cannot get away in less than seventy-two hours.

The cruiser St. Louis will sail for San Francisco Saturday towing the Seattle-built submarine H-3.

PRIVATE McILLAN'S CAREER.
HAILS FROM WINNIPEG.
WINNIPEG (Man.) April 22.—Private John McMillan, who was seriously wounded in the Ypres campaign yesterday, formerly was a member of the Vancouver (B. C.) and Winnipeg police forces. His mother and sisters lived at Mayfield, Manitoba. His father died two weeks ago.

Rub MUSTEROLE ON That Sore, Tight Chest

Try this clean, white, soothing ointment. See how quickly it brings relief.

MUSTEROLE does all that the old-fashioned mustard plaster used to do in the days of our grandmothers, but it does it without the blister!

Doctors and nurses frankly recommend MUSTEROLE for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet—Colds of the Chest (it prevents Pneumonia).

At your druggists in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

William Niess, Sacramento, Calif., says: "Gentlemen: I have used your O. O. Money Order for \$4.00 for which kindly send by return mail eight jars of the Musterole. This is the best order of Musterole which speaks well for its merits. Our friends and ourselves have been suffering without it, as it has saved doctors' expense many times."

"The Best Laxative I Know of."
"I have used Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of," writes Frank Stroger, Fruitland, Iowa. (Advertisement)

CLOSE GUARD ON AMERICANS.

Preparations Made to Protect Residents of Tampico.

Hint of Intervention Might Precipitate Attack.

Hotel to Be Rallying Place for All Foreigners.

(BY A. P. NIGHT WIRE.)
TAMPICO (Mex.) April 20 (via Galveston, April 22).—It was known that Admiral Mayo had made all preparations for protecting Americans ashore, but details were withheld because the admiral wished to avoid unnecessary alarm.

The first hint of intervention, it was feared, might precipitate an attack on Americans and if an outbreak should come, the Imperial Hotel, which is filled with Americans, likely would be the center of attack. The hotel, however, easily could be made defensible. It is near the river and readily accessible to landing parties of marines from the Des Moines, the Chester and the Dolphin. The Chester and the Dolphin continued today clearing for action.

Rebels were reported this morning to have re-entered Dona Cecilia and Arbol, where they advised all residents to remove to Tampico. It is believed the attack on Tampico might be renewed with arrival of Constitutional reinforcements reported near.

The Federalists continued strengthening the city's fortifications. There was a fight yesterday eight miles west of the city, from which the Federalists retired, bringing a few wounded. American marines officers ashore in uniform here attract much attention, but so far there has been no unpleasant manifestation.

Sanitary conditions in Tampico are deplorable. The streets are in a foul condition and no water is available except that drawn from wells within the city. Many of the wells have been contaminated and even this supply rapidly is becoming exhausted, with no prospect of resumption of operations at the waterworks plant, which was disabled by the rebels, who will attempt to make repairs.

Smallpox and fever are spreading. Several cases of smallpox in the hospitals are "pernicious fever" are said to bear resemblance to yellow fever. With the approach of hot weather epidemics are feared. Since the siege began, business has been conducted almost as usual except during the first few days when the rebels made determined efforts to force entrance into the city. Although so far there has been no serious lack of provisions, the cost of all supplies has advanced enormously, causing great hardship among the poorer classes.

THOMAS FEARS A WAR AT HOME.

(BY A. P. NIGHT WIRE.)
WASHINGTON, April 22.—Labor troubles in the coal fields of Southern Colorado and the clash between strikers and militia at Ludlow, Colo., called for comment in both Senate and House today. Senator Thomas announced on the floor of the Senate that Gov. Ammons, who has been in the coal fields, is expected to return today to take charge of the situation.

"Very much fear," said Senator Thomas, "that the keen desire of young Americans to go to war before many months will find satisfaction and unless society finds some way of putting down the strike between capital and labor, Mexico will not be the only country torn by internal warfare."

In the House, Chairman Foster of the House committee, which investigated the Colorado coal strike, told of conditions in the strike zone. Representative Seldomridge of Colorado said that conditions were intolerable.

"State," he said, "has been left a legacy of death and bitter experience, which has made its name a hissing byword as an arena of the most deplorable of industrial disputes."

Seldomridge said that because of the financial condition of the State the governor was unable to put the militia in the field "until he consults the bankers and clearinghouse, to get funds."

WILSON WORN OUT NAPS IN OFFICE.

(BY A. P. NIGHT WIRE.)
WASHINGTON, April 22.—President Wilson's sleepless nights, interrupted by telephone calls from State and Navy department officials, his worry over the general situation and the responsibilities of the present crisis were him out so completely today that he took a nap in his office.

A member of the Senate Foreign Relations Committee found him there lying on a couch. The President called him in and talked about Mexico. Presently Mr. Wilson's physician dropped in. He ordered a game of golf in the Virginia hills, and the President went reluctantly.

MORE WARSHIPS FOR MEXICAN COAST.

(BY A. P. NIGHT WIRE.)
VALLEJO, April 22.—The West Virginia, a sister ship of the South Dakota, which sailed from San Francisco today, and the California, now off the Mexican coast, were put into commission at Bremerton last week and is expected here shortly.

The torpedo-boat destroyers Whipple, Paul Jones, Perry, Freble and Trustum are at San Diego under command of Lieut. Martin K. Metcalf.

The Maryland had all her stores and provisions aboard, but began at once loading 800,000 rounds of ammunition for the vessels of the Pacific fleet.

The cruiser Cleveland, now at Mare Island, is under orders to sail for Mexico Saturday. She has no marines aboard. There are 250 marines at Mare Island without orders.

Orders detaching Capt. John D. McNeill and instructing him to report aboard the Maryland for duty in Mexico were received here today.

"The Best Laxative I Know of."
"I have used Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of," writes Frank Stroger, Fruitland, Iowa. (Advertisement)

FLAGS WAVE IN CHICAGO.

Decorated Loop Buildings Show Patriotism of Windy City.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, April 22.—American flags shot upward on flag staffs of Loop office buildings today and flapped defiantly in the raw April wind. When the sun peeped forth the flags took on a new radiance and seemed spurred to new valor in their battle with the breeze. It was the first outward tribute of a city wrapped in commerce to the new vigorous policy of President Wilson, a sign of this country's most dreadful clash of arms since the Spanish war. It was also the first victorious skirmish of Mars, the god of war, over Chicago's giant of industry. Mars has greater roof-worlds to conquer, for the display of flags was not universal and by some strange oversight the Federal building did not flaunt the national colors on its dome.

Enemies.

TO FIGHT PESTS, NOT MEXICANS.

THAT'S OUR GREAT PROBLEM, SAYS MAJ. ROGERS.

Surgeon in Illinois National Guard Declares Disease Has Hitherto Taken a Dozen Men to a Bullet's One, but Modern Sanitation Will Stop That.

BY BUEL S. ROGERS, Major and Surgeon Second Infantry, I.N.G.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, April 22.—Nothing else is so important in modern war as sanitation. Disease has taken a dozen men where a bullet has taken one. In the future this is not to be the case. The medical staff of the army and the National Guard has made wonderful strides since the Spanish-American War.

Typhoid fever, the great enemy of American arms in that war, has been vanquished. In fact, the American army in Mexico will have little to fear from infectious diseases if it lives up to the standard set during its stay along the Texas border.

The great problem for the army in Mexico will not be to fight the Mexicans, but to fight mosquitoes, the fleas, the bugs, the flies and the flies. Before the medical department has reached its present efficiency these enemies have been deadly, but in the present campaign I do not look for them to be so.

SHARP FIGHTING AT MONTEREY.

(BY A. P. NIGHT WIRE.)
BROWNSVILLE (Tex.) April 22.—According to dispatches received in Matamoros, opposite this place, fighting continues at Monterey, between Federalists and Constitutionalists. It is stated the fight has been carried into the streets of Monterey proper.

WARSHIPS IN PUGET SOUND.

One Cruiser Awaits Sailing Orders and Three Others Are Practically Ready for Sea.

(BY A. P. NIGHT WIRE.)
SEATTLE, April 22.—Assistant Secretary of the Navy Franklin D. Roosevelt visited the Keyport torpedo station and the naval magazine today and transacted much business at the Puget Sound navy yard. He will return to Seattle tomorrow and leave at once for Washington.

At the navy yard the cruiser Albany, which draws only seventeen feet of water, is awaiting sailing orders. The cruisers Milwaukee, St. Louis and Charleston are practically ready for sea. The cruiser West Virginia, and Colorado could be prepared for sea in three days. The cruiser Chattanooga will be ready to sail tomorrow.

UNITED STATES AGENTS GET FIRST OF AVAILABLE SHIPS AT LIVERPOOL FOR MEXICAN OPERATIONS.

(BY A. P. NIGHT WIRE.)
LIVERPOOL, April 22.—Brokers acting in behalf of the United States government made inquiries in shipping circles today to ascertain what ships were available here for the transportation of troops, stores and coal from the United States to Mexico. The inquiries, it was stated, merely were precautionary with a view to the possible extension of the operations in Mexico.

TO ADJUDICATE IMPERIAL GEN. MARSHALL ON WAY.

(BY A. P. NIGHT WIRE.)
WASHINGTON, April 22.—Gen. William L. Marshall, consulting engineer to the Secretary of the Interior, today left for the Imperial Valley in California, where he will take charge of Federal work in the protection of the valley from the flood waters of the Colorado River.

GEN. MARSHALL ON WAY.

(BY A. P. NIGHT WIRE.)

GEN. MARSHALL ON WAY.

"ON TO PANAMA" WATTERSON CRIES.

Says Flag Will Never Be Across Rio Grande.

Declares for War Driven Whine of the Uplift.

Thinks the Army Will Move Straight to Isthmus.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
LOUISVILLE (Ky.) April 22.—Watterson will say in the Louisville Journal tomorrow:

"Let us not deceive ourselves. We are not in a war. The hour makes many promises that we have no quarrel with Mexican people, that we want only good neighborhood, that we want order and are our sole aim. But all the same, if the goes up across the Rio Grande it never come down.

"Man proposes, God disposes. We are not in a war. The hour makes many promises that we have no quarrel with Mexican people, that we want only good neighborhood, that we want order and are our sole aim. But all the same, if the goes up across the Rio Grande it never come down.

"Man proposes, God disposes. We are not in a war. The hour makes many promises that we have no quarrel with Mexican people, that we want only good neighborhood, that we want order and are our sole aim. But all the same, if the goes up across the Rio Grande it never come down.

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD.

Traffic Men to Lunch.

The Rev. Baker P. Lee will be the principal speaker at the noonday luncheon of the Los Angeles Traffic Association at the Cafe Bristol tomorrow.

Audubon Society Meeting.

The Audubon Society will be entertained on Saturday by Mrs. Wilcox of Sierra Madre. Members are requested to take the 9 a.m. car and get off at Villa Station.

Polytechnic Visitors' Day.

Visitors' day at Polytechnic High will be May 1. Glee clubs and orchestra will furnish music throughout the day, refreshments will be served, and an exhibit of art, botany, domestic science and woodwork will be shown.

Wealthy Ranchman Dies.

W. G. Hughes of this city, owner of the well-known Mt. Alto ranch on the North Umpqua River, Oregon, died yesterday at that place. He was 74 years old. The Oregon ranch consists of 12,000 acres of valuable farm and grazing land.

Free Bible Instruction.

All interested persons are invited to attend the Bible class at Union Rescue Mission on Friday evening at 7:30 o'clock, when Rev. R. A. Hadden will teach the lesson on "The Lost Sheep and the Lost Coin." The class is free to all.

Invites Editors Here.

An invitation to the National Editorial Association to hold its 1915 meeting in this State was dispatched yesterday by Secretary Higgins of the Chamber of Commerce on order of the board of directors. The association will convene in Houston today for its yearly meeting.

Self-destruction.

Charles Bowman, a laborer, was found dead in his room at No. 635 West street early last evening. A gas pipe connected with a jet turned full on, told the story of self-destruction. He had rented the room on Tuesday. The body was found by Mrs. E. J. Riggs, the landlady. It was removed to the D. J. Button morgue.

World Cruise Plans.

Word was received here yesterday by Manager Robertson of the steamship department that the Hamburg-American liners Cleveland and Cincinnati will stop at San Diego on their around-the-world trip, via the Panama Canal, in the spring of 1915. Negotiations are still under way to have the big boats put in here.

Club Women and School Music.

Members of the Ebell Club will visit the schools next Wednesday in company with Miss Kathryn Stone, music supervisor, to get an idea of the music work done in the city club chorus and orchestra work. They will visit the Cambria, Grand-avenue, Berendo intermediate school and the High Schools. Miss Stone has published a "Teacher's Manual of Music for Elementary Schools."

The Delta Delta Chapter of the Alpha Chi Omega Fraternity will

hold a concert at a concert to be given tomorrow night in the chapel of the university, for the endowment of a bed in the Children's Hospital. The club will leave on the following day for a concert trip as far as Chicago, and will give the programme Friday evening that has been arranged for the eastern trip.

A Real Japanese "Mikado."

"The Mikado," as given tonight and tomorrow night by students of the Polytechnic High School, will be a Japanese production of luxe. Under the supervision of R. Matsui Oka, Japanese students of the school have supervised every detail, from the cherry blossoms of the garden scene and the costumes to the last scene, the dress rehearsal last night showed the cast to include some remarkable talent, and an unusually fine production may be anticipated.

Shakespearean Celebration.

The Los Angeles Center of the Drama League will celebrate the 100th anniversary of the birth of Shakespeare at the Little Theater, at 8:30 o'clock tomorrow afternoon. Mrs. Milla Tupper Maynard will speak on "Shakespeare—Not Superman, But Everman." The dramatic group, headed by Miss Margaret Goetz, will give a musical programme. Students of the Egan Dramatic School will present scenes from one of Shakespeare's plays.

Temple Sinal.

Regular Sabbath eve service in Sinal Temple, corner Twelfth and Valencia streets, will begin this evening at 8 o'clock. The usual Sabbath eve litany will be preceded by an opening anthem by the cantor and choir and the invocative prayer by Rev. Dr. R. Farber, rabbi of the congregation. The Sabbath psalm will be sung by the choir. At the conclusion of the service, Dr. Farber will speak on "Double Standards in Ethics." Congregational singing will be the feature during the service and the

AID MEXICANS
TO GET AWAY.

Consul Ord Authorized to Supply Them Funds and Transportation.

Rinaldo Ordi, local Mexican Consul, has received instructions from his government to furnish transportation and other needed financial aid to all Mexican citizens wishing to return to Mexico on account of the present trouble with the United States.

The Mexican consulate is located in Room 505 Lankershim building, No. 126 West Third street.

usual solo before the discourse will

be rendered by one of the quartette. Tomorrow morning service will begin at 9:30 with the full quartette in attendance, augmented by the children's juvenile choir. Dr. Farber will preach from weekly scriptural lesson and will make his theme "Strange Fires."

CONCRETE PILES UTILIZED.

Building of Giant Racing Roller Coaster at Ocean Park—Theater Changes Hands.

(LOCAL CORRESPONDENCE.)

OCEAN PARK, April 22.—At last use is to be made of the remaining concrete piles left over from the new Fraser pier, which was built since the fire. Today many workmen started to recap the big supporting columns, preparatory to building the new giant racing roller coaster.

DUANE WAGNER, a theatrical

and moving-picture man who was connected with the local Vitaphone company, has purchased the interest of S. B. Kramer of Stinson & Kramer, owners of the La Petite Theater, and will hereafter be actively engaged in the running of the theater.

BRAKEMAN IS INJURED.

Falls from Roof of Car and Foot So Badly Mashed Amputation May Be Necessary.

(LOCAL CORRESPONDENCE.)

REDLANDS, April 22.—Walter Miller, a Southern Pacific brakeman, residing at No. 106 Ann street, Los Angeles, was badly injured last night when he fell from the roof of a refrigerator car in the yards here last night. An engine bumped into the car, and Miller, who was on the roof, fell to the track. His cry as he fell was heard by the engineer, who immediately stopped the train.

Miller fell on his right arm, which

was broken. His right foot doubled up under him and was so badly smashed that it was useless. He was taken by train to Los Angeles to the Southern Pacific Hospital.

PLAN MEETINGS.

Seventh Day Adventists are planning for a series of meetings to be held in the Airborne. They will be continued for several weeks. Elder Luther Warren of Loma Linda, one of the leaders of the Adventists, will be a speaker at the meetings.

ENJOY FLOWER SHOW.

(LOCAL CORRESPONDENCE.)

SANTA MONICA, April 22.—Although it rained yesterday, many a society women enjoyed the first day of the Women's Club flower show. Today those who did not venture out yesterday viewed the beautiful display of flowers. The height of attendance was reached at noon.

**TO PUT FIFTEEN
MILLION IN OIL.****Englishmen Arrange to Make
Big Investment.****Deal for Refinancing Union
Consummated.****Stewarts to Lose Control of
Corporation.**

Fifteen million dollars is to be invested in the purchase of treasury stock in the Union Oil Company of California by a syndicate of shipowners and capitalists, represented here by Andrew Weir and R. Tilden Smith. The deal for the refinancing of the big corporation was closed yesterday, as predicted in The Times, and represents the largest transaction in connection with oil ever consummated here.

Contracts were signed with Andrew Weir and R. Tilden Smith for the sale of \$15,000,000 of the treasury stock of the Union Oil Company at par, for the purpose of fully and satisfactorily financing the corporation, according to the official announcement, signed by John G. Stewart, treasurer of the Union, published in the advertising columns of the daily press.

Of this \$15,000,000 there will be paid over \$4,000,000 before August 1. Of this first payment \$1,500,000 has already been lent to the Union by the English syndicate, and this loan has been entered as a part payment. The remaining \$10,000,000 will be paid within the next two years. All this money, less certain deductions and commissions, is to go into the development of the Union Oil Company.

In order to clear the way for the above financing of the Union Oil Company of California and to safeguard alike the present stockholders of the company and the purchasers of the stock to be issued, Lyman Stewart and his associates have agreed to convert their holdings of stock in the United Petroleum Company and Union Petroleum into preference shares of a British corporation to be formed, and to be named the British Union Oil Company, Ltd., according to the official announcement of the deal.

"An opportunity will be offered to all the stockholders of the Union Oil, Union Provident and United Petroleum to convert their stock upon a basis identical with the conversion of the Stewart stock."

The stockholders will receive preference shares, participating in cumulative 6 per cent. shares in the new company, it is stated. These shares, however, because of their participating character, may bear interest at as high as 10 per cent. if the earnings of the company justify. They are cumulative in the sense that the surplus from one year is available for dividends during the next.

WILL LOSE CONTROL.

A significant feature of the deal is the fact that the control of the Union Oil Company will no longer rest with the Stewarts. If all the shares in Union Provident and United Petroleum are exchanged for shares in the new Union Oil Company, both of the former concerns will go out of existence. In any event the control of Union Oil proper will no longer be held through them.

Under the arrangement which has until now prevailed the Stewarts are able, if they wished, to hold the control of the Union Oil Company, a corporation with over \$31,000,000 stock issued, by owning \$4,000,000 and \$5,000,000 worth of stock in United Petroleum, which controlled Union Provident, while the latter in turn controlled Union Oil.

The new British corporation, for the formation of which all preliminary arrangements have been made, will be strictly speaking, a holding company. It will be governed by a directors of twelve, three of the directors to be selected by the Union Oil interests here, and the local management is concerned the directors for the present will remain the same, except that the English interests will have one representative on the board.

Although no arrangements have been made to do so as yet it is believed that ultimately the English interests will buy in the controlling interest in the Union. It will be natural for them to undertake this to safeguard their own large investment.

The investment of so much money as outlined, in a California enterprise, will prove generally beneficial for the state in the opinion of well-informed local financiers. The Union Oil Company is one of the leading corporations of the West, and has been in line for a tremendous expansion, as soon as properly financed. Most of the stockholders of the company are Southern Californians.

STATEMENT BY STEWART.

"The deal which we have effected, will benefit California oil industry, because it will take away the surplus oil," said Lyman Stewart, president of the company. "The Union can go ahead rapidly with its development and the extension of its marketing facilities, without being hampered by lack of money. This will also enable us to increase the earning capacity of the company. The deal will place

the Union in an impregnable position financially.

"As far as the individual stockholders are concerned they will benefit by the deal on the same basis as the Stewarts. The deal will have the effect of strengthening their investment, in so far as the stability of the company is increased. The market for their shares will also be a broader one."

A natural outgrowth of the deal will be the listing of the stock of the new company at London. In that city oil securities are now regarded as a great deal of favor, as the interest in the industry has been at fever heat.

R. Tilden Smith will leave today for London to complete details of the big transaction at that city. J. B. Birkbeck, one of the syndicate's attorneys, who is reputed to be one of the best corporation lawyers in London, left last night.

While Smith declined to go into details regarding the directorate of the company, he stated that the board would be composed of thoroughly representative men. He also declined to go into details concerning the company's organization. The Right Honorable Earl Grey and several of the nobility of England are to be interested in the new company it is understood.

Mr. Smith remains here to complete the details of the deal, and in a few days particulars of the transactions are to be furnished the stockholders of the Union Oil Company. One of the attorneys of the syndicate, is also still here.

A brief history of the deal from the time the option was given to the General Petroleum the latter part of 1912 was published in The Times yesterday. The representatives of the English syndicate did not begin their negotiations until last December. Negotiations were broken off shortly before the departure of the Englishmen for London, February 1, but were resumed shortly thereafter.

The Englishmen returned to Los Angeles fully prepared to close the transaction.

Union Oil stock evinced strength and activity in the local market yesterday, as a result of the news that the deal was being closed. The final sale was at \$74.50 or only a fraction under the recent high of \$75.25. Over 400 shares changed hands altogether.

BUILDING FOR FAIR.

Ground for California Structure Will Be Broken Early in May, Says Exposition Commissioner.

W. D. Egbert, commissioner in charge of the California building at the Panama-Pacific International Exposition, announced here yesterday that ground will be broken May 7 for the structure. The Governor, President Moore of the exposition company, Vice-President Hale and Mrs. E. J. Sanborn, president of the Woman's Board, will be among the speakers.

The California building will cost \$500,000 and will be second only in size to Machinery Hall. With the exhibits and furnishings, a total of \$2,000,000 will be expended on this building by the people of the State.

The structure will cover five acres of a seven-acre plot and, it is said, will be the most imposing State building ever erected at any exposition. An arcade 700 feet in length, facing San Francisco Bay, and the largest ballroom in the State will be included in the building.

IDEAL SUMMER CAMP.

School Girls Invited to the Y.W.C.A. Saturday Afternoon to Hear Something to Their Advantage.

Intermediate school girls are to have the opportunity of a splendid summer outing this year, under the auspices of the Young Women's Christian Association.

The United States government has granted to the association a splendid site for a camp in San Antonio Canyon, one mile back of Old Baldy, and it will be improved and equipped for the season with everything possible for making a camp enjoyable and restful.

It is especially desired to secure several hundred girls of intermediate school age, who wish to avail themselves of the advantages of this camp. With this purpose in view, all such girls are invited to attend a meeting at the Y.W.C.A. building on Saturday afternoon at 2 o'clock, when Miss Lounsbury, who is in charge of the summer camp work, will explain to them all about getting ready for camp, what it will cost, how to get there, and other things necessary so that they will have a clear idea of the plans.

In addition to Miss Lounsbury's talk they will hear an interesting talk by Miss Gertrude Griffith, national secretary of girls work, who will tell them about the activities of her department throughout the country.

The school girls should not be negligent about accepting this invitation for a Saturday-afternoon meeting, whether they think they will take part in the camp or not. They may be so filled with the benefits of an ideal outing through stereopticon pictures and the illuminating description of a day in camp, that the way may open for many of them to become members of one of the parties.

AWARDED LAND.

In the contest instituted by Hannah Wilson against Thomas Watson, involving 160 acres of land in the Coachella Valley, Register Bureau and Receiver Robinson yesterday decided in favor of Watson.

The decision was reached after a long and arduous fight, and the required amount of money on the land to perfect his second-year profit.

MEATS.

"THE TIMES" SCHOOL OF DOMESTIC SCIENCE.

ONE of the many problems that worries the average new cook is to be brought forth when The Times class in domestic science convenes this afternoon, and is to be promptly laid in the dust, in other words, the problem is to be solved for the class in that best of all ways, by precept.

"The new cook is often puzzled to know just what vegetables to serve with the meat she has selected," said Mrs. Bertha Hafner-Ginger, yesterday, "and I propose to give with the next lesson full instructions how to select vegetables, so that the best harmony of foods may be secured."

This afternoon's lesson is to be on meats and meat sauces and the vegetables that go with each sort of meat. It is to be a lesson that will be of interest to every housewife and to those who don't make a pretense of keeping house, but who have to keep in touch with what goes on in the kitchen to see that their wishes are carefully carried out.

In these days when it is so difficult

to get competent help, it is almost necessary for the mistress of the home to know how the housework should be done, even if she never has to assist in its execution.

This afternoon's class will be given instructions in a number of meat dishes both cold and hot meats, and many of the delicious sauces that Mrs. Hafner-Ginger makes. To know how to make savory sauces, she says, cuts the meat bill in half. The addition of rich gravy properly seasoned makes the use of cheap cuts of meat possible.

Then, too, the careful selection of the vegetable to be served helps make the meal palatable. The right vegetable gives just the proper added piquancy that brings out the flavor of the meat. There are certain vegetables that combine with certain meats, Mrs. Hafner-Ginger says, and the knowledge of these combinations is of great assistance in any culinary department.

The Times School of Domestic Science meets each Tuesday, Thursday and Saturday, in the Auditorium, the second floor of the Times Building. The lessons are free to all. Class meets at 3 p.m.

**BOTH SIDES TO
BE HEARD NOW.****ANSWER OF OFFICERS OF FRIDAY MORNING CLUB.****Make Way at Next Monday Night's
Public Meeting for Speaker in Opposition to Power Bonds—Defend Former Action in Appointing Committee to Favor Bonds.**

In connection with the change of attitude of the Friday Morning Club toward the power bond election, as published in The Times yesterday morning, following the receipt by the officials of the club of a letter of protest from Mrs. W. C. Mueshet and others, who are opposed to the power bonds, the president and board of directors have issued a reply. The reply is not referred to in the reply, but the suggestion is made that they choose a representative to speak for them at the public meeting on Monday evening. The communication follows:

April 21, 1914.
To Mrs. W. C. Mueshet, Mrs. O. P. Clark, Mrs. William Baubryte, Mrs. Cornelius Cole, Mrs. A. N. Davidson, Mrs. William F. Howland, Mrs. J. H. Torrance, Mrs. Joseph F. Sartori:

Dear friends: In reply to your communication of April 20, 1914, you have been pleased to inform the board of directors of the Friday Morning Club has set Monday evening, April 27, for a public meeting at the clubhouse, at which time the subject of the power bonds will be presented. This will give an opportunity for you and other members of the club who are opposed to the power bonds to have their side presented.

If you desire to choose a speaker to represent the case against the bonds at that time, will you kindly communicate with the president of the club at once, in order that the name may be announced, or in case you do not so desire, to give the president an opportunity to get such speaker? Our earnest wish is to give an absolutely impartial statement at that time. May we call your attention to the fact that at the club meeting at which the action was taken which you criticize in your letter, a full opportunity was afforded for the presentation of every respect a representative one, so that the board has no feeling that summary or ill-considered action was taken when the club voted to have a committee appointed to favor the bond election.

Trusting that this will appeal to your sense of justice, we remain at your service.

(Signed)
MRS. RUSSELL J. WATERS,
President.
MRS. W. F. THURSTON,
Secretary.
And the Board of Directors.

Debate on Bond Question.

A power bonds debate will be held at the B'nai B'rith hall on Monday evening, between E. F. Scattergood, electrician of the Aqueduct Power Bureau, and E. H. Ballard, secretary and general manager of the Southern California Edison Company. Lantern slides of the aqueduct and other local power plants will be shown, illustrating the extent of the investments of both the city and the power companies.

TO RAISE MARKET TROUT.

Local Man Also Purposes to Produce Frogs' Legs at Hatchery Near the City.

Mountain trout by tens of thousands and frogs' legs galore for Los Angeles tables are to be produced by a man formerly here yesterday, stated F. S. Lindsey, its president, last night.

Near the end of West Adams street, he said, a hatchery will be installed, in charge of F. A. Cottrell, recently arrived from Utah, where he was a fish-culturist in the employ of the State. At this point it was declared, native spring trout exist there, 100 inches of water, that feed Tijuera Creek. The hatchery site occupies seven and a half acres.

Frogs will be the main product, according to the plans declared last night. There is to be an annual production of 500,000 of the little fish, which will be marketed when the market for 1,000,000 trout a year.

The frogs are to be a side issue, yet it is proposed to have enough of the edible green variety around to satisfy all French-inclined palates in the city.

F. S. Lindsey of Los Angeles and Dr. C. M. Lindsey of Santa Monica are named as being behind the project, which is capitalized for \$50,000. It is called the Tijuera Creek Hatchery Company.

BUYS BUSINESS SITE.

Pasadena Capitalist Is Purchaser in Largest Deal in Close-In Property This Year.

One of the largest transactions in close-in realty concluded this year was the transfer yesterday by John Parkinson, senior member of the architectural firm of Parkinson & Bergstrom, to Dr. Rudolph Schiffmann of Pasadena, of the southwest corner of Sixth and Loomis streets. The property has a frontage of 117 feet on Loomis by 368 feet on Sixth and 126 feet on St. Paul avenue. The consideration is given at \$150,000.

Parkinson at one time had in contemplation the erection of a large hotel on the corner, which is generally regarded as an ideal site for such a purpose. The Crown City capitalist bought the holding for investment. The negotiations in the deal were conducted by L. J. Durner and H. G. Hagerty, with the firm of W. W. Mines & Co.

COLLECTOR ARRESTED.

Extortion Charge Is Lodged Against Manager of Agency Following Letter Threatening Debtor.

W. Mann, manager of the Mann Loan and Law Collection Agency, was arrested yesterday on a charge of extortion, following the receipt of a letter threatening a debtor. Mann is alleged to have written J. D. Prosser a letter in which he threatened to take action against him. Mann in the letter told Prosser that the complaint would be issued against him by the District Attorney. Many other complaints have been lodged against Mann and his peculiar methods of collecting debts. Deputy District Attorney Graham handled the case.

Be sure your money is safe, no matter what may happen.

The records of this institution cover 24 years and prove conclusively that money invested with us is always safe.

A great deal has happened during the past 24 years, both good and bad. And our records show that in all that time we have never failed to meet every demand when due, and that no one has ever lost a dollar invested with us.

This means that money invested with us is not only safe beyond question, but that the 6 per cent interest will always be paid promptly when due.

You may invest any multiple of \$100 in our Certificates, the 6 per cent interest is payable semi-annually, and after the first year principal and interest may be withdrawn at any time.

Call or write for details.

IS ABSOLUTELY FREE**

Hotel and Resort literature, Railway and Steamship time tables, etc., can also be obtained at the New Times Building, First and Broadway.

EMBERS CAUSE BLAZE.

Church and Residence Destroyed Shortly After Vestrymen Left Smoldering Fire in Store.

Shortly after a vestry meeting had adjourned in the Harmony Missionary Baptist Church, established by negroes at East Fifty-first street and Holmes avenue, fire burst out in the building, causing a total loss, estimated at \$3500. The residence of Mrs. A. Smith, adjoining the church, was also partially destroyed.

During the meeting of the deacons in the vestry earlier in the evening a fire was kept in the stove and it is believed that remaining embers kindled the disastrous blaze.

Los Angeles Hotels**Hotel Darby**

WEST ADAMS—AT GRAND
Highest class family hotel in the West. Table d'hôte dinners included in price of room. Breakfast and lunch a la carte. Rates very reasonable.

HELP FOR POOL SELLING.
John M. Burns, under arrest on the charge of having conducted a pool-selling and bookmaking establishment, was bound over to the Superior Court yesterday by Police Judge Chambers, after evidence had been introduced for several hours. His bail was fixed at \$500.

A STERN MEASURE.
 A woman charmed a burglar with her eloquence. While the new woman is well equipped for such feats, we would recommend as a regular process for burglar charming the striking of a positive attitude with a six-shooter in hand. There is nothing so gently persuasive as getting the drop on a burglar with a good gun.

A QUIET NATURE.
 Huerta cabled a London newspaper that his government awaited the trend of future events with serenity. This is a pleasant and commendable attitude. It almost amounts to watchful waiting. Serenity has always been one of the best things Mexico did. Indeed, outside of manana, it has been that country's greatest institution.

PUTTING ON AIRS.
 The weather ought to be ashamed of itself. After a blisful winter and a spring that has been a "Missusman Night's Dream," the elements had to turn in and greet the Native Sons with an April shower baptism. Our visitors were sprinkled and not immersed, and none of our hosts asked them to swallow the stuff. It was all on the outside.

HALF THE STORY.
 A man of good intentions talked to the girls at the Y.W.C.A. on the importance of every young woman keeping a budget. This is an excellent plan; and if another lecturer will now tell the young ladies how to secure the bank account from which the budget is to be apportioned a large number of girls will be glad to follow the advice and not a few men would take the hint and put it to work.

A MILITANT IN AMERICA.
 She is closer home than that. She lives at Moorview. It is uncomfortable to have militants so near Los Angeles as that artistic and vibrant suburb. The lady took part in the attack made upon Editor Whitaker Saturday night when that gentleman was left in the river bed with a noose about his neck and many bruises upon his person. She should be arrested for conduct unbecoming an officer and a lady.

CHARACTER CONTRASTS.
 While making a long drive the other day (in an automobile and not with a golf stick) we saw an up-to-date sign in front of a country church announcing that the text of the preacher for that night would be, "Contrasts in the Character of Christ." It must have been a good sermon. All of us find paradoxes in character, but only a few have traits of great difference that are equal in strength and goodness. Too many of us require some excess or viciousness as a balance for the points in which we are strong and purposeful.

ONLY A RELIEF.
 There are times when a man can bluff and get away with it. It depends on what has always been back of the man before he tries to put something over. The shal-low person is always called. There are people who try to live on nothing but bluff. They do just enough work to keep them afloat. They are always holding on by the skin of their teeth. They do only enough to draw their pay. They never advance and sooner or later they are always supplanted. For a steady thing the only sure rule is to have the goods and to be able to deliver them upon demand.

FALLING FOR BIG STUFF.
 It is a curious fact that people are most annoyed by small incidents. Our disturbances seldom come from the deeps. People generally know how to meet a real crisis. It is the little slights that hurt, the hasty words that sting the most. A real cause for quarrel brings reflection with the result that reconciliation generally follows earnest consideration. It ought to be the other way. Our slight injuries should be readily overlooked. In most cases they are unintentional to begin with. Feeling over trifles dissipates a lot of precious energy which deserves a better use.

LIVE WIRES.
 They make dangerous playthings. In this respect they are like war and women. A man got tangled up with one on Washington street Tuesday afternoon. The machine he was in was thrown thirty feet and wrecked, but the freak force lifted him to safety after shocking his system a bit and burning the clothes from his body. Such accidents are unusual. Considering the number of wires which net a city, they are miraculously rare. It is too bad that the tempering of copper is lost art. If it should be recovered it would mean a lot to the economy of electric usage as well as to public safety.

A MISCALCULATION.
 When Norman Angell was here a few weeks ago he predicted that it would take twenty-five years for the United States to occupy and pacify Mexico. Since it took all of 605 American sailors at least twenty minutes to capture Vera Cruz, it will at once occur to the casual observer that there was something wrong with Angell's calculations. He based them on the fact that it took England three years with 400,000 men to settle the dispute with the Boers. In the first place the Mexicans do not beat the Dutch, and in the second place the English and American temperaments are not precisely the same. The two countries also differ slightly in method.

"MY COUNTRY, 'TIS OF THEE."
 The population of the United States of America amounts in round numbers to 100,000,000 souls. They are in their fundamentals of the best blood in the world. They are in actuality the most intelligent, moral and right-thinking people the sun shines on today. But—

But they are in actuality anything but homogeneous. They are today a conglomeration of people of all the bloods in the universe, of all stages of development, of all kinds of views from a conservatism as obstinate as that of the English House of Lords to a Socialism that leads to the door and through the door into anarchy.

Politically, we are of many creeds, and our political battles are fierce, if not sanguinary. From the hall where the Senate meets to the ward gathering, all over the country, the conflict of opinion is almost without restraint, sometimes going beyond all restraint.

Such is the American people in times of peace; but when the American Eagle screams in warlike spirit Americans become all of one sentiment, see things from one point of view, and present a wall of solid adamant against any foreign foe. Americans for the most part are righteous-minded, and their ardent wish is "my country, may she always be right." But they are also very much of the sentiment of the American naval hero who said, "My country, right or wrong?" This is the outcome of a spirit of the most ardent patriotism in which the flag becomes a sacrament, "an outward visible sign of an inward spiritual grace" which is an inspiration from high heaven.

It has been said that patriotism is intense in inverse proportion to the extent of a man's country. It is also said that patriotism is a sentiment of half-barbarous peoples, weakening with the spread of high civilization. If these views are half correct, then America, with her vast territorial possessions and high civilization, should be lacking in patriotism. That the statements quoted above are not correct may be taken as established from the ardent patriotism that fires the American heart of today with as fierce fires as those that burned on the field of Marathon, on those of Lexington and Bunker Hill, of Gettysburg and Shiloh.

True Americans are too courageous and too intelligent to submit their views to the pencil of any leader. They have always the courage of their convictions and the words in which to express them in eloquent phrase. But when it comes to a foreign war, and having expressed their opinion, they will then forget all differences and divergences of views and march with the tread of a mighty army against the invading foe, or to invade the country of the people who dares to offer an insult to the flag, to do an injury to our fellow-citizens, or to defy our demands.

All just-minded Americans deprecate war and only consent to enter into war under dire provocation. But when the war comes, without regard to the grounds on which it is based, they are all for the flag, all for the country. Faction is forgotten; the bitterness of political antagonism stifled. How quickly an American Congress will appropriate money for war! How quickly American citizens will shed their blood in defense of the flag, to uphold American honor, or to avenge an insult to the country or the flag!

It is a proud thing to have people of these noble sentiments, and perhaps, after all, war may not be the worst thing that could fall as an affliction on a people. If it unites the country in a common sentiment it may purify our spirit somewhat from intolerant political prejudice and make us better in the end.

War is a dire thing and needs something to justify it, and we shall all hope that if war has come it will bring its blessings to all of us and not prove an unmitigated evil.

THE PURPOSES OF LIFE.
 A sustained purpose is designated as an "ambition." When the purpose ceases to be sustained it is known as a "dead ambition" and left unburied. Novel writers are particularly fond of crediting the "hero" with dead ambitions and dead ideals, which, of course, are to be resuscitated by the "inspiration" of the "one woman." Hence we term stuff that deals with such themes "fiction."

The purposes of life from childhood to the further days of maturity are seldom unvaried. Breathes there a healthy, normal youngster who never wanted to be a pirate or some villainous creature of similar hue? The child, having no conception of cruelty, imagines that slaughtering fowls is infinitely more pleasant than cutting down weeds. The next phase of ambition takes the form of determination to win fame, honor or money. In very few instances the ultimate quest is not addressed entirely to the pursuit of money. All other ambitions are usually decapitated by the janitor of Plutus.

Even the trend of the college is to equip men and women for one success in life—success in making money. Culture, the deep culture that is the heritage of study and thought, is not so prized as the made-to-order refinement exemplified in valuable paintings, costly books, prodigious decorations that any man with money may purchase, and but few enjoy.

We cannot believe that men understandingly set out to "make money" simply because they want to get hold of it that they may have a riotous time spending it again. Men don't go into commercial enterprises as a navy goes forth to work—simply to slave until he has a large enough sum to furnish a "celebration!" Yet that seems to be the idea that causes many, many young persons to develop mercenary ambitions. They say: "I'll make my fortune and then enjoy it." They have pledged themselves to a false purpose—if they cannot find pleasure in the work that will bring them money, but few will ever make the coveted fortune. The men who succeed enjoy their work, whether in finance or in letters. The fellow who goes into the profession of law simply to make money either develops into a crook or into a disappointment to himself. It is the fellow who loves forensic battles, who rejoices in the intricacies of logic and the psychology of arguments that succeeds—and the finances of it, while important, are secondary.

It sometimes happens that men make money and grow tired of the business. In looking about for some means to enjoy life they present a sorrowful spectacle; they have failed to develop the powers of intelligent enjoyment. The man who enjoys his

The Logical Answer.

business never gets tired of it, no matter how old he gets or how much money he makes.

So it seems to one who takes a perspective view of life, ambitions, rewards and such things that the most vital decision in the life of each person is to select that work, that ambition to which he is drawn by affection rather than by prospects of profit. M. Fabre, with his garden for a world and insects for companions, cares neither how much money some people may have nor how much fame his tardy countrymen may heap upon him. The one reason that the Elizabethan period produced such remarkable literature was because only the men who loved their work essayed writing—it was not so profitable as at present.

He selects the worthy purpose in life who finds a work that is its own reward. And those who do so leave no "dead ambitions" in their wake.

WATER FARM AN URGENT NEED.
 Los Angeles county needs a water farm, and needs it badly. This farm will take care of the waters of the San Gabriel River and the Rio Hondo, which, in wet seasons like that which Southern California is experiencing this spring, break loose throughout one of the richest sections in the whole United States.

Wild water from those rivers, as well as from the Los Angeles River and the Arroyo Seco, recently ran unrestrained and cost Los Angeles county not only considerable money loss, but serious discomfort as well. When the rivers either overflowed or cut away their banks municipalities, corporations and private people suffered indiscriminately. County and city bridges were washed out, railroads lost miles of track, farmers saw their crops and soil swept away. Acres of rich land were gouged out by the rushing waters and the silt was swept away toward the Los Angeles and Long Beach harbors, where it helps to undo the work of years performed there.

This sort of thing is preventable and must be prevented. The Times already has told how much money will be expended in "building bigger and better and to last," but something more is required, and that something is water farms.

The supervisors already have had before them the problem of what to do with the waters of the San Gabriel and other streams. It has been stated that they favor a plan whereby the surplus waters can be stored for the use of ranches and citrus groves as the constantly-increasing area of cultivated land demands more and more irrigation during the summer months. The storage of water is nothing else but water farming, and water farming is absolutely necessary in a land which has to depend so largely on irrigation farming as Southern California does.

To arrange to store water is much better than to build huge storm drains to carry it away. A vast amount of wasted water goes down the San Gabriel River beds—it has more than one—every wet season. Up to the present, largely on account of the cost, proper consideration has not been given to the problem of conserving that water, but it would seem to be a subject that should no longer be shelved. County officials are alive to the fact that the project, although a large one, is a public necessity.

Water farming, which in other words is intelligent water conservation, is a matter of such immense importance that slipshod methods of dealing with floods such as have obtained in the past should be done away with as quickly as possible and the storage of water be systematically tackled.

A Catechism.
 [Judge:] What is the name and purpose of this woman's club?

The name is the Tuesday Club. The constitution states that its purpose is to improve the mind, discuss literature and ameliorate the condition of the poor.

Is the constitution correct?
 The members haven't read it.
 The ladies play bridge for high stakes. Is that the real purpose?

Oh, no, certainly not.
 They wear daring gowns. Is that it?
 We wear fur from thus.

They are all either divorced, hope to be, or should be. They mostly drink highballs. Are these the purposes?

Nay, nay. The purpose of the Tuesday Club, if you are so inquisitive that you must know, is to get the names of the members into the society columns of the papers each Wednesday.

WHEN WOMEN PROPOSE.

[New York Evening Sun:] "Stage Lovers of Future Will Be Women."—Guy Bates Post, star of "Omar, the Tentmaker."

I.
 "Alcibiades, a conviction that our spiritual essences in the ultimate degree are so radically akin and harmonious and have been so in successive recurrences leads me to suggest that a New-Thought union of these essences in the light of new revelations might be productive of not only the supreme happiness, but the fullest realization of ourselves in the upliftment of humanity. . . . You accept? Thank you. . . . No, no, the osculatory process is quite unnecessary. . . . Jane, turn out all the lights except the one with the pink shade and send in papa."

II.
 "Mike."
 "Maggie."
 "Well, Maggie?"
 "Do you like pancakes?"
 "Sure I do."
 "I'm gonna make some fer supper tomorrow night—if you come."
 "Sure, I'll come, Maggie."

"Mike."
 "Maggie."
 "Do you like baked potatoes or fried potatoes?"
 "I'll make them, too."
 "Maggie, do you wanna go to a movie pitcher show tomorrow night?"
 "Sure, I do, Mike—with you."

"Maggie."
 "You don't look quite as good as you used to."
 "I ain't feelin' as good, Maggie."
 "You ain't got nobody to take care of you, Mike."
 "Why don't you get married, Mike? A good woman that 'ud take care of you."
 "Why, doan I, Maggie?"
 "Mike."
 "Jim Brown's been kinda comin' around lately. I wonder what 'e wants."
 "He has, has 'e, Maggie? Well, he ain't comin' around after this, I tell yuh."

"Mike."
 "Maggie."
 "Mike."

HUGHIE JENNINGS.
 Red McGehee says:

The human lawnmower's come t' bat an' says his this year's hand 'e pat—he's bettin' ev' chile! "Detroit is gonna cop this year—EE-EE-EE!" says Hughie. (Spare me ear! That howl gives me the pips.) He's pickin' grass an' making flats, he's like to bust his two good wrists; I guess he believes himself. Somebody read his palm, perhaps, an' saw him pass the Griffiths an' Naps an' put Mack on the shelf. He ain't got no other hunch except that his o' tiger bunch is due an' can't be stopped. He's got a feelin' in his soul the rag'll stop 'round Navin's pole when this year's curtain's dropped. Clark Griffith's laughin' at you, Hughie, if Mack Crawshaw he'd be laughin', too. Here's what I heard Grif say: "Cobb only bats four times a game an' don't play when his eyes 're lame. G'wan, Hughie, g'wan away."

But Grif is just as famed fer gas as Hughie is fer pullin' grass and Hughie's won one chile! The wisest folks ain't sure at all about that bunting till the fall, so let Hughie chew the rag. Y'u can't tell—he may gloat the prize by pullin' some skullduggin' tricks, some new baseball intrigue. An' if the 'ol boy don't succeed at least right now he's got the lead in Conversation League.

Known by Their Words.
 [National Monthly:] A traveler who believed himself to be sole survivor of a shipwreck upon a cannibal isle hid for three days in terror of his life. Driven out by hunger, he discovered a thin wisp of smoke rising from a clump of bushes. He crawled carefully along the ground to study the type of savages before making his presence known, he overheard one of the group say: "Why in hell did you play that card?"

He dropped on his knees and devoutly raising his hands cried: "Thank God, they are Christians."

Advertising vs. Praying.
 [Little Rock Gazette:] The small daughter of a Little Rock family had been praying each evening at bedtime for a baby sister. The other morning her mother, reading the paper, exclaimed: "I see Mrs. Smith has a little daughter."

"How do you know that?" asked the child. "I read it in the paper."

The mother read: "Born, on March . . . to Mr. and Mrs. . . . Smith, a daughter."

The child thought a moment, then said: "I know what I am going to do. I am going to quit praying and begin advertising."

EMANCIPATE THE RED MEN.

BY LOUISE KELLER.

The Indians of a right ought to be free American citizens; instead they are virtually prisoners. It seems pathetic to see old men and old women dictated to by a petty civil service farmer from the Middle West who is entirely ignorant of California soils, climate and people and who has never seen irrigation.

If an Indian should presume to have any ideas of his own he would promptly be told: "You must obey me or I'll send you to jail. The United States government is back of me."

Should the Indian take the initiative in planting crops or in rearing his children he would soon see an automobile bringing the superintendent to tell him that his little ones will be taken away from him and sent to the Indian schools at a distance and he put in jail if he should dare to do such things again.

The farmer has a modern home, armed like an arsenal. His guns are in plain view and always loaded. He and his wife, the field matron, speak of the Indians as "our inferiors." They attend the Indian memorial services for the dead, call a fiesta, and laugh and make sport of their most sacred rites. All of this makes the red men hate the whites with a hatred that is simply intense.

They are held in subjugation by fear, and the men who are in authority over them are in constant fear—the result is a nervous strain which is detrimental to all concerned.

If each Indian were given a quarter section to do with as he sees fit, we should have peace and good will among the Indians, who would prove to be our best citizens, for they have never known any other country or any other government than our own United States.

The Ethiopians and the Mexicans were never placed on reservations, yet what given the right of suffrage they were as helpless as so many children. They have taken care of themselves without any aid from the government.

These Indians of today have been educated in Indian schools and in public schools, with which the government has a contract. They converse in Indian, Spanish and English. They can read and write better than the average poor white people from the South and Middle West. They can sing and whistle and dance, and when it comes to grazing, farming or domestic science, the Indians save as much as those who are trying to teach them.

The law states that Indians living in tribes on the reservation are not taxed and are not allowed to vote, yet when a white civil service farmer wishes to be elected a school trustee, to have a school elected or to have a certain amendment passed he has them registered and makes everyone vote.

The red men are Americans and they should be free. What crime have they committed that they should be kept prisoners? From birth to death they are under guard. Someone is ready with a gun and the threat: "You must obey me or I'll report you to the government and have you made an example of!"

"If given land they may sell it or they may give it away." That is true, but white men have done the same. They have just as much right to live their own lives and to move to Cuba, if they wish, as you or I, may read public.

"They are savages?" Oh, no; they are not savages. The prisoners in any place have the same rights as the free, and they act as such. They are only human. You and I and all of us should act the same way under the same circumstances.

"They are superstitious and celebrate a fiesta."

We are all superstitious when it comes to telling the truth, and we all like symbols and ceremonies, even in our lodgerooms.

"They dance and sing to drive disease away." Well, what is that but showing the power of mind over matter? The patient forgets his troubles—his mind becomes interested in the singing and dancing, and presto! he is well!

If these people were given their rights, they would mingle with the other human beings on this globe and intermarry to the betterment of the races. The Indian is virile. He is quick to learn and possesses a most retentive memory. He is a loyal friend and, if given the ballot, would make the best kind of a citizen.

Why import ignorant foreigners—who are mostly anarchists—when we have such good agriculturists and graziers on the government reservations?

Let us celebrate the opening of the canal by emancipating the red men.

LONG LIFE.
 WALT MASON IN THE TIMES.

"I would not live away," some poet paused to say, when to his humble shack eight manuscripts came back. I would not live away, even though each passing day brought new gifts to me; and prizes fair to see. If daylight never ceased, if in the golden East the glowing sun should stand, at Jove's direct command, no longer so its way, and shine day after day, we'd weary of the sight, and we would long for night. And so with life, my friend; if it should never end, how tired we all would grow, of everything below! All things would seem old, a tale that has been told too oft, without avail; the whole world would seem stale, and we would stand and rave: "Ten dollars for a grave! Won't some accomplished guy instruct us how to die? We've hung around too long, a tired and jaded throng; we're tired of human toys, we're tired of mortal joys, we're tired of drawing breath, we're tired of all but death, which we'd regard as a snap, but it is not on tap. We'd like ten yards of doom! Bring on the mist! tomb, the casket, and the hearse, for life's become a curse!" I would not live away, my friend, by half a day!

China's Marriage Customs.
 Dr. Ng Poon Chew of Canton, China, speaking at Indianapolis about the changes going on in his country said about marriage:

The matrimonial affairs of China are also becoming Americanized. It used to be the custom for the parents to make the matches and to write all the love letters. Filial respect has been carried to extremes in China and ancestral worship has resulted. A child knew it must marry, but had nothing to say as to when or to whom he was to marry. The Chinese parents think matrimony is a question of the mind and not of the heart. In the buying of a lot one examines the abstract for years and years back; there is no sentiment in the building of a home. The Chinese parents view matrimony in the same way. They know love changes with the scenery and environment. However, the children are insisting that love enter into the selection and it will not be long before the hot air from the ardent wooer will be as common in China as it is in America—when there will be more love in marriages and more divorces.

Pen Points: By the Staff

No longer manana in Mexico. It is today. All the land roads now lead to the Grande.

Col. Felix Diaz is viewing the situation afar off, the farther off the better.

The situation in Mexico is one whose end come cannot be predicted. Quim about.

The definition of war by the late Gen. William Tecumseh Sherman still holds true: "The stick-up trimming on the spring time is called 'donkey's ears.' Ah! it is the truth!"

American troops in Vera Cruz, the sounds just a bit familiar. Remember San Winfield Scott?

The arrest of the American marines was but an incident. Manifest destiny had to be served, even in Mexico.

All of the volcanic demonstrations in evidence are not confined to Mexico. There is Long Beach, Frinastance.

Miss Martha Reddish is an American girl who is winning vocal honors in Europe. Another color schema, we trust.

Barnum Brown claims to have discovered a monoolonius that lived 2,000,000 years ago. But that name sounds suspicious.

Is the St. Nicholas Mole War, who performed such distinguished services during the Spanish-American War, ready for his last stand?

Remember that old-time Mexican song, sung in 1846-8, beginning, "On Vera Cruz's bloody field a dying soldier sang?"

Gov. Colquitt and his Texas Rangers have so far shown most commendable repression of their real feelings in the present crisis.

All quiet on the local plane, except that then a lone Mexican takes a cigarette, mescal, pulls on his cigarette, and smokes "Caramba."

John Bull says that Uncle Sam is waiting quite a job in Mexico. Oh, well, he knows your Uncle Sam is accustomed to handling big jobs.

The bill of outrages, murder and rape presented by American citizens that has been standing against Mexico for so long must now be settled.

England, France, Germany and other powers will do the innocent bystanders pending the cutting of the diplomatic knot in Mexico.

The quota of California under the 250,000 men will be less than 100,000, and Los Angeles can furnish many if the need exists.

The situation ought to stimulate a study of the geography of Mexico and a pronouncing dictionary of the names of places and things below the line.

When the American naval force has possession of Vera Cruz, Gen. Max, in command of the local Federal troops, left the carriage and left the city. That is Mexican of it.

It will be a chance to test the service of the worst comes, and demonstrate the availability of that sort of warfare in the clouds: There will be a lot of writing on this continent the next few days.

Congress gave William McKinley a hundred million dollars for the American War; it gave Woodrow Wilson fifty millions. When the honor of the is involved the nation's pursestrings are easy to slip.

If the young men who attacked the editor of the Monrovia Messenger and approved of the way in which the paper was run they ought to have written to the editor signed "Veritas," "The Publico," "One who was there," etc.

In every war for a hundred years an American vessel has been prominent in the public eye. In the war of the rebellion it was the Bonhomme Richard. In the war of 1898 it was the Kearsarge and the Albatross. In the Spanish-American War it was the Oregon and the Albatross. Call the heroes; it is a long one.

Who will be the Gen. Antonio Lopez Santa Ana of the Mexican campaign? He was neither a commander, a statesman, an honest man, but was sent here after being beaten by the Americans. In 1835 he was recalled and elected President for life, but was deposed by a revolution. He was driven out of the country, the capital of grand-marshal given him by the Americans, who afterward was shot on the plaza of Queretaro, being an empty one.

CALIFORNIA.

We praise thee, California, when beauty we behold; Your praise is sung in every tongue; the days of old; All nature joins in the chorus, over and over again.

While the roar of the mighty ocean like the great amen.

We watch the golden sunset, the Golden Gate, And we hear the meadow lark sing to his mate.

The soft and mellow twilight, the mountains round us fall; Oh, California, 'tis to the God of love we call.

He set the sacred missions here, the land of plenty unfurled, Today those same old bells are ringing across the world; He bid the flowers to always bloom, summer ne'er depart, Oh, California, 'tis to the God of love we call.

STELLA

Life's Gentler Side—Society, Music, Song and the Dance—The Theater.

MOVEMENTS IN SOCIETY.

COUNT AND MRS. JARO VON SCHMIDT, who will sail on the George Washington May 16 for an indefinite stay in Austria, are to be lavishly entertained prior to their departure. Mrs. H. H. Holiday has asked Mrs. Von Schmidt for the afternoon of Tuesday, the 25th, while on the 25th Mrs. F. Erwin Herron will have a few tables of bridge as a parting courtesy to the traveler. Miss Louise Burke of Berkeley Square has signified her intention of entertaining Mrs. Von Schmidt next week, as has also Mrs. E. A. Bryant of West Twenty-eighth street, who will preside at a dinner party for the young couple. Another affair will be the buffet supper party planned for tomorrow evening by Mr. and Mrs. W. A. Barker, who will entertain at their home, No. 1633 West Adams street, and Mrs. Dan McFarland will add to the pleasant memories with charming affair. Mrs. and Mrs. William Ellsworth Dunn of West Twenty-eighth street entertained informally Tuesday evening with buffet supper for the Von Schmidts, and there will be ever so many other affairs before May 16.

Dinner and Musicals. A dinner and musicals last evening had for its host and hostess Mr. and Mrs. Lee Allen Phillips, who entertained at their home, No. 4 Berkeley Square. A handsome arrangement of lilies and larkspur was used on the table as well as about the rooms, forming a pleasing combination. Following the repast an excellent program was presented by William Edson Strobbridge at the piano; Mr. Gutherson, piano; Roland Paul, tenor, and Gage Christopher, baritone. Covers were laid for Lieut. Gen. and Mrs. Adna H. Chaffee, Mr. and Mrs. John J. Byrne, Mr. and Mrs. William J. Hols, Mrs. and Mrs. Gail Berden Johnson, Mr. and Mrs. Isaac Milbank, Mrs. William T. McFie, Mr. and Mrs. George F. Beveridge, Mr. and Mrs. John Burke, Dr. and Mrs. Walter Jarvis Barlow, Mr. and Mrs. Lindley, Mr. and Mrs. Percy H. Clark, Mr. and Mrs. Frank Balliet, Mr. and Mrs. Harry Coffin, Mr. and Mrs. Sumner Hunt, Dr. and Mrs. W. H. H. Clark, and Mrs. William Irving Hollingsworth. Mr. and Mrs. Seelye W. Mudd, Mr. and Mrs. Dean Mason, Mr. and Mrs. Edwin Joseph Marshall, Mr. and Mrs. Charles O. Nourse, Mr. and Mrs. Thomas W. Phillips, Mr. and Mrs. Charles Beaman, Mr. and Mrs. James Parker, Mr. and Mrs. Charles Toll, Mr. and Mrs. Shelley Tolhurst, Mr. and Mrs. Shirley C. Ward, Mr. and Mrs. W. J. Washburn.

Married Last Evening. Of interest to friends in this city, Minneapolis and New York was the wedding last evening at the Hargrave apartments of Miss Marion E. James, daughter of W. H. James of Minneapolis, and Herbert T. J. McDonald, son of Rev. T. H. McDonald of Rochester, N. Y. The Rev. E. Stanton Hodgkin performed the ceremony beneath a handsome canopy of Cecile Brunner and maidenhair. The bride, attended in white embroidered chiton, and carrying a shower of white roses, was attended by two matrons, Mrs. Andrew W. Francisco and Mrs. A. B. Ritchie. Mrs. Francisco was gownned in pink satin brocade, trimmed with pearls, while Mrs. Ritchie was attractive in an imported gown of white pineapple tissue. They carried white roses and pink Killarney, respectively. Mr. Francisco and Mr. Ritchie played in the wedding march. West carried the ring in a huge blossom. At the conclusion of a honeymoon tour through Southern California, the young people will reside at the Hargrave apartments.

Another Wedding. Last evening in the Immanuel Presbyterian Church, the pastor, Rev. Dr. John Balcom Shaw, officiating, Miss Martha Anne Hayes, daughter of Mr. and Mrs. Samuel Sherman Hayes, became the bride of William L. Heater of Toledo, O. Following the church service, which was witnessed by several hundred friends, a reception was held at the Chamouny apartments. After May 15 Mr. and Mrs. Heater will reside at No. 606 South Westmoreland avenue.

Informal Dinner. Mr. and Mrs. Henry C. Grupe of No. 514 West Fifty-second place entertained informally with a dinner recently at their home. The guests included Mrs. and Mrs. Orland B. Burdick, who were married Easter week. The home was fragrant with honeysuckle and roses. Mr. and Mrs. Burdick are at home to friends temporarily, at the Reiter Arms apartments, where they will remain until the completion of their home in Hollywood.

Mrs. Vogel Hostess. Seated at small tables along with Cecile Brunner and maidenhair, friends of Mrs. L. L. Vogel enjoyed a tempting luncheon yesterday at her home, No. 2271 Cambridge street. Hand-decorated cards marked covers and were used for scores by guests, including Mrs. Charles H. Davis, Mrs. Alexander R. Fraser, Mrs. Charles B. Griffin, Mrs. Emma Jane Allway, Mrs. John T. Dennis, Mrs. James Chalmers, Mrs. Fred Webster, Mrs. William H. Wager, Mrs. George Hammett, Mrs. Harry Schofield, Mrs. Abby Alderman Benson, Mrs. Isabella Vawter, Mrs. Forester, Mrs. Charles Dameral, Mrs. Edgar D. Brown, Mrs. J. C. Cribb, Mrs. E. D.

Various Artists and Large Audiences. Aid in Furnishing Clubhouse for Women Engaged in Domestic Occupations—Selling's Pupils' Recital—Olney-Corbett Concert.

BY HECTOR ALLIOT. Young women engaged in domestic service gave a first concert, last evening, at Symphony Hall.

Remembering that the mother of a distinguished young whistler once had said to me, I anticipated the discovery of some new talent, held latent by the demands of irksome household duties.

"My daughter sings well enough this evening," her mother had told me, "but you ought to hear her when she washes dishes. She whistles then better than before any enthusiastic audience."

Miss Emma Anderson, the president of the new "Progressive Household Club," informed me that among the 500 members of that association, there are to be found soprano, contralto and instrumentalists of no mean degree, but that the duties of their daily occupation preclude their giving sufficient time to practice and to prepare for appearing in public.

"The Progressive Club is in no way political," was defined by one of the figures, as its definition is suggested; "progressive contrary to the more recent conception of the objection means moving forward toward betterment, which is so written that it is practically a complete playlet."

The new bill, by the way, contains some of the best of the old, being the Paul Armstrong play, "To Save One Girl," and the Hartley, the jumpers, Herman Timberg, well known in the district, is directed by "School Days," returns as a single, Catalane and Denny are a routine duo with new methods and much more. The new bill is a comedy in three men on a wheel of long vaudeville popularity, and Bill Pruitt is a recent discovery—a "cowboy" Calum.

The Fuhrer girls will return and afford some fine cello and violin music. The new bill is a comedy in three men on a wheel of long vaudeville popularity, and Bill Pruitt is a recent discovery—a "cowboy" Calum.

Beginning Sunday Matinee, April 26th
MY SHADOW AND I

ward J. Fleming, Mrs. L. E. Lord, Mrs. J. C. Brown, Mrs. Fred Newport, Mrs. Thomas H. West, Mrs. William H. Cline, Mrs. D. R. Heart, Mrs. Horace L. White, Mrs. Frank Griffin, Mrs. Ralph Hagan, Mrs. Clay S. Tappan, and the hostess, mother, Mrs. James Chalmers of Ocean Park, who was present as honoree. Mrs. Chalmers will leave soon for a five months' sojourn at her summer home at the Thousand Islands.

Westlake Bridge Club. One of the charming affairs of the week was the bridge luncheon presided over by Mrs. Frank Jay at her home, No. 125 West Eighteenth street, honoring the members of the Westlake Bridge Club, and special guests. The small tables were daintily arranged in gold baskets, and water color cards marking covers, embellished in spring blossoms. Games of auction occupied the afternoon. Guest prizes were won by Mrs. Mmes. Palmer and Morehouse. Special prizes included were Mrs. Stanford Parker, Mrs. Charles L. Bagley, Mrs. T. H. Wright, Mrs. Baldwin Starr, Mrs. J. S. Sill, Mrs. J. B. Clark, Mrs. Donald Keeler, Mrs. George W. Maxon, Mrs. Eugene Woody, Mrs. Ira S. Chapman, Mrs. G. W. Saurert, Mrs. S. W. Sings, Mrs. W. Walheimer, Mrs. P. W. Breesse, Mrs. Joseph Goldsmith, Mrs. Grove Ketchum, Mrs. John F. Cline, Mrs. William Cline, Mrs. Persa Johnson, and members, Mrs. L. L. Vogel, Mrs. William Varlet, Mrs. L. E. Ford, Mrs. Frank Roosevelt, Mrs. Frank A. Jay, Mrs. Ralph Hagan, Mrs. Lou Palmer, Mrs. William A. Morehouse, Mrs. E. J. Brent, Mrs. Richard Pennell, Mrs. Albert Mortenson, Mrs. J. S. Sill, Mrs. Fred Gatum and Mrs. A. J. Sherer. Mrs. Jay asked to assist her. Mmes. Breesse, Hagan and Brent.

Third of a Series. A charming affair of the week was the dinner party given by Mrs. P. W. Breesse at her home, No. 1713 West Adams street, the third of a series with which this hospitable hostess is entertaining. The house was decorated profusely with wild flowers, the large round table was ornamented with a low basket filled with Japanese lilies and a vase of roses, and the table was covered with the same blossoms, marked covers for Mr. and Mrs. G. W. Saurert, Mr. and Mrs. J. Goldsmith, Mr. and Mrs. E. Hender, Mr. and Mrs. H. H. Clark, Mr. and Mrs. Ira Chapman and Mrs. Persa C. Johnson. Games of Five Hundred and other games were played by the hostess following dinner.

For Culture and Efficiency. HOUSEHOLD CLUB VOCAL RECITAL. AMUSING MENU EXPERIENCE APPROPRIATE READING.

MONDAY WILL BE BIG DAY.

New Shows All Over Town to Make Their Bows.

Mason and Majestic Come Into Fold Again.

Rock and Fulton Return; Vaudeville Bills.

Chauncey Olcott, easily the foremost of the exponents of Irish character actors in this country, opens his annual engagement at the Mason Opera House Monday evening, and will remain throughout the week with Wednesday and Saturday matinees. In his new play, "Shameen Dhu," by Rida Johnson Young.

Mr. Olcott has written a cycle of new songs to fit the piece, including "I Never Met Before a Girl Like You," "My Little Dhu," "Too-ra-loo-ra-loo-ra," "The Irish Lullaby," "Peggy Darlin'" and "Dream Girl O' Mine," which are said to be ahead of anything he has written in a long time. The production, which has been built under the personal direction of Henry Miller, is said to be unusually elaborate, and worthy of that master in the art of stagecraft.

Burbank. There will be but four more performances of the delightful comedy with music, "Auction Pinocchio," at the Burbank Theater. This play will be taken out to be shown at the New York production, and on Sunday matinee will be given for the first time on any stage, "My Shadow."

This new play is a comedy drama in three acts, and is one of the Adolf Phillips string of productions. The play is produced under the personal direction of the author and the full strength of the fine Burbank company has been contributed to its production. Jess Dandy will have one of the big fun-producing parts of the play.

The best Stanley will have one of the best roles in which he has appeared for some time. Beatrice Nichols will have a very important role, as will Grace Tracy, Thomas McLarnie and Donald Bowles.

Majestic. Mr. and Mrs. Douglas Crane, remarkable exponents of the modern dances, will open an engagement of a week at the Majestic Theater beginning Monday night with a new play, by Mrs. Louise Closser Hale, "Her Soul and Her Body."

During the performance of this play Mr. and Mrs. Crane will dance their ballroom dances in the second act, including the tango and the new "Honey Moon" waltz. Mr. and Mrs. Crane will give three wonderful new and sensational dances, "Love's Awakening," "The Moth and the Flame" and "The Blue Danube."

Morocco. Rock and Fulton with a big, company of vaudeville favorites return to the Morocco Theater on Monday night in a merry musical revue, "The Echo."

In the cast will be Will Philbrick, Kitty Doner, Essie Franklin, Mary Ambrose, Frances White, Oscar Randall, Frederic Santley and Jane Grant.

"The Echo" is announced as a dancing show of the fast and furious variety, and will be played on this morning, this brilliant young virtuoso of the violin will enjoy another triumph in his two recitals here next Tuesday evening with Saturday matinee, May 2.

Olga Steeb's Concert. Three piano concertos with orchestral accompaniment, including the program which is to be given at the Auditorium Friday evening by Olga Steeb and the Woman's Orchestra, with Henry Schoenfeld conductor. The latter organization, under the able leadership of Mr. Schoenfeld, has been brought to a fine state of development and during the past two months their weekly rehearsals with Miss Steeb have perfected the accompaniments until it is promised that the performances will be something unique in local concert history.

Each of the three concertos has three movements and each is distinguished by most charming melodies and beautiful harmonies. In the entire range of concertos three more delectable numbers could not have been found. It would not be going amiss to consider the programme as made up of nine beautiful piano solos with the delightful addition of orchestral instruments.

Little Theater. "Wan of the Wood," the Florence Willard play of fairyland, will be the first production at the Little Theater since the John Blackwood players ended the district engagement. The opening has been definitely set for next Tuesday, April 28. Three different casts of players will present the play, alternating at each performance.

Ontario. Will Attempt to Make Ten-Mile Boulevard Running from Valley to Mountain. Take Its Place Among the Famous Drives of the World. Rain Benefits Farmers.

Lawrence Johnston, ventriloquist comedian, is the sixth announcement. Republic.

Next week a highly-educated ape comes to the Republic. He is said to be one of the best-trained apes on the stage, and has a number of entertaining and amusing tricks. He headlines a big new bill of Bert Levey vaudeville.

Hippodrome. "The New Chief of Police," a dramatic sketch by Walter Montague, will headline next week's bill at the Hippodrome. It will be presented by Landers Stevens and George Cooper and is a scathing arraignment of modern hypocrisy and fake reform.

Other acts on the new bill will be Herman and Shirley, "Mysterious Masqueraders;" Frode West, in Electric; Jerry Croft, hailed as some banjoist; the Venetian Grand Opera Company in "Rigoletto," and two other acts not yet announced.

Woodley Theater. "At the Wheel," featuring Mabel Norman and the big auto races held in Santa Monica recently, and showing the actual wrecking of "The Sunbeam" will be the feature film at Woodley's for the balance of the week, beginning today.

What promises to be a close contest for first honors will be the new programme of patriotic music which C. Percival Garratt has prepared as a supplement to the offerings which have proved so popular during the first half of the week.

Clune's. "The Spirit and the Clay," a psychological tragedy in two reels, made by the Vitaphone Company of America with their stellar picture performers, will be the feature film at Clune's Broadway Theater for the week-end bill, commencing today.

Next week two film headlines will be seen at Clune's. Another installment of "The Perils of Pauline," the picture series which will be shown, and "Brute Force," a two-part Biograph.

Tally's Broadway. Following Mary Pickford in the photoplay of David Belasco's charming fairy play, "A Good Little Devil," which is being shown this week only at Tally's Broadway Theater, comes another famous star in a play in pictures that gives him the role superbly suited to his individuality, William Farnum, in "The Redemption of David Corson," attains a distinct dramatic triumph.

Miller's. "Good Gracious," or "Movies as They Shouldn't Be," is the title of Miller's Ninth-Spring-and-Main-street Theater feature picture for the balance of the week, starting today and continuing over Sunday. This is the comedy upstart that set all New York laughing and which broke all records for a continuous run of a photoplay, being shown at the Vitaphone Theater on Broadway for 29 consecutive performances to 270 capacity houses at dollar prices. The other feature is Mary Imray Taylor's well-known novel, "The Imperator," which has been made into a three-reel drama by the Edison company.

Michigan Elman. Judging from the advance mail and telephone orders received by Manager Behrman for the Elman tickets, which will be placed on sale this morning, this brilliant young virtuoso of the violin will enjoy another triumph in his two recitals here next Tuesday evening with Saturday matinee, May 2.

Olga Steeb's Concert. Three piano concertos with orchestral accompaniment, including the program which is to be given at the Auditorium Friday evening by Olga Steeb and the Woman's Orchestra, with Henry Schoenfeld conductor. The latter organization, under the able leadership of Mr. Schoenfeld, has been brought to a fine state of development and during the past two months their weekly rehearsals with Miss Steeb have perfected the accompaniments until it is promised that the performances will be something unique in local concert history.

Each of the three concertos has three movements and each is distinguished by most charming melodies and beautiful harmonies. In the entire range of concertos three more delectable numbers could not have been found. It would not be going amiss to consider the programme as made up of nine beautiful piano solos with the delightful addition of orchestral instruments.

Little Theater. "Wan of the Wood," the Florence Willard play of fairyland, will be the first production at the Little Theater since the John Blackwood players ended the district engagement. The opening has been definitely set for next Tuesday, April 28. Three different casts of players will present the play, alternating at each performance.

BOY GOLFER AGAIN WINS.

Carlton Wright Leads Field at Annandale.

Makes Sensational Score on Sloppy Course.

Best of the Others Are Five Strokes Behind.

BY ALMA WHITAKER.

Carlton Wright was the one bright spot in the Annandale invitation tournament yesterday. He won the qualifying round with a medal score of 77, to say nothing of a cup fit for a championship.

Everybody else would have shown to advantage with a liberal concession of "if." The best score of our most cherished stars could accomplish was 82. Morris Phillips, Michael McLaughlin, E. N. Wright, that was their figure, and they gave us to understand that was pretty good, considering the state of the ground. Eh, what?

A. A. French looked reproachful when he and Charles E. Brougher, positively swayed with an 87—under the circumstances. For E. S. Armstrong made an 86, destroyed the mad record and estimated his name that Salt Lake was calling insistently and he was off there in the morning. Not, however, before he had won some congratulations from the grillroom about a mythical 34 upon which he was most discursive, or he fussed up.

A certain Eric Kobbe, attired in unpolished white and presenting a pale, interesting aspect, enjoyed a mild sensation by bringing in an 86 on a day when 89's were de rigueur, the latter figure being the familiar standard. Lincoln Clark likewise radiated virtue and self-approval, for did he not easily fetch a more familiar standard. Lincoln Clark likewise radiated virtue and self-approval, for did he not easily fetch a more familiar standard. Lincoln Clark likewise radiated virtue and self-approval, for did he not easily fetch a more familiar standard.

Carlton Wright's 77, with 33 out and 38 in, was really a remarkable achievement, for the rain had left deep gulches, holes and ruts, and the course was in no condition for stylish golf. Even W. H. Cornett, Will Bacon and T. R. Broom floundered into the mire, unshaken, completing the dismal list to blame. E. N. Wright also had a 39 in, with a 2 at No. 15, as did McLaughlin, and Crayner. Crayner's 48 was relieved by a 3 at No. 5—par 4.

The tournament had a narrow escape from not being held at all. It was called off and called on with a deliriously feminine indecision half a dozen times just before lunch. But ardent players kept coming, and the rain had already played their dripping rounds, vehemently, almost blasphemously, so, with fifty-five come on the premises, what will you?

There was, however, a scant showing from the Los Angeles and Midwick clubs—Arcturion, in fact, being star representative for all three clubs. Even Edward Tufts did not show up—fancy a tournament without Edward!

THE FIRST FLIGHT.

Those to qualify in the first flight were Carlton Wright, 77; Morris Phillips, 82; M. McLaughlin, 82; E. N. Wright, 82; A. A. French, 86; W. H. Cornett, 86; Eric Kobbe, 86; Charles Riggart, 87; Lincoln Clark, 88; Crayner, 88; T. R. Broom, 89; Will Bacon, 91; Ralph Harris, 91; W. H. Cornett, 92; Jack Gilmer, 92, and Thomas McCall, 92.

The pairings for this morning are Carlton Wright and Clark, French and Harris, Kobbe and Gilmer, McLaughlin and Broom, Wright and Bacon, Riggart and McCall, Davis and Cornett, Crayner and Phillips.

THE SECOND FLIGHT.

One hundred and three got into the second flight. One swaggered on 86 yesterday. Kammevayer with 84 headed the list, and W. M. Thompson, an impressive-looking gentleman from Chicago, brought up the rear with 103.

The pairings for today are Kammevayer and Nemevay, Dr. West Hughes and E. N. Mackey, N. H. Carter and Henry Newby, Rev. Davis and E. V. Poole, E. H. Lockwood and H. G. Chaffee, W. C. Smith and W. M. Thompson, I. L. Merrill and J. S. Hunt, Warner and E. T. Murphy. Carter's 93 was quite stylish, considering. He succeeded in doing his average when others went all to pieces. Dr. West Hughes has no right in that flight at all. If he can muster the form in which he beat Jenve and Osburn at San Gabriel the cup will be his with a waltz.

Third-flight scores were modest and unassuming, and would blush to find themselves famous. Quite a bunch of San Gabriel men here, the pairings for this morning are G. H. Crosby and E. E. Thompson, A. S. Ormsby and J. M. Drake, P. E. Day and E. S. Atkinson, S. Hyington and Dr. Magee, W. Harper and F. S. Brown, W. H. Wharton and A. T. Haben, J. E. Harpham and Dr. Taylor, R. L. Leslie and Oscar Lindmann.

THE PROGRAMME.

Mr. Browning is the sole representative from Long Beach. First and second-round matches must be played today and first-round defeated eight. Semi-finals on Friday—thirty-six holes for the first flighters.

Finals on Saturday—thirty-six holes for the first flighters. The second and third flights play on handicap, eighteen holes throughout.

The women's championship tournament at the Midwick Country Club was postponed directly the morning weather began to be too obvious. Even a sunny afternoon could not have made the course ladylike. Play will be resumed today at 1 p. m., climate permitting.

Saturday will be a great day—particularly at the Midwick. That baseball match, Los Angeles Country Club vs. Midwick Country Club, has society thoroughly on the qui vive. The country club baseball league cannot help being a splendid success. The polo field has been selected for the diamond and a large marquee is being erected for a grand stand. Practice games yesterday and today show that we are likely to have some first-class baseball, and Arthur Shaffer's august presence on the Los Angeles team raises the standard to heights of luxury.

Club colors will be flaunted radiantly. Los Angeles Country Club red and green, Midwick purple and white. Dozens of smart society women have announced their intention of rooting for Los Angeles, and the home team will be properly inspired by hosts of charming Pantheons.

Who's got L.A.'s goat?

Russell Brougher, president of the L. A. High School student body, with the goat he captured at Catalina and presented to the school for good luck.

Been Gone Some Time.

"L.A.'S GOAT" RETURNED TO THE SCHOOL ON THE HILL.

L. A. HIGH at last has found its goat. "Jim," a husky two-months-old resident of the hills about Avalon, has been formally presented to the hill-top school by Russell M. Brougher, son of the Rev. J. Whitcomb Brougher, and president of L. A.'s student body.

Athletic circles and even the Cliff-dwellers themselves, declare that L. A. "lost its goat" with the beginning of the rugby season, and a steady search has been maintained for that missing quadruped.

Firmly resolving that his school should acquire the needed mascot, Brougher started for Catalina last week, armed to the teeth. Among his effects were two six-shooters and an enormous Winchester repeater. Upon reaching the island he established headquarters with the Y.M.C.A. vacation camp conducted by Ray Jett and "Long Jim" Smart of Occidental fame.

Up before sunrise, the young nitro-d next day potted an immense goat with his first shot, and following day tracks up the hillside, caught sight of "Jim." "Jim" did not take a fancy to the murderer of his parent and it was 11 o'clock before the tiny scapegoat was hauled, whimpering, into camp. In all, six hours were consumed in the chase. "Pretty hard," said Brougher, "but I've saved L. A."

The next problem was the feeding of the youngster, who lustily demanded sustenance. In searching about Brougher found a nursing bottle filled with "goat's delight" in a tent occupied by five Poly students. To this day the mystery of its presence has not been cleared.

It was necessary to guard "Jim" day and night because attempts at abduction by these same outraged Polyites, who saw future athletic successes for L. A. if this small bundle of luck continued in Brougher's possession. The kid, being named after James Smart, should inherit some of the butting quality which that invincible displayed while a tackle on the Occidental championship eleven.

Generous.

From Price and claims to be direct from Alaska and a "strike." Now, maybe so, and maybe not, but if money talks, Grey made a ten strike, and all he can see is champagne. When complete this will be in a beer glass, and is strong for continuous performance.

"Los Angeles," he replied in answer to a question as to where he was. "I am the first paid Chief of Police the town ever had."

"Say, in those days you didn't need to go to Alaska to get your coal. Believe me, this was some town. Sorry to knock, but it isn't what it used to be."

"Why, every time I want a drink they think I'm crazy because I pay 5 bucks for it."

He also boxed Johnny Dundee in six rounds recently in that town. Freddie appeared to be in better condition than at any time he ever started to train in Southern California.

After he finished his day's work, I visited him in his dressing-room and his muscles were as hard as nails and he said he never felt better in his life. Welsh has his usual training staff and sparring partners and will work out every afternoon to condition himself.

He worked out yesterday afternoon with Eddy Moy, who was recently matched to meet Willie Ritchie, and could not take Ritchie on, owing to the champ's spraining his ankle during his training for the bout.

He also met and defeated Ollie Kirk of St. Louis and knocked him out in six rounds recently in that town. Freddie appeared to be in better condition than at any time he ever started to train in Southern California.

Stanford's library has just received another shipment of the British Session Papers, of which it now has 300 volumes, collected in the last six years. When complete this will be one of the few sets in the country and the only one owned entirely by a university.

This evening Virgil Sheldon of Los Angeles and Lin Murray will go to Nordhoff to represent Stanford in the Ojai Valley tournament, which because of its entry list of 300 will be the largest ever held in the United States. Three days—Thursday, Friday and Saturday—will be necessary to play off the matches. Both Murray and Sheldon have won the inter-collegiate and doubles cups for Stanford before, and another victory by either will bring the trophies permanently to Stanford.

That a large percentage of Stanford students earn a part or all of their college expenses is shown by statistics given out by the Stanford Y. M. C. A. employment department, which show that 135 men, or one-tenth of the men students, have earned this year \$1812.10 from work gained through this means. These figures cover only a part of the earnings and earners at Stanford.

Everything points to the early adoption of the honor system at Stanford, which university was one of the instigators of the larger institutions to fall in with this movement, which is sweeping American universities. Yesterday Chancellor J. H. Kirkland of Vanderbilt University told of the system at his university and at Virginia, in which latter school it has been in operation since 1882, and tomorrow a special meeting of the student body is to be called for the discussion of its adoption. At the same meeting reform of the Ping-Pong, the annual upper-class contest, will be considered.

The United States government has rented a plot of land within a mile of the Stanford campus for a period of a month and will conduct army maneuvers thereon. The Twelfth Infantry, from the Presidio at San Francisco, 730 strong, has pitched its tents and will be followed shortly by

HUN-TIGER DIAMOND WAR TO BE STAGED SATURDAY.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CLAREMONT, April 22.—Dutch Shutt's Chaffey Union Tigers shut out the supposedly invincible Pomona College nine today by a 2-to-0 score. The teams split even with six hits apiece and the Tigers were rather fortunate to win, as one run came across in the first inning on a passed ball and the other came in the sixth through a walk with the bases loaded.

Kingman pitched good ball for Pomona with the exception of the sixth, but his heavy-hitting team-mates failed to slug at opportune times. Chaffey bunched their hits, getting two in the first, resulting in one run, and three in the sixth, which, with the aforementioned pass, scored the other run.

Huns and Tigers, with one victory apiece in the major sports, are to meet in the deciding contest Saturday afternoon, when the baseball nines of the two institutions mingle on the Highland Park diamond.

There is more than the usual rivalry between the two schools in baseball this year because of the unsatisfactory ending of the season last year, when each college won one game, but the Tigers claimed the title, because they had a higher percentage, owing to Pomona's defeat at the hands of Redlands.

LOUD HOWL.

The Huns howled long and lustily that the third game between the two institutions should be played for the championship. The Tigers said that they would play an exhibition game, but that it would have no bearing on the championship as that had already been won by the Highland Park bunch.

Pomona refused to play under these conditions, and the supporters of the two institutions were still wrangling and yelling at each other when the summer vacation mercifully put a stop to the noise.

This year the Huns certainly would seem to have the edge on the Tigers if the early games are anything on which to base an opinion.

The Huns have been hitting the ball hard and often. The mighty Art Cram of Redlands, who had defeated Occidental the week before, was

buried under an avalanche of hits, numbering some twenty-four, while Whittier was snowed under by the somewhat convincing score of 14 to 0.

The Tigers have had a rather disastrous year on the diamond. Starting with what appeared to be the best prospects in the history of the institution, the Tigers have failed to get together. Walk, Ball and Montijo form a very formidable trio of mound artists, but the team doesn't hit behind them, and the weakness at second base and behind the bat is noticeable.

However, reform has been promised among the Tigers, and they promise that the Huns will get the surprise of their young lives when they step on the diamond next Saturday.

WALK READY.

Duke Walk is being groomed especially for the occasion, and when he is right all he needs is one run to win. However, Walk hasn't shown a tendency to be "right" this year until too late to do any good. He promises to start warming up about Friday afternoon, so that he will be steaming by the time the game is called.

He will be faced by Becker, the Pomona captain, who has shown great form so far this year, and who is backed by a bunch of wild-eyed young men, who have made it their mission in life to drive aspiring young heavies from the mound.

The two southpaws should put up a great battle, and the man who gets the best support from the men behind him will win.

WHY RUGBY FAILED.

BY WARREN BOVARD.

III RUGBY IN AUSTRALIA.

Associated football, the only game in which the ball is really played with the feet, is not so popular in the British colonies as in the "old country."

If we ever come to a point where we want a game of football which is really recreation and altogether devoid of fatalities, to be honest with ourselves we must pick Association.

The strenuous American youth, however, demands something which is more a test of strength. The British colonist, big-boned and hardy, wants a rough game. Rugby suits until pioneer days begin to give way to the persistent city trend of civilization.

Cross did his usual workout at Jack Doyle's and he and Sam Wallace are both satisfied that he will be right when the bell rings.

Jimmie Dime, the famous manager of many boxers around Philadelphia and Pittsburgh, is expected here next Monday with Jack McMahon, who is to meet Kid Kenneth next month. Dime has about a dozen boxers on his staff and is one of the best-known boxing managers in the eastern country.

Jimmie will surely meet with a great reception by the local fans. He has a great reputation for doing things on the square and we will all be pleased to meet him.

Some Scrapper.

FREDDIE WELSH LOOKS TO BE IN GREAT CONDITION.

BY DE WITT VAN COURT.

Freddie Welsh, the English and Australian champion lightweight, has decided to do his training for his coming twenty-round match with Leach Cross at the Western Athletic Club, down at No. 534 1/2 South Spring street.

Welsh has his usual training staff and sparring partners and will work out every afternoon to condition himself.

He worked out yesterday afternoon with Eddy Moy, who was recently matched to meet Willie Ritchie, and could not take Ritchie on, owing to the champ's spraining his ankle during his training for the bout.

He also met and defeated Ollie Kirk of St. Louis and knocked him out in six rounds recently in that town. Freddie appeared to be in better condition than at any time he ever started to train in Southern California.

A HARBOR SHIFTED.

An Alaskan Glacier First Gave Canada a Harbor, Then Returned It to the United States.

[New York Herald:] The Grand Pacific Glacier, in Alaska, at the head of Glacier Bay, has been "playing Indian" with Canada by giving her a harbor on the Alaskan coast and then taking it back again, according to Prof. Lawrence Martin of the University of Wisconsin, who has returned after making a survey of the glaciers in that region for the National Geographic Society.

Held to the Rim with a 6000-lb Grip

FEDERAL Double-Cable-Base TIRES

In each bead of this tire there are imbedded heavy double steel cables. Each single cable is capable of lifting three thousand pounds. Together they will actually lift a weight of three tons. This 6000 pound grip holds the tire down fast to the rim. There is no possible chance for it to slip.

You have heard of accidents caused by tires slipping off the rim with a car traveling at high speed. Possibly you have experienced one. They are far more common than is generally supposed.

The DOUBLE-CABLE-BASE tire is a positive safeguard against such accidents.

But this is not the only desirable feature of the new tire. Instead of the ordinary hard sharp-pointed bead which extends up into the side walls of the tire and causes fabric separation and side wall breaks, a soft rubber and cotton bead filler is used. This leaves the side wall fabric free to bend easily and naturally. It has forever done away with rim cutting and with side wall breaks.

Straight wall and quick detachable clincher styles. All sizes for standard cars. Rugged and smooth tread.

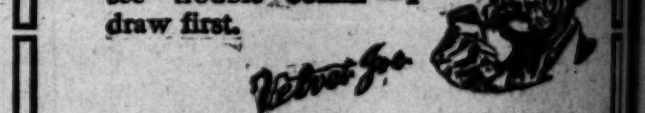

LOS ANGELES BRANCH 1237 South Olive Street.

CAUGHT ON THE FLY
BY HARRY A. WILLIAMS

A manager might carry this play in his head for a season without having a chance to put it over, while again it might be worked successfully in a game on which hinged the pennant.

Much to Worry About.

Weighted down with the reverses which have overwhelmed the afflicted Angels, the fans now have something additional to worry about. The Tigers have lost two straight to Portland.

Light Hitting Explained.

Most of the near no-hit games in this end of the circuit are played at Venice. It was there that Ryan hung up his no-hit performance, and there that "Sal" Stroud unfurled his two one-hit exhibitions.

Nearly all games played there are light-hitting affairs. President Miller has a hunch that the base of the scoreboard forms a background against which it is difficult for the batter to follow the ball. He expects to remedy this deformity with a coat of paint.

Musser Delayed Again.

Paul Musser seems to have found it a long, hard trip across the continent. Originally he was to have joined the Angels in San Francisco. His schedule slipped its dip, and it was feared that he would unload his earthly belongings here this a.m. "Boots" Weber now arises to express grave doubts as to whether Musser will succeed in gaining Los Angeles before tomorrow. Pauline may not show much speed on the ties, but he is some pitcher.

DENVER LOSES HANK CHLETTE.

Has anybody seen Hank Chlette, ex-Venice pitcher? Chlette, who was released by Maier more than a week ago, was supposed to report to the Denver club Saturday. A frantic wire was last night received from that city, asking where Hank might be, as no word had been received from him.

The railroad people here have transportation for Chlette, and are likely to keep on having it unless they can locate him.

Efforts to find Chlette last night were unavailing.

SKEETER FANNING AT LAST TRIUMPHS IN ONE GAME.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO, April 22.—After divers and sundry attempts to reach that zenith, Charles Fanning, loudly acclaimed before the season started, the Coast League's leading twirler, finally broke into the "won" column this afternoon, when the Seals evened up on the Oaks, 4 to 3.

As usual, the Seals were off to a lead, putting two men around the bases in the first inning. Tobin grounded to first and O'Leary beat out an infield hit that skipped past Ness. Schaller landed a three-bagger, tried to make a pick-up and missed fire completely. That scored O'Leary and when Cook booted Downs's grounder Schaller came home.

Schmidt made the circuit again in the fifth when he opened with a double to right field and slowed up safe and sound at third on Fanning's bunt. The throw to third missing first, Schmidt scored when Cook threw Tobin's grounder wild.

With two down in the fifth, Alexander singled through short. Cook poked a vicious one through Fanning and Geyer's single scored Alexander.

What proved to be the winning run for the Seals was manufactured in the seventh. Corhan started with a single and was sacrificed to second by Schmidt. Fanning was out to Ness on a fly and Tobin drove a hard one to right field. A play was made to nab him at the base, and Corhan, seeing that the throw was none too good, started for home. Ness relayed to Alexander and McCarthy called Corhan safe, although it was a close play. Geyer and Cook kicked themselves out of the game. Christian pitching the inning out, with Barronkamp doing the last of the heaving later in the day.

The Oaks scored a run in the seventh on a walk to Ness, a two-bagger to left by Alexander, and a fielder's choice for Geyer. Alexander retiring as Ness scored.

The Oaks' last run came in the ninth. Ness two-bagger to center and went to third on Alexander's single. It was the finish of Fanning. Pernoll taking charge. Coast forced Alexander at second while Ness tallied.

NEW SHOWS
FOR BURBANK.One Said to Outlive the
"Merry Widow."Walter Montague Comes to
Stage Acts.No "Life-Savers" Allowed at
the Orpheum.

BY GARDNER BRADFORD.

Walter Montague, one of the most prolific vaudeville-sketch producers in this part of the country, came to town yesterday and is going to present some new acts while here.

"I came down to get local color," he said, and as near as I could figure out, he evidently expected to find Los Angeles an armed camp.

Just about the time he was expressing his disappointment, the fire alarm rang in for that fracas down in So-severson and Montague took back all the hard things he said about our peaceful village.

Did I say peaceful? You wouldn't have thought so could you have been in Moros's office last night. He was signing up shows so fast I am still wondering where he is going to play them all.

"At the Burbank," he told me, "but if they are all successes, it will take two years to do it all, in addition to the Philpotts already contracted for."

Among the newcomers will be "The Governor's Lady," one of the Belasco successes; "Baby Mine," in which Marguerite Clarke made such a hit at the Majestic, and "Art-Wien."

No Granddaddy, this has nothing to do with wienies. I believe it means "La Vienna," and it is the only musical comedy in the bunch.

The European representative—I didn't know till now that he had one—picked it up, and it is said to be better than "The Merry Widow." Moros told me who wrote it, but I can't spell the names.

Of course, the next thing on the Burbank slate is "My Shadow and I," and then, right after, will come "Stop Thief," which ought to make a dandy hot-weather attraction.

No, I didn't say that with any reference to Jess, though, at that, he is some hot-weather attraction himself.

According to Moros, we are not to have another musical production at the Burbank for some time to come, but just the same, Mark Ellis tells me he is training a male quartet for near-future appearance.

It is called "The Tango Four," so it ought to be some stepper. And on Mark's desk I noticed a note from a well-known local boy (none other than Ted Wright) saying that he has joined the sketch "Getting Even with Sandy," which, I believe, is now playing Pan and Orpheum time on the Coast.

Pardon, dear ladies, if I seem to reflect on the sex when I remark on the propensity of the gender to dodge or warp the age question, for I don't mean it as a slam.

Only I get word that Olga Nether-solo, who comes to the Orpheum next week in "Napoli," is greatly interested in Juvenile Court work. The informant also adds, that she was arrested the first time she played "Napoli."

Or, is it second childhood Olga is having on, in case history repeats itself?

Since D. W. Griffith has been out here we have heard quite a bit about him, as he is conceded by most, as being the best of the directors.

He was slapped when he told me that once upon a time he and Walker Whitehead were members of the same company. Whitehead being the boss, and D. W. getting eighteen a week.

"I tried my damndest to get a raise to twenty," says Griffith, "but Whitehead kept telling me that I ought to be willing to work for the sake of art, so I never got the boost."

He did get experience though and now they say he gets \$100,000 a year. Whitehead, too, has risen and is now one of the best tragedians we have.

You remember him best probably for his work here in "The Typhoon."

And that was some blond he had with him—Florence Fletcher. I understand she has gone into the movies. Maybe, Walker wanted her to work for art, too.

Little Curtyn Englar, whom Frank Egan calls "one of my best sellers" has been offered a Pantheas contract they tell me. She's a little kid, but has loomed large in more than one entertainment in and around Los Angeles.

Did they get my lecture on patriotism yesterday? Answer, yes, for right away the Orpheum announces that it has sent out word all along the circuit that the flag is not to be used as a means of winning applause. "Life-saver" is what they call it in stage parlance.

KIRKLAND STARTS
AGAINST F. LEE.

George Kirkland, Pacific Coast pocket-billiard champion, last night won the first block of an exhibition match against Fred Lee, at the Majestic, in which he gives fifty balls odds, by 160 to ninety-two.

Kirkland made high run of forty. Tomorrow evening he plays for 150, while Lee must get 155 in order to make 250 before Kirkland secures his total of 360. Lee holds the amateur championship of California, and is the first opponent offering to contest with Kirkland in a series of handicap games prior to the latter's match with Truman Jack at Fresno.

Stanislav Zhivko and Americus may soon wrestle for the championship. Negotiations are now under way, and several promoters are bidding for the contest, which will be to a finish.

Portland, Or., may hold sectional Olympic games in 1914.

Elanita Sepulveda,
A Native Daughter, singing at Pantages this week.

National.
ONE BAD INNING LOSES
GAME FOR BEAN-EATERS.

PHILADELPHIA, April 22.—Rudolph had one bad inning, the sixth, when Philadelphia scored enough runs to win the game from Boston by 3 to 1.

Connolly and Gilbert colluded going after a long drive by Paaker and Gilbert's foot was so severely injured he was forced to leave the game. Score:

SUNDAY, MAY 3rd

Train Young America to Shoot.
Editorial.
By Hon. Lindley M. Garrison,
Secretary of War.

Secretary Garrison wants a systematic national schooling in marksmanship. His belief is that this will not only strengthen the manhood of our country in time of peace, but the loss of life in time of war would be vastly decreased by shortening the period of war. His views and reasons are vital and convincing.

The Power of the President.
Article.
By Ex-Senator Albert J. Beveridge.

Just what is the power of the President? What does his veto power amount to? Is there a menace in his power to appoint Supreme Court judges? What about his power to declare war, to make treaties with foreign countries, to make appointments, etc., etc.? Thousands of people believe him to be too nearly absolute—Czar-like in his control. Many say that his power is gauged by the strength of his personality; others declare the extent of his power depends on his political cleverness in dealing with vital problems. Senator Beveridge's article is in no sense a criticism of the Chief Executive. His statements are unbiased, but illuminative.

The Prince of Graustark
Serial Story.
By George Barr McCutcheon.

The part of Cupid isn't exactly fitting for the portly Blithers, but Blithers is convinced that he can get away with it. If there is anything a man of his wealth and perseverance can't do, Blithers has yet to learn it. In this instalment the doting Croesus appears to be floundering. Maud, his daughter, persists in her refusal to meet Prince Robin and secures passage under an assumed name on a steamer bound for Europe. This punctures Blithers' hopes until he learns that the Prince has been advised by cable to leave immediately for the other side—and then the fertile mind of the millionaire gets busy.

Our Street.
Poem.
By Walter A. Roberts.

Verses that were inspired by the beautiful painting of a rain-swept street, which is reproduced as the illustration of the poem.

Chips.
Story.
By Elizabeth Myers.

Some people will see a moral in CHIPS—all will enjoy it for its originality and unexpected surprise. As amusing study of eugenics and evolution.

Tabs on the Famous.
By Fred C. Kelly.

Breezy side-lights on men who are known from Coast to Coast.

As Leans the Twig.
Cartoon.
By Anthony Esner.

An amusing cartoon with rhyming words on the exaggerated modesty of Anthony Comstock, the famous censor of American morals. The joke's on him, but he will laugh at it.

Cities and Towns South of Tehachepi's Top—Los Angeles County News.

PASADENA.
MOUNT WILSON
IS SNOW CAPPED.Hauling of Steel Suspended
Because of Storm.Maryland Hotel Safe Opened
and Contents Intact.Question of Water Supply Is
Agitating Suburbs.

PASADENA, April 22.—Snow began falling in the mountains early yesterday morning and continued intermittently all day. At 9 o'clock last night there was about four inches on the level on Mt. Wilson and much more on the mountains of the next range. It was fairly cold on the summit of the peak, but farther down it was warm enough to melt the snow, so that the automobile road, though not by any means impassable, became fairly slushy.

The hauling of the steel for the new 100-inch telescope building at the observatory was suspended yesterday, as there is no great hurry in taking the material up the mountain.

Late last night the precipitation for the storm, which so far has dragged over two days, had amounted, in all, to .41 of an inch, making 33.30 inches for the season to date. The storm is not abnormal, coming as it does late in the season. There was a storm last year about the same time.

RECOVER VALUABLES.

The Hotel Maryland safe, which has lain on top of the pile of ruins cooling since the fire last Saturday night, was opened at 3 o'clock yesterday afternoon. The doors were slightly sprung so that the levers would not work, but it took an expert safe man only fifteen minutes to pry them open. Nothing of value that was inside the strong box was destroyed.

Footlockers were found shrunken and out of shape, but the paper money inside them was not damaged. Several pairs of kid gloves, which had been put in one of the pigeon holes of the safe, had shrunken and become twisted by the heat, and the wooden framework of the interior of the safe itself was warped to some extent. No paper was even singed and nothing of value was destroyed.

The contents of the big safe were carried to the temporary office of the hotel in several wicker tubs and later removed to the vault at the Hotel Huntington. There were several thousand dollars belonging to the hotel company and a large sum of money and many articles of jewelry, which are the property of guests. These valuables were all in sealed envelopes and last night were delivered to their owners in this form.

The more important of the Hotel Maryland books were in the safe and these were found to be in perfect condition.

RAZING RUINS.

The work of razing what remains standing of the hotel was begun at 4 o'clock yesterday afternoon. The

two tall chimneys and the northeast wing, the walls of which are standing, as well as the portion of the southwest wing that did not fall, are to be wrecked. They are not considered safe.

CHOICE LATER.

The new directorate of the Pasadena Tournament of Roses Association met yesterday afternoon at the rooms of the organization in the Chamber of Commerce building for the purpose of organizing. So many of the directors, however, were unable to attend that it was not deemed advisable then to elect a president. Consequently, J. B. Coulton was elected temporary president and a permanent president will be named at a later meeting.

John B. Miller was re-elected vice-president, J. J. Mitchell treasurer, and Mrs. R. C. Bartow secretary.

ART COMMISSION.

The West Side Improvement Association has come forward with a plan for the establishment of a city art commission and the organization of a central federation to be made up of representatives of the various civic organizations of the city, whose province it shall be to consider various matters pertaining to the welfare of Pasadena. The commission, in a word, is the object of the movement, and it is probable that the association will at its next meeting appoint a committee to present the plan before the other organizations.

So far as a public forum, which was broached at the same time, by the same organization, as a part of this project, is concerned, the association has taken definite action. It has in this case already appointed a committee to communicate with the other civic organizations and obtain their views. This committee is composed of John Murray Marshall, E. H. Lockwood, Dr. G. Roscoe Thomas, C. D. Daggett, Dr. W. D. Morse and Fred E. Wilcox.

THE QUESTION LIKE TO KNOW.

The question of what shall be done in the matter of a water supply is agitating residents of San Rafael Heights and Linda Vista, which communities are soon to hold a joint election to determine whether or not they will be annexed to Pasadena.

Dr. Daggett yesterday conferred with City Commissioner Salisbury, who is at the head of the municipal water department, and the latter has become a part of Pasadena, they will be supplied by water by the city, provided they lay their own mains. It has long been the custom of the city to lay the mains at the expense of property owners of the section to be benefited, but to maintain such systems once they are installed with water-department funds.

Hotel Vista del Arroyo, Pasadena. [Advertisement.]

HAILSTONES LIKE MARBLES.

San Diego Has Variety of Weather While Mountains Receive Six Inches of Snow.

[LOCAL CORRESPONDENCE.]

SAN DIEGO, April 22.—A heavy fall of hail this morning continued for about ten minutes. There were showers and sunshine later. Hailstones as large as marbles fell this morning at 8 o'clock. The rainfall for today was .49 of an inch, for the season .53, making 9.56 inches for the season, which is .15 of an inch in excess of normal. Last year at this time the rainfall was 5.41 inches. At Cuyamaca, a mountain resort, fifty miles from here, which has an elevation of 4667 feet, there are six inches of snow on the ground and the snow continued to fall until late this morning.

San Bernardino.
SNOW MANTLES
MOUNTAIN PEAK.Unusually Heavy Fall Makes
Late Seasonal Record.Will Delay Opening Roads in
Remote Sections.Fear That Injury to Apple
Crop May Be Great.

[LOCAL CORRESPONDENCE.]

SAN BERNARDINO, April 22.—Six inches of snow today mantles the crest of the San Bernardino Mountains, it being one of the heaviest falls of snow so late in the season for many years. The rain turned to snow during the night and it fell steadily until this afternoon, and the outlook at that hour, according to telephone messages from the mountains, was it would continue through the night. The storm was general all over the mountains and will result in delaying the opening up of the roads to various points in the mountain section.

The work had been nearly completed on getting the road opened up to Bear Valley, but it will now, much of it, have to be done over again, as will the work on other routes.

One of the serious results of the storm, it is feared, will be a great injury to the apple crop. The trees in full bloom and if it should get much colder the fruit just setting would be frozen and the crop ruined for this season. In some of the lower elevations the apples have passed the blooming stage and will not be in so great danger.

In the valley the rainfall has been heavy all day, and mountain streams are running high with the flood waters, though as yet there has been no serious danger.

COMMITTEE NAMED.

The committee to erect the first of the ornamental gates on the State and national highway on the west portal of the city, as a memorial to St. Bernardino de Siena, the city's patron saint, has been completed by the appointment of R. E. Swing and John Anderson, from the Chamber of Commerce; Harry Groves and J. B. Frith, from the Merchants' Association; and Charles McElwaine and Councilman C. H. Davidson, from the city government. As soon as the necessary funds are available the plans will be secured and construction commenced.

POWER-LINE CONTRACTS.

The contracts for the erection of the long power line of the Southern Electric Power Company from San Bernardino to El Centro, in the Imperial Valley, have been awarded and work is to be at once begun on the 160 miles of new line. H. M. French of Los Angeles will build the line from San Bernardino to Banning, while from that point to El Centro the M. A. Stampher Construction Company will have charge of the work. The new line will be a 67,000-volt line and will relieve the situation in the Imperial Valley, where there is a great demand for power.

SLEEPING SICKNESS.

It is a source of gratification to me to know that there is a feeling among the members of the bar, as well as the people, which would indicate that I might succeed myself without opposition; but I am firmly of the opinion that I should return to private life and the practice of my profession. The office of judge of the Superior Court.

SCHOOL TEACHER FEELS MALADY OVER- TAKING HER AND WRITES NOTE.

[LOCAL CORRESPONDENCE.]

SAN PEDRO, April 22.—Miss Allie H. Taylor, teacher of oral English in the San Pedro High School, anticipating a recurrence of a peculiar sleeping sickness, yesterday afternoon hastily wrote a note requesting that, should she fail to awaken for several days, the news of her condition be kept from her mother. Her roommate, unable to arouse her a few hours later, found the note and, thoroughly alarmed, called in physicians. After working several hours they succeeded in arousing her, and she resumed her duties in her usual state of health.

PASSAGE ATTEMPT WHILE DOCTORS OPERATE IN ATTEMPT TO SAVE HER LIFE.

[LOCAL CORRESPONDENCE.]

VISALIA, April 22.—Mrs. Lola R. Beals, well-known in valley fraternal circles, died at noon today at a local hospital while undergoing an operation for cancer. She was District Deputy Supreme Oracle and an organizer of the Royal Neighbors at the time of her death. She was prominently connected with several other lodges. She has been preparing for the operation for several weeks and was confident of recovery to the end, smiling as she went under the influence of an anesthetic. Five surgeons attended her. It was found that nearly all the organs of the body were involved. She is survived by her husband, A. Q. Beals, and several brothers and sisters who live in the Middle West.

LAND SUIT.

The case of the Dixie Land Company against Drs. Maupin and Hare, well-known Fresno physicians, is attracting much interest in the Superior Court here. The land company is suing for the rescission of a contract to purchase 1500 acres northeast of Visalia for \$38,000. H. M. Parsons, vice-president of the company, testified today that George W. Blawell of Orosi, the realty agent who put through the deal, misrepresented the boundaries of the property. Only 430 acres of the entire 1200-acre tract are tillable, according to Parsons, whereas it was represented that all of the land was valley land and first-class in every particular.

START NEW BUILDING.

[LOCAL CORRESPONDENCE.]

SEAL BEACH, April 22.—Ground was broken this week for a two-story brick building to be erected at Central avenue and Main street. The ground floor will be used as store-rooms and the upper will contain apartments. Patrick O'Connor of Hynes, Cal., is the owner and builder.

SUPERIOR JUDGE
TO LEAVE BENCH.

ANNOUNCES HE IS NOT SEEKING
TO BE RE-ELECTED.

Spring Surprise on Friends Who
Had No Intimation That He Would
Not Be a Candidate to Succeed
Himself—Would Have Had No Op-
position in the County.

[LOCAL CORRESPONDENCE.]

VENTURA, April 22.—Superior Judge Clarke of this county is out today with the announcement that he will not again be a candidate for the position. The statement comes as a rather startling one to the politicians and to the people of the county generally, for the reason that Judge Clarke had been so entirely successful on the bench that he was certain to be called to the post again, virtually without opposition at election time.

Judge Clarke has completed one term in office. His career on the bench has been eminently successful.

The retirement of the jurist has caused a stir among the legal men of the county and there is considerable speculation as to who will be his successor. Among the names mentioned are Orestes Orr, W. E. Shepherd and Merle Rogers of this city; Charles Blackstock and Isaac Stewart of Oxnard.

Judge Clarke retires to engage in private business. He made the following statement today: "Those who may desire to become candidates, and to advise my friends who have kindly tendered their assistance and support, I desire to announce that I shall not again be a candidate for judge of the Superior Court."

It is a source of gratification to me to know that there is a feeling among the members of the bar, as well as the people, which would indicate that I might succeed myself without opposition; but I am firmly of the opinion that I should return to private life and the practice of my profession. The office of judge of the Superior Court.

Long Beach.
NAVAL MILITIA
SEEKS MEMBERS.To Be Recruited to Its Full
Strength Tonight.Englishman Offers Services
as Mexican Scout.Torpedo Boat Destroyers Are
Inspiring Spectacle.

[LOCAL CORRESPONDENCE.]

LONG BEACH, April 22.—Stirred by developments in Mexico, citizens of this city are eager for service either on land or sea. The recently organized local company of naval militia is to be recruited to full strength at a meeting to be held tomorrow night. Edward Westworth, the veteran, who organized the local company of volunteers, telegraphed the War Department, offering his services; Mrs. J. J. Connelly, No. 130 West Broadway, has organized a corps of Red Cross nurses, and Spanish-American War veterans of Long Beach have offered their services to the government.

Horace C. Barrington, an Englishman, who has for the past few months made his home here, left today for El Paso, to offer his services as scout in case of invasion of Northern Mexico. Barrington has fought under many flags, his last service being with the organization of a regiment of Yaqui Indians against the Madero government. Barrington claims to know the principal mountain passes and trails of Chihuahua, Sonora and Coahuila.

SECURITY MAINTAINED.

Because a submarine is being built at the yards for the United States, an order was promulgated today barring visitors from the Craig shipbuilding plant. Only those having special business with the plant enclosure are given the special permit to view the yards. Capt. J. D. Loop learned of this order when he brought a contingent of the United States Sons for a trip through the yards.

Hundreds of citizens gathered along the ocean front at 5:30 p.m. to witness the spectacle of sixteen torpedo boat destroyers, steaming south about eight miles off this coast. The boats comprised the larger part of the Pacific squadron, and hailed from San Francisco.

CONSIDER CHARGES.

At 4 o'clock this afternoon the Police Commission took up the hearing of the charges of dereliction and inefficiency made against A. B. Austin and R. E. O'Rourke, who were temporarily relieved from duty as Police Chief and assistant chief, respectively, for result of insinuations of graft and failure to arrest blind pigs. Ronald G. Swannick, former special counsel, announced that he had been retained by the city to represent the city in the matter.

The Mayor asserts that the commission has the evidence to convict a dozen druggists and tobacco dealers of selling liquor in violation of the ordinance. He does not think it best at this time to make additional arrests. S. L. Browne, detective, is still working on the cases, and more warrants may be issued.

Four of seven members of the City Council voted against the acceptance of Swannick's resignation when the matter came before the members in special informal session last night. The matter will be finally disposed of Friday evening in regular session.

PASTOR INSTALLED.

At the First Presbyterian Church tonight, Dr. Hugh K. Walker was installed as pastor of the church. The edifice was crowded with members of the church and friends who have been given me. I shall leave the work when my term expires with most pleasant memory. I shall not leave with whom I have been associated and with gratitude to the people of my native county for the trust they have reposed in me."

SLEEPING SICKNESS.

PORTERVILLE'S NEW MAYOR.

Prediding Officer Selected by Council Unanimously—New Paving Proves Successful.

[LOCAL CORRESPONDENCE.]

PORTERVILLE, April 22.—H. E. McQuown is the Mayor of Porterville. He was elected prediding officer of the Council Monday night by unanimous vote. He will announce standing committees for the ensuing year at the first meeting of May, when the list of appointments for offices will also be given out.

NEW STYLE OF PAVING.

Contracts have been let for a new type of street covering to be laid along the extension of business streets. It is to be made from crushed native rock, dove and rock screenings and the foundation thus made will be covered with the heaviest asphaltic oil.

An experimental stretch was laid out on the heavily-traveled Sunnyside avenue and found to have all the advantages of concrete asphalt. The cost is a mere fraction of the class of the material and is believed to be better adapted to valley climate conditions.

INDIANS AT RODEO.

Forty of the Tule Indians received special permission to attend the rodeo at Bakersfield, and left this morning for the rodeo grounds to enter the broncho-busting competition.

BONDS PURCHASED.

Bonds recently issued by the city for \$10,000 to purchase of auxiliary pumps for the water system were sold to local bankers today.

CITRUS.

NAVEL ORANGES
FIND MARKETS.

THOUSANDS OF CARLOADS ARE
SENT FROM POMONA.

[LOCAL CORRESPONDENCE.]

POMONA, April 22.—The San Antonio Fruit Exchange of this city still has 1200 carloads of navel oranges under its control for shipment to the eastern and Middle West markets and the daily shipments have been running at the rate of thirty-six cars. The Pomona Fruit Growers' Exchange has already shipped about 500 carloads and has nearly 275 more cars to go forward. It also has already packed and in cold storage sixty carloads. The exchange will market about sixty carloads of navel oranges and sweet later for its members. Manager Herbert Walcott estimates that the entire season's shipments by the Pomona Exchange will amount to about 12,000 carloads. The houses will close for the season about July 1.

THE INDIAN HILL CITRUS UNION AT NORTH POMONA HAS SHIPPED THIS YEAR 315 CARLOADS OF NAVAL ORANGES AND HAS 200 CARS OF NAVALS AND A HUNDRED CARS OF VALENCIA YET TO SHIP.

Manager Knight of the Citrus Union is sending a carload of fruit daily for pre-cooling purposes to the Pomona Valley Ice Company's plant and this fruit will be held until considerably later.

It is stated by those in position to know that practically all of the navel oranges left in Southern California, in about a week, will be found in the Pomona, Claremont, San Dimas, Upland, Lodi and Duarte districts.

BUILDING ACTIVITY.

Mrs. Josie Volk of Long Beach is having the old buildings removed from her corner at the corner of Second and Gibbs street in order to make room for a new business building she proposes to erect on the site. Mrs. Volk also plans to have a new one-story building she owns at the corner of Second and Louisiana streets and erect a new building. The syndicate headed by Mayor Vandergift, which owns the lot at the corner of Second and Gordon streets, formerly the site of the A. H. Tufts, has had plans drawn for a new two-story concrete business building, which it is planned to build on the lot.

LIGHTING DEVICE.

Messrs. Pullen, Von Grison and Whalen of Los Angeles are here in the interest of locating the plant of the Orchard Heater Ignitor Company, which manufactures a device for lighting orange-grove heaters by electricity. A demonstration has been made to representatives of the Chamber of Commerce and prominent citizens. The men intend to locate a factory in the citrus district of Southern California and have chosen this as a central point. They also expect to work in Florida and Colorado. It is stated that a factory will be started with a payroll of \$1000 per month.

FRATERNAL PICNIC.

The Odd Fellows' and Rebekah lodges of Pomona, Chino, Upland, Ontario and Claremont will hold a district picnic and meeting at Ganesha Park on Saturday afternoon. A picnic supper will be served and in the evening adjournment will be taken to the Odd Fellows' Hall in this city, where the initiatory degree work will be conferred upon candidates by the Ontario degree team. The Rebekahs will attend the theater in the evening.

FORCE DAIRY REMOVAL.

Sunny Slope Residents Successful in Having It Removed to a New Location—Bond Election.

[LOCAL CORRESPONDENCE.]

SAN GABRIEL, April 22.—Residents of Sunny Slope are rejoicing over the successful efforts made by the Improvement Association, of which A. L. Embury is president, to compel the removal of the dairy operated by the Rev. Albert Hatcher Church of Hollywood. Situated in the midst of exclusive property in the heart of the orange-growing district, the dairy was declared a menace to health and a nuisance.

A SMALLER DAIRY, RUN BY JOSEPH GABRIEL, WILL LIKELY BE THE OBJECT OF THE IMPROVEMENT ASSOCIATION'S ATTENTION NOW, AS THE PROPERTY IS RESTRICTED, AND IT WAS PROVED THAT THE RESTRICTIONS ARE LEGALLY BINDING, IN THE CASE OF SMITH'S DAIRY.

An election for a \$21,000 bond issue for the building of permanent bridges to replace those carried away by the recent floods, has been called for April 30.

San Diego.
NEW RAILROAD
IS ANNOUNCED.Traverses Country Rich
in Farms and Mines.Through Colorado, Utah and
Imperial Valley.Gives Southwest New Outlet
to Middle West.

[LOCAL CORRESPONDENCE.]

SAN DIEGO, April 22.—Following the greatest creation ever given to the Spreckels road, the San Diego and Colorado Pacific Railroad, announced tonight at the Spreckels Theater that the western Pacific Railroad, a line connecting Denver and San Diego, will be incorporated within three months at Salt Lake City by Chicago capitalists.

Col. Collier will be given the presidency. It will probably connect with the Spreckels road, the San Diego and Arizona, at Seely, and for which connection are being made with Spreckels.

The road has been surveyed and part of the rights of way, much of which are through government lands, have been secured.

The road goes through Colorado, Utah and the Colorado basin to the Imperial Valley, passing through the heart of the country.

For this reason, Col. Collier said, that coal could be shipped here and sold at 44 cents and iron ore at 12 cents, whereas here from the ore for \$3.50 and iron ore at 12 cents, it can be manufactured and shipped from the East. Through the route, the cost of shipping iron ore from Diego would be the source of iron for the Pacific Coast.

ROYALTY RECEIVED.

The streets were fully decked with flags and bunting for the occasion. Panama, red and yellow, bunting and thousands of San Diegoans gathered to witness the event. Col. Collier this evening is to be honored by the transfer of the military county from the military county returning from his year's trip to Europe, South America and other cities of this country in the honor of the occasion.

Headed by the Comptroller of the Order of Panama, who were mounted on horseback and escorted Collier there.

An informal dinner was held in honor at the Grant, after which Col. Collier was escorted to the Spreckels Theater, where he was packed to the stage.

"COL. CHARLIE."

Seated on the stage Col. Collier was driven upon the stage in an automobile, while thousands gave him a great ovation from the audience. Duncan MacKinnon, of the City of Panama; Mayor C. F. O'Neill and G. Aubrey Davidson, president of the board of directors of the Imperial Valley Fruit Exchange, were among

NEW RAILROAD IS ANNOUNCED.

Traverses Country Rich in Farms and Mines.

Through Colorado, Utah and Imperial Valley.

Gives Southwest New Outlet to Middle West.

[LOCAL CORRESPONDENCE.]
SAN DIEGO, April 22.—Following the greatest oration ever given at San Diego, Col. D. C. Collier, president of the California-Panama Exposition, announced tonight at the Spreckels Theater that the Southwestern Pacific Railroad, a line connecting Denver and San Diego, will be incorporated within three weeks at Salt Lake City by Chicago capitalists.

Col. Collier will be given the presidency. It will probably connect with the Spreckels road, the San Diego and Arizona at Blythe, negotiating for which connection are being made with Spreckels.

The road has been surveyed and part of the rights of way, most of which are through government lands, have been secured.

The road goes through Colorado, Utah and the Colorado basin to Imperial Valley, passing through rich coal and ore veins in Utah.

For this reason, it would mean, Collier said, that coal could be shipped here and sold at \$4 a ton, and pig iron could be manufactured from the ore for 15.35 less than it can be manufactured and shipped from the East. Through the building of the road Col. Collier said San Diego would be the source of supply for iron for the Pacific Coast.

ROYALTY RECEIVED.
The streets were gaily decked with flags and the colors of the order of Panama, red and yellow, banded players and thousands of San Diegans greeted Col. Collier this evening as he returned from his year's trip to Europe, South America and eastern cities of this country in the interest of the exposition.

Headed by the Conquistadores, the uniformed rank of the Order of Panama, who were mounted on horseback and escorted Collier there.

An informal dinner was held in honor of the Grand Officer of the Exposition, which was given him at the Spreckels Theater, which was packed to the doors.

Col. Collier was accompanied by prominent citizens and Col. Collier was driven upon the stage in an automobile, while thousands gave him a warm ovation from the audience.

Duncan MacKinnon, of the Exposition, gave brief addresses welcoming Col. Collier back to San Diego.

Judge Ernest C. Collier, who is attorney to Collier as "Col. Collier," the man who was responsible for the San Diego Exposition, has been asked to have the Exposition Company's popular subscription at the instance of Louis J. Wilde.

Col. Collier will announce a series of prizes by announcing the railroad to San Diego.

Collier, who has spent all of his fortune for the exposition, says he has been more than repaid in his experience and friends he has made in the five years of his work and that he will reimburse his fortune through his new position.

FULLERTON TO CELEBRATE.
Fraternal Organization Seeks Approval of City for Fourth of July Festival.—News Briefs.

[LOCAL CORRESPONDENCE.]
FULLERTON, April 22.—Glen C. Crandall has informed the City Trustees that the Knights of Pythias is making preparations for celebrating the Fourth of July. He requested that official approval be given to the celebration and a financial assistance be made to the lodge would want a decision for the use of streets and city park.

The Chamber of Commerce will be asked for aid.

The Trustees are inclined to favor the movement for a great day celebration for the fourth, but are not prepared to say just what part they will take in financing a celebration, as a motion was adopted to defer action until the next meeting of the board.

FRUIT PACKING.
The Placencia Orange Growers' Association of Placencia will start today packing Mediterranean seedling and about sixteen forty-ton cars of the quality several loads of oranges were delivered in town yesterday.

This association has already shipped 120 carloads of oranges this season making a total for the four plants 400 cars, and more to follow.

E. E. Vogel has set out on a Placencia ranch a new grove of Valencia, with a wind break on the sides of Arizona cypress trees. He just concluded the planting of several thousand on both sides of the block.

This section was favored with a rain, soaking rain this morning.

BAKERFIELD'S BIG DAY.
Barney Oldfield Clipped Off Ten Cars From World's Automobile Record on Dirt Track.

[LOCAL CORRESPONDENCE.]
BAKERFIELD, April 22.—The greatest day ever seen in Bakerfield, with automobiles racing, planes and motorcycles racing, and a daily race, was the day when Barney Oldfield clipped off ten cars from the world's record for a mile track by making five miles in 15.5-16.

The first of the eight events was a race between Oldfield and Alvin Karpis Christofferson, the automobile racing champion, who arrived in the morning from officials of the Santa-Panama Exposition and the first of the races to witness the first of the races from Los Angeles and Fresno.

FIFTY MILES OF GOOD ROADS.

Advisory Board Awards Nine Contracts.

Los Angeles Firms Are Successful Bidders.

Half Million Dollars for New Highways.

[BY A. P. NIGHT WIRE.]
SACRAMENTO, April 22.—Nine contracts calling for the construction of 50 miles and six-tenths miles of good roads to cost \$74,828, were awarded today by the advisory board of the State Department of Engineering to John W. Gillett, former Governor of California. Robert Newton Lynch was elected manager for the coming year.

Convention at Woodland Also Takes Up the Promotion of Missionary Education Among the Young People.—Ministers Urge Co-operation of Churches.

[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
WOODLAND, April 22.—That the 1915 annual California Sunday-School Association convention will be held in San Francisco was virtually conceded on all sides tonight, although the matter will not be definitely settled at the convention here until tomorrow.

Frederick and Maryville are both in the fight to be the next convention city, but San Francisco, it is thought, will win out.

The Rev. Harvey O. Breiden of Fresno, the Rev. W. A. Crane of Shasta and C. R. Fisher of San Francisco are prominently mentioned for the State Association positions of president, vice-president and secretary.

The forty-seventh annual convention will come to an end tomorrow night with an address by the Rev. Henry P. Cope, D.D., secretary of the Religious Educational Association of Chicago. He will have as his subject "The Sunday-School Teacher and Modern Education."

Much of the last day's program will be taken up by addresses from men of national reputation. The Rev. J. E. Squires, State representative of the National Reform Bureau; Dr. L. B. Sander, director of the National Church of America; Dr. Henry A. Dowling, general secretary of the Southern California Sunday-School Association and Thomas Newlin, president of Whittier College, will be among the speakers.

The Sunday-School Teachers' department is proving one of the features of the present convention. Prof. C. E. Rugh and Dr. Franklin McElroy, assisted by Rev. R. T. Krehbiel and Rev. Lester B. Bradner, today discussed teacher training from every standpoint. The minimum requirements of the Sunday-school teacher were declared to be 100 words per minute, with a minimum of forty lessons devoted to the study of the Bible, on lessons to the pupil, ten lessons to the teacher, ten lessons to the Sunday-school, ten lessons to church history and ten lessons to missions. The remaining ten lessons may be related to any of the above required subjects. Then for students who desire to specialize, it was advised that they ten lessons in hand work, story telling, child nature and methods.

Of chief interest in the elementary division this morning was the address on missions by Mrs. J. M. Brough. She told how young church workers may be taught to consecrate life and money in an intelligent and systematic manner to missionary service. She declared that the Sunday-schools of North America have come in the last seven years to a new and broader vision to their relation to the pressing needs of the world.

The purpose of the missionary department in the Sunday-school, she said, "is to co-operate with existing agencies in promoting missionary education in every Sunday-school. To make this co-operation effective, individual about missions must be freely given, prayer earnestly encouraged and giving increased many fold and the exhaustive resources of the Sunday-school must be directed to inspire the young to a decision for personal missionary service."

"Temperance" was the topic for discussion at the Christian Church. Dr. F. L. Horns of Newcastle, presiding. The Rev. J. E. Squires addressed the organization for reform. He urged co-operation of all the churches against the liquor interests of the world.

As a committee to nominate the next officers of the State convention, J. C. Adriance of Napa was named chairman, and his assistants are E. R. Leonard of Stanislaus, Miss W. O. Pickrell of Kings, C. B. Tooms of Monterey, the Rev. R. Kayser of Yuba, the Rev. C. S. Tanner of San Francisco and H. S. Haddock of Yolo.

MEXICAN DEPORTED.
Immigration Officers Send Across the Border Man in Refugee Camp at La Playa.

[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
SAN DIEGO, April 22.—Melchor Romero, a member of the Mexican refugee camp at La Playa, was deported by U. S. Customs by immigration officers this morning. Romero had claimed to be one of the refugees from Juarez, but recently admitted he was not, so was deported as an unfortuné for residence in the United States.

Another Company Will Probably Be Sent for Expeditionary Duty at San Diego.

[BY A. P. NIGHT WIRE.]
VALLEJO (Cal.) April 22.—It is probable that another company of marines will be formed from those now stationed at Mare Island to be sent south for expeditionary duty at San Diego. The 100 marines due to arrive here on the next transport from Manila will be used to fill vacancies here.

Chicago Bluejackets Off.

[BY A. P. NIGHT WIRE.]
CHICAGO, April 22.—The bluejackets numbering 187 from the naval training station at Lake Bluff, north of Chicago, left today for the East, where they will be assigned to ships.

Burned Out.

HUNDREDS MADE HOMELESS BY A FIRE IN BISBEE.

[BY A. P. NIGHT WIRE.]
BISBEE, April 22.—Fire today wiped out the section of the Johnson addition to the town of Bisbee, Arizona, in less than two hours today. More than 150 families were made homeless.

A committee has already raised \$5000 for the relief of the homeless.

The fire was started by two children playing with matches. The flames, aided by a high wind, swept up the canyon and soon enveloped the closely-packed dwellings on the hill.

OPPOSE PROHIBITION.

Executive Committee of California Development Board Declares It to Be Against Public Policy.

Los Angeles Templars Are Welcomed to City.

Candidates Tread Hot Sands in Pavilion Rink.

Grand Commandery Conclave Will Begin Today.

[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
SAN FRANCISCO BUREAU OF THE TIMES, April 22.—With swords gleaming, gay banners waving and white plumes fluttering in the sharp breeze, the Los Angeles battalion of Knights Templars, 275 strong, sailed into San Francisco harbor this morning aboard the steamer Harvard and marched in martial formation through the business district of the city to their hotels.

The southern cavaliers constituted the vanguard of the army of Knights which will assemble tomorrow for the fifty-sixth annual conclave of the Grand Commandery of California. They were met at the dock and escorted up town by Mission Commandery, No. 3, of San Francisco, under command of Capt.-Gen. S. K. Malot.

Three commanderies composed the delegation from the south. They were: Los Angeles Commandery No. 9, headed by Eminent Commander Leo Youngworth, United States Marshal for Southern California; Capt.-Gen. William H. Harrison, postmaster of Los Angeles; Golden West Commandery No. 43, under command of Eminent Commander David Martin and Generalissimo G. E. Nabel, and Pasadena Commandery.

The parade made a gallant picture as they marched along the water front and up Market, Sutter and Geary streets to Union Square. The leaders of the line, in Templar parade, the first set of three—were a trio of giants, Capt. Gen. J. W. Wilcox and Joseph Speck, whose average weight was 250 pounds, and their average height six feet, four inches. Two bands, one the crack organization of Golden West commandery, and the other composed of local musicians, supplied the musical accompaniment for the parade.

Eminent Sir Freeman G. Teed was director of the southern band. The whole parade formation was under command of Grand Generalissimo Perry W. Weidner.

Companies of Knights from other parts of the State have been arriving in the city all day long. Among the delegations already here are the following:

Sacramento, 100; Sonoma, 20; Placerville, 10; Oroville, 10; Marysville, 10; Stockton, 65; Los Angeles, 200; San Jose, 55; Oakland, 125; Chico, 10; Susanville, 10; Santa Rosa, 30; Red Bluff, 10; Ventura, 5; Vallejo, 40; Petaluma, 30; Woodland, 20; Watsonville, 30; San Bernardino, 10; Colusa, 5; San Diego, 10; Visalia, 20; San Luis Obispo, 10; Riverside, 10; Fresno, 40; Santa Barbara, 40; Pasadena, 40; Yuba, 10; Ukiah, 5; Napa, 20; Eureka, 10; Santa Ana, 10; Pomona, 10; Vacaville, 30; Bakersfield, 10; Long Beach, 10; Berkeley, 75; Santa Cruz, 10; Hanford, 10; Palo Alto, 25; Alhambra, 10; Covina, 10; Redding, 10; Whittier, 20; Auburn, 10.

This afternoon a cavalcade of 125 automobiles took 700 Knights on a tour of the city. The cavalcade, along the beach, to Ft. Miley and the exposition grounds. Near the Seal Rocks an exhibition of the saving drill was held for the entertainment of the visitors by the boat crews from the Golden Gate station.

At 5 o'clock a mammoth initiation ceremony was held by Islam Temple of the Mystic Shrine in Dreamland and Pavilion and the ceremonies lasted into the wee hours.

Tomorrow the spectacular feature of the conclave will be a dress parade on Market street and Van Ness avenue.

EAGER TO RECRUIT.
Marine Corps Sergeant at San Diego Has to Work Day and Night on Enlistment.

[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
SAN DIEGO, April 22.—Applications to enter the navy have been so numerous that Sgt. H. A. Martin of the Marine Corps recruiting station has had to work day and night. One little fellow, 12 years old, applied to "sail, eager to go to Mexico 'to fight'."

The navy recruiting station Chief Yeoman G. P. Pitkin reported fifteen enlistments today. All are young people leaving for active service.

PLAN TO ORGANIZE A VOLUNTEER CORPS AT EL CENTRO FALLS FIVE DAYS OFF.

[BY A. P. NIGHT WIRE.]
EL CENTRO (Cal.) April 22.—The plan to organize a volunteer corps of 200 riflemen fell flat today. County officials disapproved of the idea. Capt. Pollock, commanding D company of the First Cavalry, which is now guarding the border at Calexico, disapproved of it, and the net result of the plan was the appearance of thirty-nine men, one rifle and one roll of blankets. Under Sheriff Anderson was present, prepared to disarm the men if there were any display of weapons. J. J. Carr, a County Supervisor, and other officials declared a volunteer corps was not needed and that those who assembled today should be disbanded. The belief was expressed that those who volunteered were men who merely wanted to obtain rifles to sell.

MARE ISLAND MARINES.
Another Company Will Probably Be Sent for Expeditionary Duty at San Diego.

[BY A. P. NIGHT WIRE.]
VALLEJO (Cal.) April 22.—It is probable that another company of marines will be formed from those now stationed at Mare Island to be sent south for expeditionary duty at San Diego. The 100 marines due to arrive here on the next transport from Manila will be used to fill vacancies here.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The City Council decided yesterday to give property owners within the assessment district for the opening of San Pedro street from Aliso street to the Plaza until May 6 to pay to the city for expenses already incurred. If the amount is paid by that date, the proceedings will be abandoned.

The Public Utilities Board yesterday fixed electric light and power rates for the next fiscal year at nearly 10 per cent. less than present rates.

Salt Lake officials yesterday apologized to the Board of Public Utilities for the Carliotta-avenue track laying after orders had been issued to stop. The roadmaster ignored orders, says the general manager.

The Board of Public Works discharged Horace N. Taylor from the City Engineer's department yesterday on the grounds of insubordination.

John Mikkelsen, son of a wealthy family in Denmark, was committed to a hospital for the insane, while his wife, whom he forced to live on a diet of strawberries, is expected to die as the outcome of keeping a compact to care for the man and not have him placed in a hospital, in exchange for his income.

Because of ten words uttered in feisty in court yesterday in the presence of a class for naturalization, Jim Craig, former Democratic police commissioner, was taken into custody and lectured for contempt.

Judge McCormick, in admitting to citizenship representatives of eight countries yesterday, told them they may be called at any time to defend the flag, pointing his talk with a reference to fighting at Vera Cruz.

At the City Hall.

DROP PROJECT; MUST PAY COST.

ENORMOUS ASSESSMENTS STOP EXTENSION PLAN.

Property Owners Within District for Opening San Pedro Street from Aliso to Plaza Must Put Up Eighteen Hundred Dollars and Scheme Will Be Dropped.

Representatives of various property owners within the assessment district for the opening of San Pedro street from Aliso street to the Plaza appeared before the City Council yesterday to protest against the enormous assessments that would be laid against these properties in order to carry through the plan proposed. They declared the cost altogether out of proportion to the benefits that would be derived and that in some instances the assessments would actually confiscate the property.

E. A. de Camp showed that within five years property of his clients within this district has been subject to assessments that totaled \$13,887.78, and other instances were cited where the assessments were simply staggering.

The Council adopted the report of the Public Works Committee recommending that the proceedings be abandoned provided the property owners within the assessment district reimburse the city for the expenses already incurred on the project.

The total expenses have reached \$2654. The property owners' proposals will be \$1180, and the Council gives them until May 6 to make the payment. Meanwhile the confirmation of the assessment district is held in abeyance.

The total cost of the proposed opening was estimated at \$102,108.

FOR ELECTRIC CURRENT.

The Board of Public Utilities yesterday formally adopted the resolution fixing the rates for electric energy for the next fiscal year. These rates are a reduction of nearly 10 per cent. over those now in force and will effect saving to the light and power consumers of more than \$250,000 per year over the present rates. The smallest consumer of light will receive, under the new schedule, the same percentage reduction as the largest business establishment. The present minimum charge is 55 cents for the first eleven kilowatt hours in any one month. The new schedule provides for more than twelve kilowatt hours in any one month as follows:

Lighting rates: For the first 100 kilowatt hours, 5.5 cents per kilowatt hour; next 150 at 4.5 cents per kilowatt hour; next 250 at 4.5 cents per kilowatt hour; next 500 at 4.1 cents per kilowatt hour; next 1000 at 2.4 cents per kilowatt hour; over 2000 at 2.1 cents per kilowatt hour.

The power rates: For the first 100 kilowatt hours consumed in any one month, 4.5 cents per kilowatt hour; next 200 at 3.4 cents per kilowatt hour; next 500 at 2.7 cents per kilowatt hour; next 1000 at 2.3 cents per kilowatt hour; over 2000 at 1.6 cents per kilowatt hour.

With the exception of a small portion of the lighting rates these general rates are lower than are now given by the Pasadena municipal electric lighting plant.

MUST SHOW FRANCHISE.

OR CANNOT RELAY TRACKS.

President Wright of the Board of Public Utilities said yesterday that the Salt Lake Company will not be allowed to relay its spur track across Carliotta boulevard, where city officials ordered the tracks torn up on Tuesday, unless the railroad company can produce a franchise showing it has authority to use the street. Wright says his department has been unable to find that the railroad has any such franchise.

H. C. Nutt, general manager of the Salt Lake Company, sent to the Board of Public Utilities yesterday a letter, in which he declared that the railroad officials do not admit that Carliotta boulevard is a public street and under the jurisdiction of the board, and that the work in hand was simply relaying a spur track that has existed for several years until the recent storm.

He declares, however, that the company had no intention of disregarding the orders of the board, but that the roadmaster paid no attention to or-

ders to discontinue the work of track-laying, and that this was without excuse.

OFFER SERVICES.

AS RED CROSS NURSES.

An indication of the intense interest taken in the Mexican situation was shown at the City Hall yesterday, when nearly thirty volunteers for service as Red Cross nurses called at the office of Health Commissioner Brown and asked that they be given service. Among them were two men. They were referred to Miss Alma Frisley, secretary of the Red Cross, whose address is No. 100 Congress place, Pasadena.

GAS ORDINANCE.

BEFORE CITY COUNCIL.

The City Attorney today will present to the City Council the ordinance that is to put into effect the 40-cent rate for natural gas decided upon by the Council Tuesday. Thirty days after the first publication of the ordinance the rate will become effective. Should the gas companies decide to contest the rate, the City Attorney Stephens will ask the Council to provide expert witnesses to sustain the rate made. He has pointed out to the Council that it could scarcely be expected to go into court with the experts of the Board of Public Utilities and win the case of a 40-cent rate when it is upon the advice of these experts that the board fixed a 32-cent rate.

TAYLOR "FIRED."

INSUBORDINATION CHARGED.

Horace N. Taylor, formerly chief deputy in the City Engineer's office, and for several years an employee of that department, was dismissed by the Board of Public Works yesterday on the charge of insubordination.

Taylor on Tuesday sent to the board a caustic letter, in which he took exception to its actions in allowing St. Mary's Academy, outside the city, to connect with the city sewers, and charged that A. C. Hanson, chief deputy City Engineer, has disrupted the working forces of the office. The board of Public Works decided it could not let it pass unrebuked. It is probable Taylor will appeal to the Civil Service Commission.

NOTES OF THE CITY HALL.

The Teamsters' Benevolent Association of the street department will meet Saturday evening at Hurbank Hall, and Councilman Robert will make an address.

There is yet \$1,440,448.71 uncollected of the city taxes, and in ten days the full penalties attach. The original charge on the tax rolls was \$1,522,553.01 and \$1,125,915.71 has been collected.

H. S. Wooten, chief deputy City Engineer, yesterday asked the City Council to extend the time of payment for thirty days, but the Council decided this would be a bad precedent. The Council yesterday denied the protests against the proposed improvement of streets in the Hobart boulevard and Harvard boulevard improvement district, also the protest against the paving with asphalt of Hayden street between Avenues 30 and 22.

At the Courthouse.

HER DEVOTION TO COST LIFE.

HUSBAND WHO STARVED WIFE IS COMMITTED TO ASYLUM.

John Mikkelsen, who comes from a wealthy family in Denmark, was committed to Patton by the Lunacy Commission yesterday. Mrs. Mikkelsen, it was testified by neighbors, is at death's door as the result of having been shut up by her husband and fed only on strawberries for several days.

The neighbors brought about Mikkelsen's arrest. They discovered the plight of his wife and believing him mentally unbalanced, they proceeded to have him examined by the commission. His mental condition must have been apparent to Mrs. Mikkelsen long before he shut her up, but, according to the neighbors, she dared not complain because of the understanding with his people that she would take care of him. His delusion took the form that he was a living telephone receiver.

The agreement was put in harsher terms at the examination. Mrs. Mikkelsen, however, asked this, it was for the money that would come to her on condition that she did not send Mikkelsen to an insane asylum. Her devotion is expected to cost her life, for it was said yesterday that she cannot survive more than a day or so at the home, No. 4715 Hammel street.

FRIEND IN NEED.

LABORER SHOWS GRATITUDE.

"Has this poor old woman no friends?"

Judge Jackson, presiding at the hearing of the Lunacy Commission yesterday, asked this question as he was about to commit Jennie Atkins, old and insane, to Patton.

"Yes, sir, she has one," John Dougherty, a laboring man of No. 1436 West Fifty-fifth street, had answered the question. He leaned his toll-worn fingers on the table, and said:

"She took care of me when I was sick; I'm going to stand by her now. I shall do it to the end of my life."

"I like that spirit, Mr. Dougherty," replied the court. And thus it came about that John Dougherty obligated himself to pay \$15 a month for Jennie Atkins until, with good treatment, her reason is restored.

FACIOUS IN COURT.

LECTURED FOR CONTEMPT.

Jim Craig, former Democratic police commissioner, made a remark of ten words in Department Ten of the Superior Court yesterday, and learned to his surprise that he had committed contempt of court. Jim intended to be jovial, but Judge Lupton said it sounded otherwise to him and Presiding Judge McCormick read him a lecture.

The way it came about was this: Lupton asked Craig to vacate a chair which was to be used by a witness.

"Where the—do you want me to go now?" replied Craig.

Lupton drew the attention of the court to the remark and said:

"That is all right, but you are not to use that language in court. You are to be lectured for contempt of court."

Lupton asked Craig to vacate a chair which was to be used by a witness.

"Where the—do you want me to go now?" replied Craig.

court to the remark and was ordered to take Craig into custody.

"I am surprised that a man of your standing and ability should be so against the orderly conduct of the court," said Judge McCormick. The judge was particularly objecting to because a large class of applicants for naturalization was present and good example meant everything to them.

Craig said he intended no offense and apologized, whereupon the contempt case was dismissed. He was a witness for Eliechman, who was seeking naturalization.

WIVES JOIN FORCES.

BIGAMIST LOSES ONE.

Mrs. Amelia M. Colby, who discovered that she was playing second fiddle for Ralph L. Colby, stated during her suit for annulment yesterday that she had asked him if he was married.

"Why did you ask him that?" inquired Judge Monroe.

"Because you can't trust the men of Los Angeles," she retorted. "They say they are single and it turns out they are married."

Mrs. Colby's experience was unfortunate. She started her suit for annulment yesterday that she had asked him if he was married.

Wife No. 1 was present at the trial of wife No. 2's suit. It appeared that Colby was living with her El Paso, Cal., sister, Mrs. John C. Dyars, and married Amelia. Two weeks after his arrival No. 1 reached this city, and it developed that she was dividing his time between his wives.

His undoing came when he was arrested for passing fictitious checks. He then admitted the bigamy, and the existence of the other wife. Their two wives drew them together, and No. 1's evidence helped No. 2 to win her decree.

ACCUSES DEAD.

NAME USED IN LAND CASE.

The suit of Ada Schultz and her husband, R. R. Schultz, against John C. Dyars, to rescind a trade of 180 acres in Canada for 100 feet in Hollywood, on the ground of misrepresentation, was supported yesterday by Judge Dyars, who alleged to connect a deceased person with alleged guilty knowledge.

When the trade was made, Dyars directed that the title to the Hollywood land be turned over to a Mrs. Clara Schultz, who was the daughter of the deceased person.

After suit had been brought by her against Dyars covering this land, the court finding judgment in her favor. Attorney Dyars is now representing Dyars, who says that the trade was made in good faith.

PATRIOTIC LESSON.

INSTRUCTS NEW CITIZENS.

The seizure of Vera Cruz by the United States marines offered a point to illustrate the possibility of naturalization to the new citizens.

At the City Hall yesterday, Judge McCormick, in admitting to citizenship representatives of eight countries, three Swedes, three Austrians, two Russians and one Turk, who were admitted to citizenship yesterday, Judge McCormick hoped they fully realized the responsibilities devolving upon them as citizens of the United States.

"When the nation is on the verge of a conflict with a foreign power, you may be called at any time to defend the flag," he said. "If such service be necessary, I hope I believe you will not fail in your duty."

CITY WINS POINT.

OWENS VALLEY TROUBLE.

H. A. Alt, who is suing the city, alleging that certain officials entered into an agreement by which they were going to give water rights to the people of Owens Valley, was brought to court yesterday by the city.

Assistant City Attorney Burnell contended that the complaint did not state a cause of action. Further, that if such an action had been entered into, it would be absolutely void, as the city had no right to make such an agreement.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

RESPIRE FROM PRISON. Dr. C. P. V. Watson, who is serving a three-year sentence at San Quentin for a crime committed in 1910, was brought to this city as defendant in an action to recover attorney's fees. He appeared in Judge Wood's court yesterday supported by a friend. He is past the three score and ten mark.

The plaintiff is B. H. Johnson, assignee of Attorney McDonald, who asks judgment for \$500.

DEFENDANTS WIN.

O. M. Justice.

assignee of the Pittsburgh-Hickson Company, who is suing the Western Fish Company, as lessee of premises on Sixth street, for \$4500 damages, when the premises were flooded from a sewer and beds stored there injured. The defendants set off that they were not responsible for the damage, which view was held by Judge Smith, who gave judgment in their favor yesterday.

LAW POINT CLOSE. The Merchants' and Insurers' Reporting Company is seeking to recover from Joshua E. Youtz and J. C. Belton, directors, \$24,000 which they have paid out in eight quarterly dividends. It is set up that the dividends were not made from the surplus profits of the business, but that they were paid out of the proceeds from the sale of the capital stock. A close question of law seems to be involved, which is being fought out before Judge Smith.

ACTRESS'S DAMAGE SUIT. For injuries sustained by a sustained member of the Gaiety Theater Company while playing at the Morosco Theater, Mary M. Rockwell filed suit yesterday against William Garland, owner of the building, and the Oliver Morosco Company, lessee, asking \$12,543.26 damages. She asserts that she fell from the balcony leading to her dressing-room, wrenching her back and spraining her shoulder, arm and ankle.

SUIT OVER STRIP. A triangular strip six inches wide and seven feet long formed the basis of a suit tried yesterday in Judge Smith's court. The triangular strip grew out of the widening of San Pedro street from Ninth to Aliso streets.

REARRESTED. Mrs. Mary E. Davis, whose husband charges her with kidnapping their children, Julius and Teresa, from his home at Brookhaven, Miss., scored a temporary triumph in Judge Taft's court yesterday when a writ of habeas corpus was granted and the charge of contributing to the dependency of the boy and girl was dismissed. The children were turned over to the custody of Mrs. Griffith, pending the final disposition of Mrs. Davis's case.

FIGHT SMUGGLING CHARGE.

Story of Wild Voyages With Contrabands Revealed in Court During Conspiracy Trial.

The story of wild trips of contraband Chinese in the gasoline launches May and Tourist, their landing at Sunset Beach, and their journey in a covered wagon to this city as far as Central avenue, where nine of the party escaped, is being told in the United States District Court before Judge Welborn and a jury.

The defendants on trial are Ansel E. O'Banion, William Kirby and Frank Wertz. A number of others were concerned in the luckless voyage that culminated May 6, 1911. John Kluge and Julius Nyhagen have pleaded guilty and served terms in the County Jail; John Oosterhuis, the notorious smuggler, who has since served one year in the jail of Alameda county for a job pulled off there, has pleaded guilty in the present case and is awaiting sentence; Harry Lloyd, indicted, but not arraigned or tried, who is at liberty on his own recognizance, and Pat Orr, who will be an important witness for the government for the prosecution, it being understood that the case against neither will be pushed.

The Chinese contrabands were picked up at Ensenada, by Oosterhuis and a crew on his home at May. The vessel reached Catalina Island, where the human cargo was transferred to Harry Lloyd's boat, the Tourist, from San Pedro. The men were landed successfully at Sunset Beach, and loaded into a wagon, but the team broke down when it reached Central avenue, and nine of the Chinese escaped. A vigorous denial of any complicity in the alleged conspiracy has been entered by all of the defendants. It is probable that the case will require a week for the trial. An indication of the stubborn resistance of the defendants was given in the case with which the jury was selected.

TEMPER COSTLY.

Husband Who Broke up Card Game That Disturbed His Rest Gets Stiff Fine in Police Court.

Five \$10 bills is the price George T. Coffelt paid yesterday for having broken up a card game at his residence, No. 527 West Fifty-second street. Police Judge Chesbro gave sentence.

Coffelt explained that he was unable to sleep because of the noise made by the card players, and became so wrought up that he lost his temper. And then he got the fine and almost lost his temper again.

An amendment regarding use of water fixtures is recommended, as follows: That all fixtures on any premises, whether used or not, shall be considered as used and charged for as long as the same remain in position; and where more than one family occupy the same premises independently of each other, each such family shall pay the same rates as if occupying a

Exposition of the Famous Limbert's

Arts and Crafts Furniture

After looking the entire country over for the best in furniture we find that Limbert's Holland Dutch Arts and Crafts product offers more real points of merit—more manifest superlatives than any other.

—Quality, artistic merit, service—these are the cardinal points to consider in furniture buying, for price does not necessarily establish value—it is, indeed, wholly undependable as evidence of value.

—That Limbert's furniture has price attractiveness is of minor importance—its success is built on service. It is the sort of furniture the refined and discriminating taste would select without reference to price, but solely for its worthiness in material, designing and every detail of construction.

The Furniture of Quality and Service—

Designs for Every Room in the Home

—You can begin refurnishing with Limbert's gradually, buying one piece now, after a while another, and at last have a complete collection, as perfectly adapted in style and finish as though you bought them all at once.

—Look through the Limbert displays on our Third Floor. You will get an excellent idea of the way the piece that pleases you will look in your own home—and also understand why we add the Hamburger guarantee to the guarantee of the makers and acclaim Limbert's Holland Dutch Arts and Crafts pre-eminently the leader among all furniture of this class.

For the Living Room And the Bedroom, and the Dining Room Library and Den

—You'll like the way Limbert's Holland Dutch Arts and Crafts furniture harmonizes with rugs and artistic wall treatment—seems to radiate wholesome suggestions of genuineness and good cheer.

—Attractive, substantial, and, withal, supremely comfortable—it is the ideal furniture for the most "lived-in" room in the home.

—And for the dining room it's equally ideal—dignified and stately in appearance, yet unmarred by any hint of stiffness that might induce an atmosphere of constraint.
